Handbook of Research on Small Business and Entrepreneurship Elizabeth Chell, Mine Karataş-Özkan, 2014-03-28 This insightful Handbook focuses on behaviour performance and relationships in small and entrepreneurial firms

De Gruyter Handbook of Business Families Michael Carney, Marleen Dieleman, 2023-01-30 The management field increasingly recognizes that most firms in the world are family firms and that these entities operate differently from the non family firms on which most of our current management theories are based The De Gruyter Handbook of Business Families brings together work from leading academics who explore emerging research themes relevant to business families particularly drawing in new insights from adjacent disciplines that can advance the family business field The handbook challenges the traditional notion of the single firm single family that has characterized most early research on family business Recognizing that families may simultaneously own or control multiple businesses as well as substantial wealth beyond these firms in the form of financial and non financial assets this handbook focuses on business families rather than the narrower construct of family business The contributions in this handbook explore the relatively neglected dynamics between individuals with family ties that shape the interaction between family and business business families with multiple businesses how business families adopt formal rules and processes around their joint activities and the institutionalization of wealth and business families in society The De Gruyter Handbook of Business Families fills a gap in the family business research literature and is an essential reference work for researchers and graduate

level students in the area of business families **Business Families and Family Businesses** Simon Rylatt, 2018 The resilience of family businesses has been evident from their success over centuries and across continents It remains common for practitioners to advise families whose principal source of wealth is or has been a successful family enterprise and to provide guidance on the specific and complex relationships and issues that arise in this context This new edition edited by the Society of Trust and Estate Practitioners STEP features chapters by leading practitioners in the field including the Family Firm Institute Schroders Boodle Hatfield and SandAire Kleinwort Hambros Dixon Wilson and Rathbones The book considers what makes business families and family businesses unique and examines the issues that advisers are often called upon to consider and address when assisting them It helps practitioners to deepen their understanding of how families operate and to develop the skills and knowledge necessary to advise on such complex areas as conflicts between working and non working family members ownership structure succession wealth management governance and meeting a family s philanthropic objectives The guide provides a comprehensive handbook for all practitioners who advise business families including lawyers accountants financial advisers and wider family business advisers
