Scratching Out a Living Angela Stuesse, 2016-01-26 What does globalization look like in the rural South *Scratching Out a Living* takes readers deep into Mississippi's chicken processing communities and workplaces where large numbers of Latin American migrants began arriving in the mid 1990s to labor alongside an established African American workforce in some of the most dangerous and lowest paid jobs in the country Based on six years of collaboration with a local workers center activist anthropologist Angela Stuesse explores how Black white and new Latino residents have experienced and understood these transformations Illuminating connections between the area's long history of racial inequality the poultry industry's growth immigrants contested place in contemporary social relations and workers prospects for political mobilization *Scratching Out a Living* calls for organizing strategies that bring diverse working communities together in mutual construction of a more just future Provided by publisher

Ethnographic Refusals, Unruly Latinidades Alex E. Chavéz, Gina M. Pérez, 2022-04-01 The contributors in *Ethnographic Refusals Unruly Latinidades* highlight the value of radical inclusion in their research and call for a critical self reflexivity that marshals the power of bearing witness to move from rhetoric to praxis in support of these methodologies within anthropological perspectives The essays in this collection do not offer simple solutions to histories of colonialism patriarchy and misogyny through which gender binaries and racial hierarches have been imposed and reproduced but rather provide a crucial opportunity for reflection on and continued reimagination of the contours of *Latinidad* These scholars

deploy Latinx strategically as part of ongoing dialogues understanding that their terminologies are inherently imprecise contested and constantly shifting Each chapter explores how Latinx ethnographers and interlocutors work together in contexts of refusal ever mindful of how power shapes these encounters and the analyses that emerge from them as well as the extraordinary possibilities offered by ethnography and its role in ongoing social transformation *Cultural Expertise* Livia Holden,2025-04-17 This book provides a comprehensive examination of the subject of cultural expertise addressing its theoretical developments ethical debates regulatory frameworks and practices Elaborating the theory and practice of cultural expertise as it crosscuts legal systems and disciplinary boundaries the book offers a thorough understanding of the scope application and impact of cultural expertise in various socio legal contexts The book offers theoretical and practical tools to those with academic or professional interests in cultural expertise detailing its scope application and impact Throughout cultural expertise is positioned as a vital interdisciplinary concept bridging the gap between theoretical frameworks and practical solutions for complex social problems that transcend jurisdictional boundaries legal fields and disciplinary categories This book will appeal to academics and students in the areas of the socio legal studies international and comparative law and cultural anthropology as well as members of the legal professions and policy makers who engage with the analysis of laws and cultures **Haunted** Sylvia J. Martin,2017 An ethnography of risk death and culture in the Hollywood and Hong Kong media industries **The Native World-system** Nico Tassi,2017 Introduction on our own terms indigenous traders in the global economy Indigenous institutions regulating popular markets Kinship networks as chains of supply and distribution The Chinese connection an interstitial global economy under the radar of the Law Revolving capital Aymara cosmo-economics in global trading practices Individual capital and collective relations in business administration The economic strategies of the Aymara world system The upsurge of Aymara traders an indigenous project of social affirmation **City of Flowers** Susan E. Mannon,2017 City of Flowers is an ethnographic study of social and economic change in Costa Rica Rather than investigate how macroeconomic forces bear down on workers and households this book explores how individuals and households give meaning and shape to neoliberalism as it evolves over time Drawing on twenty years of field work and 100 life histories of people living in one Costa Rican city the book considers how individuals in four different class locations negotiate the economic changes going on around them Author Susan E Mannon argues that these responses are bound up in class race and gender aspirations and anxieties City of Flowers is a volume in the ISSUES OF GLOBALIZATION CASE STUDIES IN CONTEMPORARY ANTHROPOLOGY series which examines the experiences of individual communities in our contemporary world Each volume offers a brief and engaging exploration of a particular issue arising from globalization and its cultural political and economic effects on certain peoples or groups **Juventudes indígenas en México** Tania Cruz-Salazar,Maritza Urteaga Castro Pozo,Martín de la Cruz López-Moya,2021-06-03 Este libro pretende mostrar desde dis miles aristas c mo se estudia lo juvenil ind gena y c mo los j venes ind genas viven en el M xico actual Ofrece un horizonte

investigativo amplio con miradas particulares que documentan la emergencia y las vivencias de estas juventudes entre las etnias contemporaneas Definitivamente es una propuesta que aportar a la consolidación de los campos de investigación interdisciplinarios así como a las comunidades epistémicas Aquí ensayamos una mirada centrada en su movilidad y agencia para reconocer un nuevo modo de estar en el mundo a partir de la voluntad y pertenencia etnojuvenil Los autores de este libro trabajan con jóvenes indígenas en distintos escenarios y con diferentes condiciones de México y se enfocan en las transformaciones culturales en sus anclajes juveniles y en sus vivencias

