Mind Over Matter Susan Truett Trammell,2019-11-18 For centuries science and religion often have been viewed as in direct conflict Now recent discoveries in the field of quantum physics are dissolving those perceived differences and revealing the similarities between indeed the intersection of these two disciplines Mind over Matter dispels the outdated belief that the nature of reality is not that conceived by so many for so long

from early Greek philosophers to Newtonian physics and even some twentieth century science Quantum science's most recent discoveries about the non material aspects of energy have now overtaken such outmoded thinking and the belief that our universe is material in nature As consciousness becomes the focus for so many we are being guided to a radical and evolutionary understanding of what God and similar creative concepts may mean Our understanding of what and why we are and the role consciousness plays in both science and spirituality is challenging us all to question old beliefs and practices that are no longer relevant Spiritual metaphysician Susan Trammell invites her readers to engage in a new kind of conversation about what it truly means to be spiritual beings experiencing humanity New revelations await anyone eager to positively influence the tipping point at which we find ourselves and our planet Discover the means by which you individually and our collective human race can determine the future of generations to come Written for non scientifically educated individuals Mind over Matter offers everyone a path forward through a fusion of scientific discoveries and spiritual relevance In this age of chaos and confusion may we intentionally engage in opening our minds to be all that we've come to be [http www susantrammell com](http://www.susantrammell.com) *Within Each of Us* Karen DeKleva,2024-01-03 Many of us long to release ourselves from conditioned fears and unhealthy stress to live a life of well being and joy Thankfully our innermost selves the spiritual us is gifted with innate power to activate our miracle path Karen DeKleva leans on her extensive experience as a psychologist and intuitive who gained spiritual insight following a near death experience to guide happiness seekers to witness and tap into the loving superpower of the divine core self to co create with God a desired life and spiritual presence in the world Through self help techniques and innovative therapeutic tools and restorative spiritual practices DeKleva leads others through an enlightening self awareness process to recognize and break free of the socially conditioned self become open to guidance from the authentic self and align the core and human selves Included are personal stories of others miracle filled spiritual journeys that illustrate key principles and offer encouragement to stay the course Within Each of Us holds the answers for how to spiritually connect with self and others discover personal meaning witness the good in the bad reduce stress and build a joyful life
