Magic Bullets, Lost Horizons Sebastian G. B. Amyes, 2001-09-13 From the day that Paul Ehrlich hailed his newly discovered treatment for syphilis as the magic bullet antibiotics have transformed medical practice They are considered one of the miracle drugs of the 20th century However the massive and increasing misuse of these agents is More causing a problem of resistance that may prove to be one of the greatest threats to health in

the 21st century Magic Bullets Lost Horizons aims to put some of the media sensationalism into perspective It examines not only the development of modern antibiotics but also the obstacles faced during application of the drugs and their expected efficacy in the future **Super Rogue** Liu MangErDai,2020-06-17 I am a hoodlum but I am a hoodlum with good taste I am a hoodlum who does not lose his righteousness dashing forward in black and white killing evil people to pick up beauties what is righteousness I am righteousness **Fortuna** Nigel Pennick,2024-01-16 Traces the history of good fortune traditions from sacred divination to modern gambling Reveals how dice were originally considered sacred objects of divination and details the techniques and meanings of a dice oracle Looks at medieval grimoires for fortune telling and other divination traditions including those using cowrie shells bones coins cards sticks and stones Examines how dice became a means of gaming and gambling and how gambling gave rise to specialized lucky charms Some believe that our future is predetermined while others assert that we have free will and our future can take many different courses depending on our actions In ancient times it was believed that the will of the gods determined people s lives and divination or sacrifices to the gods could change or improve one s future Of the deities devoted to luck and the future the Roman goddess Fortuna is most famous having two shrines in Italy where divination was conducted under her guardianship Tracing the history of the culture of good fortune from sacred divination to profane gambling Nigel Pennick explores the many ways people through the centuries have sought to divine the future ensure protection and draw the full benefits from days of good omen He shows how dice were originally considered sacred objects of divination and reveals the divinatory geomancy techniques and meanings of a dice oracle Exploring how dice became a means of gaming and gambling Pennick details the forms of trickery and crooked dice used in games of craps by cheating gamblers and the Dream Books that served as oracles for those who played the policy game In addition to dice he looks at how cowrie shells bones coins cards sticks and stones were used to form meaningful patterns for interpretation and how these cultural divination practices were often accompanied by texts or oral traditions that explained the meanings of the patterns Revealing how divination and gambling are two sides of the same coin Pennick shows how whether you are a gambler relying on Lady Luck or a diviner querying the gods we re all looking to Fortuna in the quest for a better richer life **Entertainment Media and Communication** Nicholas David Bowman,2024-10-21 Although not considered a formal area of study scholarship on the uses content and effects of entertaining media has been central to communication studies and related fields for more than a century The serious study of entertainment seems paradoxical as we presume entertainment to be the lighter side of our daily lives Yet as revealed in this volume entertainment media serve as cultural artifacts that shape our understandings of various peoples and publics in ways that invite deeper immersive and increasingly interactive engagement On this backdrop Entertainment Media and Communication serves as a reference guide for canonical and foundational research into media entertainment and a collection of emerging and updated theories and models core to the study of media entertainment in the 21st century Across

more than forty chapters and with a diverse and inclusive list of authors this volume provides a broad yet nuanced view into entertainment media and communication scholarship The contributors explore its foundations define and extend key concepts and theories through myriad lenses discuss unique considerations of digital media and divine future paths for scholarly inquiry The Words and Music of Tom Waits Corinne Kessel, 2008-11-30 Tom Waits's distinctive bourbon soaked growl his unique persona and his incorporation of musical styles from blues to experimental to vaudeville have secured for him a top shelf cult following and an extraordinary critical respect The idea of the Wanderer someone who seeks an escape from all of life's problems and dreams himself into oblivion serves as the fundamental personality type around which all Waits's music revolves Ten years of producing and touring with Waits's macabre folktale adaptation across Canada and the U S has given author Corinne Kessel direct access to his work creative process and his associates In this comprehensive analysis Kessel examines all of the many characters that have appeared throughout the course of Waits's musical career from Closing Time 1973 to Orphans Brawlers Bawlers and Bastards His raw form of expression and his evocative lyrics work together to form an emotional chronicle of society's misfits outcasts and lowlifes He is not the sort of composer to chase after shiny red fire trucks to awesome blazing fires but instead looks after the intangible dreams found dissipating in the last wisp of smoke from a cigarette held in the weathered hands of a broken soul Here author Corinne Kessel pursues Waits into this distinctly murky and unsettled atmosphere to address in particular Waits's enduring questions of reality landscape and identity

The ^ATransportation Experience William L. Garrison, David M. Levinson, 2014-02-07 Examines the genesis of transportation policy in the US and UK in relation to how transportation systems are deployed and become mature

Anxious Eaters Janet Chrzan, Kima Cargill, 2022-08-30 What makes fad diets so appealing to so many people How did there get to be so many different ones often with eerily similar prescriptions Why do people cycle on and off diets perpetually searching for that one simple trick that will solve everything And how did these fads become so central to conversations about food and nutrition Anxious Eaters shows that fad diets are popular because they fulfill crucial social and psychological needs which is also why they tend to fail Janet Chrzan and Kima Cargill bring together anthropology psychology and nutrition to explore what these programs promise yet rarely fulfill for dieters They demonstrate how fad diets help people cope with widespread anxieties and offer tantalizing glimpses of attainable self transformation Chrzan and Cargill emphasize the social contexts of diets arguing that beliefs about nutrition are deeply rooted in pervasive cultural narratives Although people choose to adopt new eating habits for individual reasons broader forces shape why fad diets seem to make sense Considering dietary beliefs and practices in terms of culture nutrition and individual psychological needs Anxious Eaters refrains from moralizing or promoting a right way to eat Instead it offers new ways of understanding the popularity of a wide range of eating trends including the Atkins Diet and other low or no carb diets beliefs that ingredients like wheat products and sugars are toxic allergenic or addictive food avoidance and Clean Eating practices and paleo or primal diets Anxious Eaters sheds

new light on why people adopt such diets and why these diets remain so attractive even though they often fail *JFK* Oliver Stone, Zachary Sklar, 2000-02 Provides the complete script for JFK which details the investigation into President Kennedy's assassination and includes responses and comments about the film and official reports and documentation **Endemic** Kari Nixon, Lorenzo Servitje, 2016-09-01 This book develops a new multimodal theoretical model of contagion for interdisciplinary scholars featuring contributions from influential scholars spanning the fields of medical humanities philosophy political science media studies technoculture literature and bioethics Exploring the nexus of contagion's metaphorical and material aspects this volume contends that contagiousness in its digital metaphorical and biological forms is a pervasively endemic condition in our contemporary moment The chapters explore both endemicity itself and how epidemic discourse has become endemic to processes of social construction Designed to simultaneously prime those new to the discourse of humanistic perspectives of contagion complicate issues of interest to seasoned scholars of science and technology studies and add new topics for debate and inquiry in the field of bioethics Endemic will be of wide interest for researchers and educators
