Sexing The Cherry Jeanette Winterson:

Jeanette Winterson: Sexing the Cherry Gaál Gabriella,1998 Jeanette Winterson Susana Onega Jaén,2006-09-05
This is the first full length study of Jeanette Winterson s complete oeuvre offering detailed analysis of her nine novels as well as addressing her non fiction and minor fictional work Susana Onega combines the study of formal issues such as narrative structure perspective and point of view with thematic analyses approached from a variety of theoretical perspectives from narratology and feminist theory to Hermetic and Kabalistic symbolism to provide a comprehensive vertical analysis of Winterson s novels *Sexing the Cherry* Jeanette Winterson,2019-04-24 The marvelous and the horrific the mythic and the mundane overlap and intermingle in this wonderfully inventive novel The New York Times Winner of the E M Forster Award In a fantastic world that is and is not seventeenth century England a baby is found floating in the Thames The child Jordan is rescued by Dog Woman and grows up to travel the globe like Gulliver though he finds that the most curious oddities come from his own mind The spiraling tale leads the reader from discussions on the nature of time to Jordan s fascination with journeys concealed within other journeys all with a dizzying speed that jumps from epiphany to shimmering epiphany From the New York Times bestselling author of *Oranges Are Not the Only Fruit* and *Why Be Happy When You Could Be Normal* *Sexing the Cherry* is a mixture of *The Arabian Nights* touched by the philosophical form of Milan Kundera and told with the grace of Italo Calvino San Francisco Chronicle Those who care for fiction that is both idiosyncratic and beautiful will want to read anything Winterson writes The Washington Post Book World **Sexing the Cherry** Jeanette Winterson,2007 Set in 17th century England this is a novel of magical fantasy that celebrates the power of imagination as it juggles the readers perception of history and reality A novel about love and sex lies and truths and 12 dancing princesses who lived happily ever after but not with their husbands *Engendering Realism and Postmodernism* ,2021-11-01 This volume assembles critical essays on and excerpts from works of contemporary women writers in Britain Its focus is the interaction of aesthetic play and ethical commitment in the fictional work of women writers whose interest in testing and transgressing textual boundaries is rooted in a specific awareness of a gendered multicultural reality This position calls for a distinctly critical impetus of their writing involving the interaction of the political and the literary as expressed in innovative combinations of realist and postmodern techniques in works by A S Byatt Maureen Duffy Zoe Fairbairns Eva Figes Penelope Lively Sara Maitland Suniti Namjoshi Ravinder Randhawa Joan Riley Michele Roberts Emma Tennant Fay Weldon Jeanette Winterson All contributions to this volume address aspects of these writers positions and techniques with a clear focus on their interest in transgressing boundaries of genre gender and post colonial identity The special quality of these interpretations first given in the presence of writers at a symposium in Potsdam derives from the creative and prosperous interactions between authors and critics The volume concludes with excerpts from the works of the participating writers which exemplify the range of concrete concerns and technical accomplishments discussed in the essays They are taken from fictional works by Debjani Chatterjee Maureen

Duffy Zoe Fairbairns Eva Figes Sara Maitland and Ravinder Randhawa They also include the creative interactions of Suniti Namjoshi and Gillian Hanscombe in their joint writing and Paul Magrs critical engagement with Sara Maitland

Transgressing Boundaries in Jeanette Winterson's Fiction Sonia Front,2009 The subsequent chapters of the book deal with selected questions from Jeanette Winterson's fiction such as gender issues love and eroticism language and time constituting areas within which Winterson's characters seek their identity As they contest and repudiate cliché's stereotypes and patterns their journey of self discovery is accomplished through transgression The book analyzes how the subversion of phallogocentric narrative and scenarios entails the reenvisioning of relations between the genders and reconceptualization of female desire The author attempts to determine the consequences of Winterson's manipulations with gender sexuality and time and her disruption of the binary system

