*Yoga Darshan* Swami Niranjanananda Saraswati,2002      **Inner Tantric Yoga** David Frawley,2008-08-14 This extraordinary new book shows us how to connect with the Devatas the Divine powers of the universe to develop our deeper Yoga practice It features special chapters on the Shiva Linga meditations on Shakti in nature and in the human body Shakti in the practice of Yoga special knowledge of the chakras including the spiritual heart and the crown chakra the four internal energy centers of Fire Agni Sun Surya Moon Soma and Lightning Vidyut the practice of Drishti Yoga Yoga of perception Shambhavi Mudra and important mantras to Shiva Kali Bhairavi and Sundari It contains a wealth of deep yogic knowledge not easily available today and based upon traditional Sanskrit sources      **Tantra of the Yoga Sutras** Alan Finger,Wendy Newton,2018-12-11 A readable accessible version of the ancient classic primer on the practice of yoga interpreted by a contemporary Tantric yoga master The Yoga Sutras is Patanjali's classic text on how to experience oneness samadhi within yoga practice Serious yoga students want to bring the wisdom of the Sutras to their practice but often find the text impenetrable and difficult to relate to Here yogi and Tantric master Alan Finger offers an interpretation of the Sutras that is clear and immediately relevant and he shows contemporary practitioners that samadhi is something that they can experience here and now Yoga is a process of spiritual evolution and samadhi is as natural as breathing and available to all because it is our true nature Viewed through a Tantric framework Finger shows us how the Sutras describe the yogic process that both leads us to the experience of samadhi and allows us to weave the wisdom and grace of that experience back into our everyday life      The Disclosure of Being Moti Lal Pandit,2006 Description Man from the very dawn of history has never been at home in the world He has continuously tried to search for such ways and means both intellectual and practical that would allow him to transcend the conditioned existence in which he finds himself in space time bound universe It has always been the burning desire in the heart of man to realise such a mode of life that transcends the tragic terror of finitude in terms of the realisation of abundance of life It is this search for the everlasting blissful life that constitutes the story as well as history of human religious search for meaning Both Yoga and Tantricism have their own eschatologies in terms of which transcendence of human finitude is endeavoured to be actualised To achieve this soteriological goal both the systems have discovered in their own respective ways such theoretical responses and practical methods by the application of which soteric goal can be appropriated It is because of this feature that both may be said to be soteriological systems of thought and

practice This book attempts to study Yoga and Tantra from both historical and theoretical perspectives An effort has been made to trace the historical roots of both Yoga and Tantra and how with the passage of time each system developed in the context of prevailing situations The analytical interpretation of some of the major themes that Yoga and Tantricism tackle in the context of suffering in the world greatly enhances the value of the work and will be of great interest to students of religion
