This book is an excellent resource for academics and professionals looking to understand the strategic role of brands and their origin in international market entry, helping readers make informed decisions on market entry strategies and branding that will ultimately improve their performance and success in global markets.

Handbook of Research on Consumerism and Buying Behavior in Developing Nations Gbadamosi, Ayantunji, 2016-05-31 Having a grasp on what appeals to consumers and how consumers are making purchasing decisions is essential to the success of any organization that thrives by offering a product or service. Despite the importance of consumer knowledge and understanding, research-based insight into the buying patterns and consumption habits of individuals in emerging nations remains limited. The Handbook of Research on Consumerism and Buying Behavior in Developing Nations takes a critical look at the often overlooked opportunities available for driving consumer demand and interest in developing countries. Emphasizing the power of the consumer market in emerging economies and their overall role in the global market system, this edited volume features research-based perspectives on consumer perception, behavior, and relationship management across industries. This timely publication is an essential resource for marketing professionals, consumer researchers, international business strategists, scholars, and graduate-level students.

Quantitative Tourism Research in Asia Sajad Rezaei, 2018-12-14 The purpose of this book is twofold. First, this book is an attempt to map the state of quantitative research in Asian tourism and hospitality context and provide a detailed description of the design, implementation, application, and challenges of quantitative methods in tourism in Asia.
