Waste Management and the Environment V Viktor Popov, H. Itoh, U. Mander, C. A. Brebbia, 2010 The International Conference on Waste Management and the Environment is organised every two years by the Wessex Institute of Technology in collaboration with other institutions This fifth conference follows the success of previous meetings held in C diz 2002 Rhodes 2004 Malta 2006 and Granada 2008 Waste Management is becoming one of the key problems of the modern world an international issue that is intensified by the volume and complexity of domestic and industrial waste discarded by society Unfortunately many of the practices adopted in the past were aimed at short term solutions without sufficient regard or knowledge for long term implications on health the environment or sustainability and this in many cases is leading to the need to take difficult and expensive remedial action With our growing awareness of the detrimental environmental effects of current waste disposal there is a significant onus of accountability for effective waste management Better practice and safer solutions are required Not only is there a need for more research on current disposal methods such as landfill incineration chemical and effluent treatment but also on recycling waste minimisation clean technologies waste monitoring public and corporate awareness and general education **Study SA**, 2006 **Sustainability Today** C. A. Brebbia, 2012 this book contains additional research papers submitted for a meeting on sustainable development and planning organized in 2011 by the Wessex Institute of Technology WIT WIT has a long and very successful record of organizing conferences on the topic of sustainability which requires an interdisciplinary approach Any sustainable solutions that are derived solely from the perspective of a single discipline may have unintended damaging consequences that create new problems Thus effective sustainable solutions require the collaboration of scientists and engineers from various disciplines as well as planners architects environmentalists policy makers and economists These experts must not only communicate with each other effectively but also understand the social aspects of the problem at hand The contents of the book reflect that interdisciplinary approach The topics covered by the papers in the book include City Planning Regional Planning Social and Political Issues Sustainability in the Built Environment Rural Development Cultural Heritage Transportation Ecosystems Analysis Protection and Remediation Environmental Management Environmental Impact Assessment Indicators of Sustainability Sustainable Solutions in Developing Countries Sustainable Tourism Waste Management Flood Risk Management Resources Management Industrial Developments **The Europa World of Learning**, 2005 **Impacts of the Media on African Socio-Economic Development** Nelson, Okorie, Ojebuyi, Babatunde Raphael, Salawu, Abiodun, 2016-11-23 Technology and media are now integrated in various facets of society including social and economic development This has allowed for new and innovative methods for aiding in development initiatives Impacts of the Media on African Socio Economic Development is an essential research publication for the latest scholarly information on societal and economical dimensions of development and the application of media to advance progress Featuring extensive coverage on
