transform your performance at work and get the most from your team Effective leadership has the power to transform organizations movements and lives Leaders who are able to transform the lives of people have been revered loved praised and respected They have brought a positive change in this world They have made this world a better place to live in Effective leaders inspire the masses and enable them to do jobs which they never thought themselves to be capable of accomplishing They transform their lives and make them better Effective leadership ensures that the followers or team members are able to improve their lives and skills to greater levels Leaders do all this by the power of inspiration and influence They do not use force or power of their position to have their way They use the power of personal influence to get things done Leaders are the enablers They are the ones that inspire and motivate people People say that some are born leaders It is true to some extent that some people have a natural talent to lead However true leadership is a learned art It isn't something that you simply know by yourself True leadership comes to you through education training and experience Being a leader may look like a rosy position but it is a tough job A leader is the one who has to make a lot of sacrifices A leader has to assume the responsibility for the mistakes of others in command He She will have to give away the credit of the success to the people he she has commanded If you look at it closely it looks like a pretty bad bargain There is no doubt in the fact that the position of a leader has a lot of authority However ineffective leadership is a thankless job You can end up being an eyesore The people who are supposed to follow you can be mocking you behind your back You can be the target of the scorn of all the people you command People may praise you in your presence but may make you a punching bag of the jokes Sadly this is the case with many of the bosses around the world The problem is that people assume the leadership roles without any training or education They are not even suited for the position of being managers or administrators and they all of a sudden get the responsibility of leading others and this where the hell breaks loose From micromanaging the subordinates team members and coworkers to poking nose in everything for asserting authority failed bosses try everything but to no avail The work environments of such bosses remain miserable unproductive and soulless You can prevent this by becoming an effective leader An effective leader will infuse life into the team and will make it more lively and enjoyable An effective leader has the ability to make projects turn around and bring charm This book is a leadership guide that will help you in transforming your performance at work as an effective leader It will give you a 10 step transformation mantra that will help you in making things work The simple ideas given in the book will help you in bringing positive changes to your attitude and will also ensure that you are able to deliver results in a time bound manner There are plenty of books on this subject on the market so thanks again for choosing this one Every effort was made to ensure it is full of as much useful information as possible Please enjoy
