Key Account Management Tools And Techniques For Achieving Profitable Key Supplier Status Key Account Management Tools Techniques For Achieving Profitable:

Key Account Management Peter Cheverton, 2015-02-03 An organization's key accounts are its lifeblood. Key account management focuses on the long term investment of resources in customers that can offer an exceptional return on resources. But which are the key accounts? Are they the ones growing the fastest? The ones that are most financially secure? Or are they the ones that shout the loudest? Key Account Management puts forward a straightforward and effective planning methodology. This fully updated 6th edition of Key Account Management takes a long term team selling strategic view of the whole process from defining the customer to managing the relationship and achieving key supplier status. With coverage of latest best practice including IT's role in account management plus new case studies, online supporting resources and a new section comparing how different industries/markets approach key account management, it stands alone as the premier book on managing key customers. Online resources include helpful templates, guides for students and lecturers and self tests to ensure that best practice is being followed.

Key Account Management Peter Cheverton, 2004 With a free CD ROM containing key account selection software and planning tools. Any organization's key accounts are its lifeblood. This highly practical book puts forward a unique yet simple planning methodology for identifying, obtaining, retaining and developing key customers. Completely updated and revised with lots of new material to reflect the latest best practice, this edition will reinforce its standing as the premier book on the subject. This is one of very few books to take the long term team selling strategic view of Key Account Management (KAM). Apart from finding great resonance with business practitioners all over the world, Key Account Management has established itself on many academic reading lists. Translated into five languages, it was also short listed for Business Book of the Year in Sweden 2002. This new edition features lots of new case studies, several new chapters, significant updates on Selecting Key Customers, Key Account plans and the use of IT, a new and updated CD ROM containing the Insight key account selection software and planning tools.

Global Account Management Peter Cheverton, 2008 An essential guide to supporting and servicing global accounts with insight into managing cultural diversity, this text uses more than 100 case studies to help managers develop a realistic and practical approach.
