Recent Women's Writing language English abstract That's the male version Now watch the other this statement encapsulates the underlying theme of Christa Wolf's narrative Kassandra in which she radically inverts the Homeric male version of the Trojan War Inspired by Ingeborg Bachmann Wolf creates a female voice within a male dominated society She rewrites the mythos from the perspective of a female narrator Kassandra a Trojan princess and prophet who upon the fall of the city is waiting for her execution in Mycenae and uses her last hours to deliver her retrospective account of the Greek Trojan conflict Thereby Wolf provides critique of the patriarchal order as well as the power relations dictated by patriarchs and so scratches away the entire male tradition *A Comprehensive Interpretation of the Life and Work of Christa Wolf, 20th Century German Writer* Hajo Drees, 2002 Christa Wolf has been celebrated as one of the most innovative German speaking postwar writers and is the recipient of many international awards and prizes Her fiction has also earned her censorship and international criticism Her prose brilliantly depicts East and West Germany's path to coming to terms with the influence of the Hitler regime This study examines her fiction speeches and essays illustrating how the trinity of identity socialization and artistic creativity evolves and manifests itself in her writing

**Homer's Daughters** Fiona Cox, Elena Theodorakopoulos, 2019-10-03 This collection of essays examines the various ways in which the Homeric epics have been responded to reworked and rewritten by women writers of the twentieth and early twenty first centuries Beginning in 1914 with the First World War it charts this understudied strand of the history of Homeric reception over the subsequent century up to the present day analysing the extraordinary responses both to the Odyssey and to the Iliad by women from around the world The backgrounds of these authors and the genres they employ memoir poetry children's literature rap novels testify not only to the plasticity of Homeric epic but also to the widening social classes to whom Homer appeals and it is unsurprising to see the myriad ways in which women writers across the globe have played their part in the story of Homer's afterlife From surrealism to successive waves of feminism to creative futures Homer's footprint can be seen in a multitude of different literary and political movements and the essays in this volume bring an array of critical approaches to bear on the work of authors ranging from H D and Simone Weil to Christa Wolf Margaret Atwood and Kate Tempest Students and scholars of not only classics but also translation studies comparative literature and women's writing will find much to interest them while the volume's concluding reflections by Emily Wilson on her new translation of the Odyssey are an apt reminder to all of just how open a text can be and of how great a difference can be made by a woman's voice
