Simple Project Evaluation Spreadsheet Model World Bank:

Rethinking World Bank Influence D. Brent Edwards Jr., 2023-04-13 Why is it so hard for international development organizations even ones as well resourced and influential as the World Bank to generate and sustain change in the way things are done in those countries where they work Despite what in many cases is decades of investment and effort why do partner governments continue to engage in those traditional patterns and styles of public service management that international development organizations have sought to supplant with methods that are supposedly more accountable efficient and effective This book provides an answer to these questions However rather than pathologizing partner governments as the source of the problem that is rather than maintaining the distinction between doctor international development organizations and patient partner governments wherein the patient is seen as unwilling to take their medicine enacting good governance practices this book instead reframes the relationship The central argument is first that the programs and projects of international organizations are introduced into and are constrained by multiple layers of ritual governance that is performative acts and cultural logics that intersect with and reinforce the political economic and social structures in and through which they operate As is shown the contextual factors that guide governance practices are largely beyond the reach of the international development organizations the relevant logics have their roots in state ideology but also extend back to the colonial logics that continue to operate at the heart of the state apparatus The second the central argument is that international aid organizations and the governments with which they work are engaged in a ritual aid dance where each actor plays a part but does not and cannot acknowledge the ways that it depends on the other for its own gain This relationship can be considered a dance because each participant responds to and needs the other and because both sides do so in ways that are carefully choreographed with the overall trajectory or contours of the dance being more or less known to the participants These arguments are based on research on the World Bank's efforts over the course of several decades to encourage through its financing projects and technical assistance the implementation of social sector reform in Indonesia related to decentralization community participation and school based management

The World Bank and the post-Washington Consensus in Vietnam and Indonesia Susan Engel, 2012-08-21 This book explores the history structure and current operations of the World Bank which despite being the largest development organisation and the largest development research body in the world with tremendous direct and indirect influence on developing economies has rarely received the critical attention its importance merits The book's unique contribution is twofold it provides an original analysis of the interaction between economic theory political practice and the Bank's development praxis as well as two detailed grounded studies of the Bank's lending practices The book starts with a detailed examination of the development theory and practice of the World Bank from its Keynesian origins to the current shift through the Washington Consensus to the so called post Washington Consensus The second part is a detailed analysis of the Bank's lending practices in two countries Vietnam

and Indonesia The case studies extensively utilise World Bank sources analysing the Project Appraisal Documents for some 113 loans They also draw on the secondary literature and on interviews with World Bank staff government officials academics and NGOs in both countries The case studies enable the development of empirically based conclusions regarding the impact of Bank policies on the economic and social development of two important Southeast Asian nations making possible an assessment of the extent to which the rhetoric of the post Washington Consensus has been incorporated into the Bank's lending practices This book will be of interest to both advanced undergraduate and graduate students as well as specialist audiences in the fields of international political economy development international organizations and Southeast Asian Studies

Human Rights, Export Credits and Development Cooperation Barbara Linder, 2019-12-27 This book analyses to what extent the current human rights system allows affected individuals to claim accountability for human rights violations resulting from bilateral development and export credit agency supported undertakings The author explores three legal pathways host state responsibility home state responsibility and corporate responsibility The book concludes with recommendations on how to strengthen human rights accountability and improve access to justice for adversely affected individuals It will be of great interest to those researching the intersection between human rights development cooperation and investment

River Sedimentation Silke Wieprecht, Stefan Haun, Karolin Weber, Markus Noack, Kristina Terheiden, 2016-11-30 Sediment dynamics in fluvial systems is of great ecological economic and human health related significance worldwide Appropriate management strategies are therefore needed to limit maintenance costs as well as minimize potential hazards to the aquatic and adjacent environments Human intervention ranging from nutrient pollutant release to physical modifications has a large impact on sediment quantity and quality and thus on river morphology as well as on ecological functioning Truly understanding sediment dynamics requires as a consequence a multidisciplinary approach River Sedimentation contains the peer reviewed scientific contributions presented at the 13th International Symposium on River Sedimentation ISRS 2016 Stuttgart Germany 19-22 September 2016 and includes recent accomplishments in theoretical developments numerical modelling experimental laboratory work field investigations and monitoring as well as management methodologies