Militarized Global Apartheid Catherine Besteman, 2020-10-23 In *Militarized Global Apartheid* Catherine Besteman offers a sweeping theorization of the ways in which countries from the global north are reproducing South Africa's apartheid system on a worldwide scale to control the mobility and labor of people from the global south Exploring the different manifestations of global apartheid Besteman traces how militarization and securitization reconfigure older forms of white supremacy and deploy them in new contexts to maintain this racialized global order Whether using the language of security military intervention surveillance technologies or detention centers and other forms of incarceration these projects reinforce and consolidate the global north's political and economic interests at the expense of the poor migrants refugees Indigenous populations and people of color By drawing out how this new form of apartheid functions and pointing to areas of resistance Besteman opens up new space to theorize potential sources of liberatory politics

Labor and Legality Ruth Gomberg-Muñoz, 2019 *Labor and Legality* is an ethnographic account of the lives of ten undocumented workers in Chicago originally published in 2010 The book seeks to push past one dimensional rhetoric and show that undocumented workers are neither mere victims nor criminals but complicated people engaged in workaday struggles to make their lives better The book follows these men through their daily routines and records their efforts to improve their fortunes and make sense of their lives After setting the scene Gomberg Muñoz reviews the political and historical circumstances of undocumented immigration with a focus on post 1970 socioeconomic and political conditions in the United States and Mexico The second half of the book then shifts to the author's ethnographic work and focuses on how undocumented workers develop a wide range of social strategies to cultivate financial security nurture emotional well being and promote their dignity and self esteem In a dramatically shifting sociopolitical terrain the lives of the ten men featured in *Labor and Legality* go on For some life goes on in Mexico following deportation while for others life looks more or less as it did ten years ago at least on the surface But none of the men's lives are unchanged and none are unscathed

Social Medicine in the 21st Century Samuel Barrack, 2011-04 PLoS Medicine's October 2006 issue contained a special collection of eleven magazine articles and five research papers devoted entirely to social medicine The collection featured many of the leaders in the field including Paul Farmer Arthur Kleinman David Satcher Nancy Scheper Hughes Dorothy Porter and Leon Eisenberg The Kaiser Family Foundation has conducted interviews with two of the authors of papers in this collection David Satcher and Paul Farmer In its launch issue in October 2004 PLoS Medicine signaled a

strong interest in creating a journal that went beyond a biological view of health to incorporate socioeconomic ethical and cultural dimensions For example that first issue contained a policy paper on how the health community should respond to violent political conflict a debate on whether health workers should screen all women for domestic violence and a study on the global distribution of risk factors for disease Two years on our October 2006 issue takes our interest even further It contains a special collection of ten magazine articles and five research papers devoted entirely to social medicine We are delighted that the collection features many of the leaders in the field including the renowned medical anthropologists Paul Farmer and Arthur Kleinman the former United States Surgeon General David Satcher and the Harvard professor of social medicine and psychiatry Leon Eisenberg Most of our readers have welcomed our inclusive view of what a medical journal should highlight Some however have been critical suggesting that we should publish less soft stuff and more hard science These critics might argue that in this era of stem cell research and the human genome project of molecular medicine and DNA microarray technology the notion of social medicine seems irrelevant and outmoded But the ultimate role of a medical journal is surely to contribute to health improvement and that means looking not just at molecules but at the social structures that contribute to illness The stark fact is that most disease on the planet is attributable to the social conditions in which people live and work The socially disadvantaged have less access to health services and get sicker and die earlier than the privileged Despite impressive technological advances in medicine global health inequalities are worsening

They Leave Their Kidneys in the Fields Sarah Bronwen Horton, 2016-07-19 *They Leave Their Kidneys in the Fields* takes the reader on an ethnographic tour of the melon and corn harvesting fields in California's Central Valley to understand why farmworkers die at work each summer Laden with captivating detail of farmworkers daily work and home lives Horton examines how U S immigration policy and the historic exclusion of farmworkers from the promises of liberalism has made migrant farmworkers what she calls exceptional workers She explores the deeply intertwined political legal and social factors that place Latino migrants at particular risk of illness and injury in the fields as well as the patchwork of health care disability and Social Security policies that provide them little succor when they become sick or grow old The book takes an in depth look at the work risks faced by migrants at all stages of life as teens in their middle age and ultimately as elderly workers By following the lives of a core group of farmworkers over nearly a decade Horton provides a searing portrait of how their precarious immigration and work statuses culminate in preventable morbidity and premature death Provided by publisher