Shareena Z. Hamzah-Osbourne, 2021-05-06 Putting forward a new theory of fetishism alternative fetishism this book provides an up to date examination of the work of Jeanette Winterson offering fresh perspectives and new insights on the topics of gender sexuality and identity in her writing Combining contemporary theories in psychoanalytical and cultural studies it proposes that a rethinking of fetishism allows Winterson's works to be brought into sharper critical focus by repositioning fetishism as a daily practice in society In so doing it argues that Winterson's work challenges orthodox normative and contemporary views of fetishism to reveal her own alternative version Containing the transcript of an email Q A with Winterson herself and covering the majority of Winterson's oeuvre from her first novel *Oranges Are Not the Only Fruit* 1985 up to the most recent *Frankissstein* 2019 the book is divided into three main chapters that each discuss a particular theme in Winterson's fiction bodily fetishism food fetishism and sexual fetishism While the book's focus is on Winterson the theoretical framework it proposes can be applied to other authors and disciplines in the Arts and Humanities such as theatre and film offering new ways of thinking about topics such as fetishism feminism psychoanalytical theory postmodernism gender and sexuality **Becoming Whole Again - Questions of Identity in Jeanette Winterson's 'Sexing the Cherry'** Laura Walew, 2011-08-16 Studienarbeit aus dem Jahr 2010 im Fachbereich Anglistik Literatur Note 1.0 Christian Albrechts Universit t Kiel Sprache Deutsch Abstract Jeanette Winterson herself does not want to be seen as a postmodernist writer However many of her works show significant features which identify them to be postmodern *Sexing the Cherry*² being one of them The title of the book refers to the art of grafting as utilized in agriculture and horticulture It is mostly applied on fruit trees to produce plants which show a combination of desired characteristics For example a plant which may have roots that are resistant to cold is fused with a plant which grows a special kind of fruit or blossom but would otherwise perish in winter In the process of grafting the bark is sliced open and a twig of another tree is inserted into the cut and fastened in place The original tree provides the twig with nourishment and allows it to grow So the two take advantage of each other and produce a third kind without seed or parent 78 Both trees become one The motif of fusing things together in order to form something that is closer to perfection can be detected throughout the whole novel Authority and Molestation in Jeanette Winterson's Sexing the Cherry Rhonda C. Transformative Management Education Ulrike Landfester, Jörg Metelmann, 2018-12-07 Due to the recent global financial crises academic business schools have come in for much criticism having in the eyes of the public failed in their responsibility to society by teaching future managers only how to increase their personal gain without any consideration as to their actions social and cultural consequences Realising that there is a pressing need to innovate their educational offers accordingly business schools are beginning to turn to the humanities and social sciences to improve on the understanding and thus the teaching of management This book is the result of an empirical study conducted at eight academic business schools that either already practise or are beginning to practise linking management education to the humanities and social sciences Gathered mostly in interviews our research team conducted during site visits to these schools the material presented shows three major fields of concern how to shift the focus from instrumental to transformative learning how to reframe the concept of disciplinary subject matter towards a more relational understanding of knowledge especially in the light of the impact digitalisation is having on education and how to address the organisational as well as the political consequences of management education turning towards the inclusion of the humanities and social sciences strategically The findings indicate that the humanities and social sciences indeed offer knowledge which can significantly help management education with meeting the challenges of the twenty first century Innovating management education by making it part of its program portfolios proves a challenge in and of itself in the face of a university system which still determinedly clings to disciplinary segregation Reforming management education towards an engagement with fields of knowledge traditionally at best ignored and at worst vilified as being completely useless in the real world may therefore place academic business schools at the forefront of a movement that is beginning to reshape the educational landscape as a whole This book will be of value to researchers academics and students in the fields of business management studies organisational studies and education studies

Jeanette Winterson and Religion Emily McAvan, 2019-12-26 Since the publication of her first novel *Oranges Are Not the Only Fruit* Jeanette Winterson quickly established herself as a powerful and insightful writer on sexuality and gender However the profound and persistent religious themes of her work have received much less critical attention *Jeanette Winterson and Religion* is the first in depth study of the ways in which Winterson navigates the sacred and the profane in the full range of her writing from her first novel to later works such as *The PowerBook* and *The Stone Gods* This book reads the author's work alongside the theological turn in the thought of such theorists as Alain Badiou John D Caputo and Julia Kristeva as well as feminist and queer theologians such as Catherine Keller and Marcella Althaus Reid In this way Jeanette Winterson and Religion reveals how Jeanette Winterson stakes out a unique and intriguing post secular literary form of the sacred

Identity and Form in Contemporary Literature Ana María Sánchez-Arce, 2013-10-08 This ambitious and wide ranging essay collection analyses how identity and form intersect in twentieth and twenty first century literature It revises and

deconstructs the binary oppositions identity form content form and body mind through discussions of the role of the author in the interpretation of literary texts the ways in which writers bypass or embrace identity politics and the function of identity and the body in form Essays tackle these issues from a number of positions including identity categories such as disability gender race and sexuality as well as questioning these categories themselves Essayists look at both identity as form and form as identity Although identity and form are both staples of current research on contemporary literature they rarely meet in the way this collection allows Authors studied include Beryl Bainbridge Samuel Beckett John Berryman Brigid Brophy Angela Carter J M Coetzee Anne Enright William Faulkner Mark Haddon Ted Hughes Kazuo Ishiguro B S Johnson A L Kennedy Toby Litt Hilary Mantel Andrea Levy Robert Lowell Ian McEwan Flannery O Connor Alice Oswald Sylvia Plath Jeremy Reed Anne Sexton Edith Sitwell Wallace Stevens Jeremy Reed Jeanette Winterson and Virginia Woolf The book engages with key theoretical approaches to twentieth and twenty first century literature of the last twenty years while at the same time advancing new frameworks that enable readers to reconsider the identity and form conundrum In both its choice of texts and diverse approaches it will be of interest to those working on English and American Literatures gender studies queer studies disability studies postcolonial literature and literature and philosophy

Memory and Enlightenment James Ward, 2018-11-11 This book illuminates how the long eighteenth century 1660 1800 persists in our present through screen and performance media writing and visual art Tracing the afterlives of the period from the 1980s to the present it argues that these emerging and changing forms stage the period as a point of origin for the grounding of individual identity in personal memory and as a site of foundational traumas that shape cultural memory
