Dutch Accelerator Language Learning, 2020-11-22 My Story This summer I started learning Dutch. I bought myself a flashcards starter, a picture dictionary and a beginner's book. I have to admit that after two weeks of using them, I gave them away for free to my friends and I let them suffer from that poor selection of language education. What was the reason for my decision? Well, I was starting from scratch. I knew nothing about the Dutch language. Products I bought despite being for beginners were teaching me complete nonsense. Across many flashcards, I immediately have thrown away there were words like 'hooked nose' or 'city council'. What is the use for them for such a beginner like me? I couldn't say a sentence, but I was able to name all the body parts and seasons. What's the point? I decided to change that, so I have created a list of words I need to memorize to be able to read and understand at least half of the text in my video game magazine. I only needed 50 most frequent words and some knowledge of English to figure out what's going on in the text. By learning the right vocabulary, I only needed 50 words to understand half of the text instead of two sets of flashcards. 500