Jornalero Juan Thomas Ordonez, 2015-05-01 The United States has seen a dramatic rise in the number of informal day labor sites in the last two decades These sites typically frequented by immigrant Latin American men mostly taken to be undocumented immigrants constitute an important source of unskilled manual labor that sustains building landscaping and moving activities in the country Despite their ubiquitous presence in urban areas however much of the research on immigration overlooks day laborers very existence While standing in plain view these men live and work in a precarious environment As they try to make

enough money to send home they are at the mercy of unscrupulous employers doing dangerous and underpaid work and ultimately experiencing great threats to their identities and social roles as men Born and raised in Colombia by an American mother and Colombian father Juan Thomas Ordóñez spent two years on an informal labor site in the Bay Area documenting the harsh lives led by some of these men during the worst economic crisis the country has seen in decades Another Latin American among mainly Mexican and Central American day laborers he gained a vantage on the immigrant experience based on close relationships with a cohort of men whose lives unravel in a setting of competition stress loneliness and resilience Both eye opening and heart breaking this account offers a unique perspective on how the informal economy of undocumented labor truly functions in American society Provided by publisher **Fresh Fruit, Broken Bodies** Seth M. Holmes, Jorge Ramirez-Lopez, 2023-11-28 Fresh Fruit Broken Bodies provides an intimate examination of the everyday lives suffering and resistance of Mexican migrants in our contemporary food system Seth Holmes an anthropologist and MD in the mold of Paul Farmer and Didier Fassin shows how market forces anti immigrant sentiment and racism undermine health and health care Holmes was invited to trek with his companions clandestinely through the desert into Arizona and was jailed with them before they were deported He lived with Indigenous families in the mountains of Oaxaca and in farm labor camps in the United States planted and harvested corn picked strawberries and accompanied sick workers to clinics and hospitals This embodied anthropology deepens our theoretical understanding of the ways in which social inequities come to be perceived as normal and natural in society and in health care In a substantive new epilogue Holmes and Indigenous Oaxacan scholar Jorge Ramirez Lopez provide a current examination of the challenges facing farmworkers and the lives and resistance of the protagonists featured in the book *I'm Neither Here Nor There* Patricia Zavella, 2011-06-13 Studies poor and working class Mexicans in the USA showing how migration influences the creation of identity family and community and how it affects even those who don't themselves actually migrate [Ethnography on undocumented immigrants in the United States of America](#) Jane Vetter, 2008-10-13 Seminar paper from the year 2007 in the subject Ethnology Cultural Anthropology University of North Florida language English abstract Leo Chavez author of *Shadowed Lives* Undocumented Immigrants in American Society and doctor in anthropology has been working and writing about Central American immigration since 1980 Chavez vii In *Shadowed Lives* Chavez described and analyzed lives of illegal Mexican workers in Southern California using anthropology for challenging our assumptions about both ourselves and others in our world Chavez xii The author covered among other things crossing borders immigrant homes migrant problems families and networks as well as working structures and processes living as an illegal alien in a foreign country He was eager to explain phases of separation transition and incorporation for immigrants when changing social status and environment in order to start a new life and undergo their territorial passage The following paper will discuss several topics relating to key concepts learned in class It will examine emic and etic interpretations problems of ethnocentrism and the appliance of cultural relativism Furthermore it will highlight

research methods and backgrounds with regard to the author and his field of study Last but not least the paper will provide several examples of social power and describe factors that impact relationships between individuals or groups Mexican Immigrant Workers in the U.S. Antonio José Ríos-Bustamante,1981 Monographic anthology on Mexican migrant workers incl Irregular migrants in the USA covers both historical and contemporary trends in Mexican immigration labour supply and labour demand relationships to undocumented immigration economic conditions of migrants struggle over trade unionization of woman workers ramifications for US Mexico international relations migration policy and human rights issues etc and includes texts of President Carter s message and the bill of rights on undocumented workers Photographs and references

Mexicanas at Work in the United States Margarita B. Melville,1988 Essays presented at a symposium sponsored by the Mexican American Studies Program of the University of Houston on November 14 1985 P 1 **Working the Boundaries** Nicholas De Genova,2005-10-18 An ethnographic study of transnational migration racialization labor subordination and citizenship in Chicago s Mexican migrant community **Consuming Mexican Labor** Ronald Mize,Alicia Swords,2010-10-15 Mexican migration to the United States and Canada is a highly contentious issue in the eyes of many North Americans and every generation seems to construct the northward flow of labor as a brand new social problem The history of Mexican labor migration to the United States from the Bracero Program 1942 1964 to the North American Free Trade Agreement NAFTA suggests that Mexicans have been actively encouraged to migrate northward when labor markets are in short supply only to be turned back during economic downturns In this timely book Mize and Swords dissect the social relations that define how corporations consumers and states involve Mexican immigrant laborers in the politics of production and consumption The result is a comprehensive and contemporary look at the increasingly important role that Mexican immigrants play in the North American economy
