Desenho Técnico Luis Veiga Da Cunha :

Desenho técnico Luís Veiga da Cunha, 1980 Desenho técnico Luis Veiga da Cunha, 1989 Boletim de bibliografia portuguesa Biblioteca Nacional de Lisboa, 1980 Grafias Do Gesto: Ana Ligia Trindade, 2014-08-14

Esta obra foi iniciada após a leitura e análise de um projeto apresentado pelo Prof. Marcus Vinicius Machado de Almeida de criação de um plano de referência nacional em escrita do movimento. O projeto tem o desafiante objetivo de capacitar alunos de dança com a leitura de partituras de dança e possibilitar que esses alunos através da leitura das escritas para dança possam remontar fragmentos de partituras históricas e criar fragmentos coreográficos a partir das novas possibilidades de criação que para Almeida são possíveis com as partituras de dança. O mais empolgante da sua proposta é que o material produzido em fragmentos coreográficos pelo projeto seja fornecido ao público em geral através de página virtual de um Laboratório de Grafias do Gesto e que faça parte do material didático da página para o estudo das grafias e como material de pesquisa artística para diversas áreas da dança. O Prof. Almeida afirma que neste direção o projeto de iniciação artística integra extensão, pesquisa e ensino e suas ações. Admirável o empenho na proposta de estudo, pesquisa e disseminação de grafias do movimento, mesmo constatando que no Brasil o interesse até hoje da comunidade artística da dança sobre este assunto muito pequeno. Seja na formação dos alunos de dança seja na criação dos coreógrafos ou na pesquisa na comunidade profissional as partituras de dança estão ausentes como ferramenta. Pouquíssimos profissionais conhecem o assunto e menos ainda sabem lê-las ou escrevê-las. Mais preocupante ainda verificar que bailarinos, coreógrafos e professores de dança simplesmente sem conhecimento ou estudo acreditam não ter importância nenhuma este aprendizado. Isso mesmo reconhecendo a importância dada às partituras nas principais instituições artísticas de dança na Europa e América do Norte. Na minha concepção um erro grave na carreira profissional de muitos artistas brasileiros da dança. Desta forma considero este passo do Prof. Almeida uma iniciativa admirável e importantíssima para o crescimento profissional na área da dança no Brasil.

Coreologia: Nota o coreógrafo. Nota o do movimento. Escrita da dança. Grafia do gesto. Representa o gráfico do movimento. Independente da expressão escolhida para a denominação o que se percebe cada vez mais a necessidade de estudo, pesquisa e disseminação das técnicas de registro de movimento. As notas em artes parecem ser mais evidentes e desejadas na história da arte ocidental, principalmente naquelas que são performáticas como a música, o teatro e a dança. No teatro o texto possibilitou recriar obras clássicas e na música a partitura. Entretanto na trajetória da dança diversas escritas existiram, mas nenhuma perdurou por muito tempo. A partir do século XX em consonância com a consolidação e legitimação da dança como arte, algumas partituras de movimento foram criadas e consolidadas. As três mais importantes são a Benesh usada pelo Royal Ballet para registrar balés de repertório, a DanceWriter que originou a SignWriter que registra os movimentos das línguas de sinais fundamental na alfabetização e ensino dos surdos e a mais conhecida a Labanotation usada em diversas áreas: ergonomia, biomecânica, educação, terapia. Apesar de recentes, estes sistemas de notação de movimento vêm revelando seu grande valor em diversos campos e atualmente existem centros de referência

mundiais como o Dance Notation Bureau NY Entretanto no Brasil h uma ampla car ncia nesta rea sem locais de refer ncia sem cursos de forma o para o ensino de grafias de dan a As partituras de dan a no Brasil s o praticamente ausentes seja na forma o do aluno de dan a seja na cria o e pesquisa coreogr fica No Brasil nenhuma universidade ainda apresenta qualquer centro de refer ncia pesquisa e ensino das grafias Faz se necess rio a cria o de um p lo de remontagem e cria o coreogr fica a partir da pesquisa estudo e treino de partituras de dan a *Panorama* ,1972 **Serviços Bibliográficos da Livraria Portugal** Livraria Portugal.