Cost-benefit Analysis and Project Appraisal in Developing Countries Colin H. Kirkpatrick, John Weiss, 1996-01-01 The techniques and methods of project appraisal in developing countries have been considerably expanded and refined since they were first introduced in the late 1960s This up to date and authoritative survey volume demonstrates the ways in which cost benefit analysis has developed in response to changes in economic circumstances and conditions over the past three decades An international group of academic and professional economists covers areas including problems in the practical application of cost benefit techniques by international agencies the treatment of income distribution discounting the effects method the logical framework as a complement to project appraisal aid tying risk criteria in decision making benefit valuation in the water sector the appraisal

of technical assistance projects privatization in transition economies and shadow pricing in transition economies Professor Kirkpatrick and Professor Weiss have prepared an insightful overview essay introducing the broad selection of work presented in this volume Soil and Soil Fertility Management Research in Sub-Saharan Africa Henk Mutsaers, Danny Coyne, Stefan Hauser, Jeroen Huising, Alpha Kamara, Generose Nziguheba, Pieter Pypers, Godfrey Taulya, Piet van Asten, Bernard Vanlauwe, 2017-03-27 Judicious soil fertility management is crucial for sustainable crop production and food security in sub Saharan Africa SSA This book describes the various concepts and approaches underlying soil and soil fertility management research in SSA over the last fifty years It provides examples of important innovations generated and assesses the position of research within the research to development continuum including how innovations have been validated with the intended beneficiaries Using the experience of the International Institute of Tropical Agriculture IITA as a case study the authors analyse how processes partnerships and other factors have affected research priorities the delivery of outputs and their uptake by farming communities in SSA They evaluate both successes and failures of past investments in soil fertility research and important lessons learnt which provide crucial information for national and international scientists currently engaged in this research area The book is organised in a number of chapters each covering a chronological period characterised by its primary research content and approaches and by the dominant research paradigms and delivery models

The World Bank Group's Partnership with the Global Environment Facility The World Bank, 2015-11-18 The World Bank Group was a principal founding partner of the Global Environment Facility GEF in its pilot phase in 1991 and of the restructured GEF in 1994 The Bank plays three different roles in the GEF a as trustee of the GEF and related trust funds b as implementing agency including the implementation of private sector GEF projects by the International Finance Corporation IFC and c as the host organization of the functionally independent GEF secretariat Focusing primarily on the role of the Bank as an implementing agency this review documents how the partnership that the GEF and the World Bank Group established in the early 1990s has evolved over time offers explanations for observed changes and draws a number of lessons The review addresses the following issues The mutual relevance of the World Bank Group and the GEF Inter organizational coordination along the World Bank Group GEF project cycle The introduction of the GEF s resource allocation systems in 2006 and 2010 The evolution and effectiveness of the Bank Group s GEF portfolio Catalytic approaches in the Bank Group GEF partnership co financing blending and mainstreaming The World Bank s corporate activities as a GEF implementing agency The principal purposes of this review are a to help improve the relevance and effectiveness of the Bank Group s partnership with the GEF and b to draw lessons for the Bank Group s partnership with the GEF and other large global partnership programs **The World Bank Research Program, 1997** World Bank Staff, 1997 **Transportation Research Record** , 1999

Working Paper ,2005 *Cost-Effectiveness in the Nonprofit Sector* Gerald L. Schmaedick,1993-03-30 This work not only makes the case that responsible nonprofit managers must routinely utilize cost effectiveness analysis but also gives many outstanding examples of how it can be done The examples are drawn from prestigious nonprofit organizations as varied as the National Gallery of Art Girls Inc and the Nature Conservancy Drawing on TechnoServe's search for a practical methodology to measure the cost effectiveness of its own work editor Schmaedick provides a unique synthesis of the principles of cost effectiveness analysis in the opening chapter The guidelines he provides are almost universally applicable and make cost effective management an attainable goal for all nonprofits Rather than subject the reader to arcane explanations of intricate mathematical formulae Schmaedick provides hard nosed practical directions for nonprofit managers Those seriously interested in upgrading the management systems of their organizations to produce more results at lower costs will find this a challenging but not intimidating prescription **Technical Assistance (financed by the Japan Special Fund) to the Lao People's Democratic Republic for Preparing the Basic Education Development Project** Y.
