Kabbalah And Meditation For The Nations:

Kabbalah and Meditation for the Nations Yitshak Ginzburg, 2007 Ours is the first generation in modern times to understand the truly universal human condition and to seek to bring all peoples of the earth together in peace and harmony We are the first generation to truly understand that we are faced with the challenge of either inhabiting our planet harmoniously or not inhabiting it at all Filling our future is the fundamentalism that threatens to pit one religion against another But our different relationships and understandings of G d should not be the reason for conflict but the source of goodwill in building our relationships with one another and our ability to understand others The covenant with the Jewish people was not the first made between the Almighty and mankind Before the revelation at Mt Sinai G d commanded Adam and then made a covenant with Noah giving them the guidelines for the universal religion of mankind The most well known part of this covenant is the seven universal commandments or the Seven Noahide Laws For this reason Judaism and Jews do not proselytize but rather seek to guide the nations of the world in developing their own relationship with the Almighty and implementing these potentially unifying laws of basic human nature This book offers you a glimpse into the tremendous mystical power and meaning of G d s covenant with humanity and the Seven Noahide Laws as explained in Kabbalah It focuses on their spiritual and inner dimensions and inspires a deeper look at our best hope for achieving world peace and a better future for all beings

Kabbalah and Modernity, 2010-09-15 The persistence of kabbalistic groups in the twentieth century has largely been ignored or underestimated by scholars of religion Only recently have scholars began to turn their attention to the many faceted roles that kabbalistic doctrines and schools have played in nineteenth and twentieth century culture Often and necessarily this new interest and openness went along with a contextualization and re valuation of earlier scholarly approaches to kabbalah This volume brings together leading representatives of this ongoing debate in order to break new ground for a better understanding and conceptualization of the role of kabbalah in modern religious intellectual and political discourse

Lectures on Torah and Modern Physics (the Lectures in Kabbalah Series) Rabbi Yitzchak Ginsburgh, 2013-04-28 Modern physics has forever changed the way we view and understand physical reality With a wide spectrum of theories from general relativity to quantum mechanics our conceptions of the very big and the very small are no longer intuitively obvious Many philosophers even scientists have expressed the opinion that the counterintuitive conclusions posited in modern physics are best understood using spiritual terminology In the 11 lectures in this volume Harav Ginsburgh one of our generation s foremost scholars innovators and teachers of Kabbalah reveals how modern physics reflects foundational concepts in the Torah s inner dimension A wide range of topics from relativity special and general quantum mechanics and string theory are addressed Elegantly and gracefully Harav Ginsburgh s exposition of the topics switches back and forth between the scientific and Torah perspectives With his deep insight Harav Ginsburgh gives even well known physical concepts a refreshing and new treatment Apart from carefully drawing parallels and correspondences between the

Torah's inner dimension and modern physics in these lectures Harav Ginsburgh proposes new directions for scientific research into important areas such as a unified field theory CPT symmetry the relationship between acceleration and gravitation and the possibility of uncovering additional dimensions in physical reality demonstrating how the Torah's depth can be used to fertilize science and further our understanding of nature

Anatomy of the Soul Rabbi Yitzchak Ginsburgh, 2008 One of the most important contributions of Chasidut to Judaism has been in the realm of psychology Chasidic teachings interpret and apply the myriad Kabbalistic metaphors to the realm of the human psyche and soul Yet for all the expansive analyses and discussion of the human psyche produced by the Chasidic masters specifically the Rebbes of Chabad Lubavitch there has been a pronounced lack of an ordered and modern review of the psyche In the early years of the 20th century Dr Fischel Schneersohn a colleague of Sigmund Freud and a relative of the then Lubavitcher Rebbe Rabbi Shalom Dov Ber Schneersohn took it upon himself to translate the Chasidic nomenclature and discourse on the psyche into scientific language that would be useful to the modern psychologist Unfortunately for whatever the reasons may be his yearning to share the Torah's wisdom on the psyche was not to be fulfilled Since then the need for introducing these teachings to the public in general and to the professional field of psychologists has only grown This book is an important contribution to the creation of psychology and therapeutic techniques based purely on the Divine wisdom of the Torah and specifically its inner dimensions of Kabbalah and Chassidut By offering a structured review and explanation of the psyche and its place in the larger and more complex super structure of the soul this volume provides a foundational guide for mental and spiritual health practitioners as well as for those wishing to deepen their understanding of Kabbalah and Chassidut

A Sense of the Supernatural - Interpretation of Dreams and Paranormal Experiences Rabbi Yitzchak Ginsburgh, 2008 As we move through life we are constantly being addressed through both our normal and paranormal senses Kabbalah teaches us that we can always benefit from these signals by adopting a dual strategy the innocent path of simplicity together with the focused approach of rational analysis For some years now I have been aware that I have the ability to tap into other worlds and experience various paranormal events Should I try to work to eliminate these experiences from my life and if so how I have a question regarding the removal of a curse on land and turning it into a blessing Can you tell me any procedures or do's and don'ts concerning this Any information will be appreciated I have had several very significant dreams that have so disturbed me No one I know really seems to have any insight into what these dreams may mean I would greatly appreciate any wisdom you might pass on to me In this selection of letters concerning dreams and paranormal experiences you will find detailed answers to these questions and others Studying the replies in this volume will present you with a new fuller and clearer attitude towards perceiving and interpreting the spiritual phenomena that you may experience

promising the world what it yearns for a perfect future a future without war without hunger without strife That such a future awaits us Isaiah says is a promise from G d When it will dawn is up to us In *Awakening the Spark Within* Rabbi Yitzchak Ginsburgh explains how every Jew man woman and child can live up to this awesome responsibility by cultivating in everyday personal life his or her own innate sparks of leadership He shows how seemingly insignificant individual efforts can have world changing consequences and bring the prophetic vision of the future to its ultimate fulfillment Includes glossary footnotes and index

Open Secret Elliot R. Wolfson, 2012 Mena em Mendel Schneerson 1902 1994 was the seventh and seemingly last Rebbe of the Habad Lubavitch dynasty Marked by conflicting tendencies Schneerson was a radical messianic visionary who promoted a conservative political agenda a reclusive contemplative who built a hasidic sect into an international movement and a man dedicated to the exposition of mysteries who nevertheless harbored many secrets Schneerson astutely masked views that might be deemed heterodox by the canons of orthodoxy while engineering a fundamentalist ideology that could subvert traditional gender hierarchy the halakhic distinction between permissible and forbidden and the social anthropological division between Jew and Gentile While most literature on the Rebbe focuses on whether or not he identified with the role of Messiah Elliot R Wolfson a leading scholar of Jewish mysticism and the phenomenology of religious experience concentrates instead on Schneerson's apocalyptic sensibility and his promotion of a mystical consciousness that undermines all discrimination For Schneerson the ploy of secrecy is crucial to the dissemination of the messianic secret To be enlightened messianically is to be delivered from all conceptual limitations even the very notion of becoming emancipated from limitation The ultimate liberation or true and complete redemption fuses the believer into an infinite essence beyond all duality even the duality of being emancipated and not emancipated an emancipation in other words that emancipates one from the bind of emancipation At its deepest level Schneerson's eschatological orientation discerned that a spiritual master if he be true must dispose of the mask of mastery Situating Habad's thought within the evolution of kabbalistic mysticism the history of Western philosophy and Mahayana Buddhism Wolfson articulates Schneerson's rich theology and profound philosophy concentrating on the nature of apophatic embodiment semiotic materiality hypernomian transvaluation nondifferentiated alterity and atemporal temporality
