The Super Summary of World History Revised Alan Dale Daniel BA MBA JD,2008-10-20 The Super Summary of World History is a very compact history of the world emphasizing western culture and political processes The Super Summary is for the thinking person This new history raises exciting questions and puts events into new perspectives to stimulate real thinking about history rather than accepting that the past is set in stone History isn t just names and dates but a range of decisions and actions that often turn on the smallest circumstance The Super Summary analyzes a few events in depth but most are put into their historical framework so the reader can discern where and how all of this action escorts us to the present day If history seems dull pick up The Super Summary to discover that Western History is alive with controversy and consequence

Groundbreaking Scientific Experiments, Inventions, and Discoveries of the Ancient World Robert E. Krebs,Carolyn A. Krebs,2003-12-30 This reference work describes the trial and error experiments discoveries and inventions of early humans who lived from before recorded history to the Middle Ages Krebs travels through the ancient periods of Egypt China and Mesoamerica to the classical Greek and Roman periods and finally to the Christian era providing students with the link between science and history while revealing information about many cultures around the world Each entry provides the who when and where of each discovery invention or experiment Entries include calendars gunpowder anesthesia contraception spontaneous generation the Arctic Circle language and tides Part of the Groundbreaking Experiments Inventions and Discoveries through the Ages series this book provides readers with a detailed look early humans relation to world around them and the scientific advancements they made It will be useful to high school and college students teachers and the general public interested in the history and science behind ancient civilizations **A Letter to**

Sir James Murray Hui-Shin Wong,2021-02-09 A Letter to Sir James Murray is a book that illustrates the research output of an aspiring entrepreneur Hui Shin Wong who has spent about 20 years to understand a few collection of voices and comfort zones from the people who are living in the humble society including the poor the ordinary the slaves the local graduates and the easterners from all poor countries and developing countries and the non IT savvy individuals These humble society individuals were frustrated and angry with sorrow tears during their sleeping time after they were shouted some negative words in Oxford Dictionary by the people who were not within their society A list of riots and assassination happened as well as the number of people with depression is increasing A revolution of new era definition of some words are redefined the

learning of acronyms are suggested to be eliminated in the education system and a collection of the five scaled score weighted word lists are introduced instead of only positive and negative words to illustrate any words related to any people's status of the society

Precolonial African Material Culture, V. Tarikhu Farrar, 2020-01-20 The idea of an inherent backwardness of technology and material culture in early sub Saharan Africa is a persistent and tenacious myth in the scholarly and popular imagination Due to the emergence of the field of African studies and the upsurge in historical and archaeological research in recent decades the stridency of this myth has weakened and the overtly racist content of arguments mustered in its defense have tended to disappear But more important are transformations in social political and cultural consciousness which have worked to reshape conceptualizations of African peoples their histories and their cultures Precolonial African Material Culture offers a thorough challenge to the myth of technological backwardness V Tarikhu Farrar revisits the early technology of sub Saharan Africa as revealed by recent research and reconsiders long possessed primary historical sources He then explores the ways that indigenous African technologies have influenced the world beyond the African continent

Ancient Inventions Peter J. James, Nick Thorpe, I. J. Thorpe, 1995 A guide to ancient accomplishments and inventions unearths the origins of modern creations including computers in ancient Greece plastic surgery in India in the first century B C and a postal service in medieval Baghdad

Lifelines from Our Past L. S. Stavrianos, 2015-03-04 This book offers an extraordinary interpretation of world history from the paleolithic era to the present Renowned historian L S Stavrianos conceptualizes human history into three categories kinship societies tributary societies and capitalist societies In each he discerns and studies four life line issues ecology gender relations social relations and war that encompass the broadest areas of human experience The revised edition projects forward to the twenty first century offering the author's views on possible future scenarios involving the same lifeline issues
