Handbook On Corporate Social Responsibility In India:

Corporate Social Responsibility in India Nayan Mitra, René Schmidpeter, 2016-09-28 This book provides a comprehensive overview of Corporate Social Responsibility CSR in Indian corporations following the 2013 legal mandate on corporate spending of profits for CSR Bringing together authors hailing from diverse walks of life the book pursues a hands on approach with real world case studies and examples that help the reader feel the dynamic pulse of India immediately after the ratification of the CSR mandate in the Companies Act 2013 The Act is expected to affect over 16 300 companies with an estimated flow of approximately 200 billion Indian rupees into the economy every year thus shaking the foundations of business and society and impacting the country at multiple stakeholder levels As a result India is likely to become the birthplace of social economic and environmental transformation through financial investments in CSR In order to insightfully reflect on this transition this book has been divided into three parts The first part presents the CSR mandate and its implications while the second focuses on its implementation and the third part provides a view on the way forward The book helps to reveal the various layers of CSR in an emerging economy like India and is expected to spark debate discussion and research among policy makers consultants academics practitioners and other stakeholders the world over which will further expand its contribution to CSR literature and open up new vistas in CSR research This is indeed a first of its kind book and marks a watershed in the journey of CSR It is an extremely important contribution to the body of knowledge in the area of CSR and Corporate Governance in emerging economies that is driven by a completely different set of challenges opportunities and requirements from that of developed economies Dr Bhaskar Chatterjee Director General CEO Indian Institute of Corporate Affairs

Corporate Social Responsibility in India Shuchi Bharti, 2022-08-18 The book explores how the influence by the corporate sector in the economic interactions globally leads to the international governance framework pertaining to CSR that is primarily based on soft law attributes Such international soft law regime uniquely influences the way the legal regime around CSR has shaped up in India Through innovative methodology the analysis of regulatory space and instruments and the structural framework construe the relationship between state and corporate sectors It is necessary to investigate the two fold relationship of state and corporate actors The book takes up a regulatory institutional and socio political investigations through studying the case of CSR in India in the backdrop of the transformations taking place in national arena its international inspirations and resulting regulatory model that evolve How the existing regulatory space is affected What are the implications on the regulatory instruments The pursuit of the answers would also involve investigation of questions as to how the state corporate relationship constructed construed and conducted post state s ratification of CSR What are the reasons of such changes What implications do the role of politics and corporate strategies have on the renewed interest in CSR The book deals with these aforementioned aspects This scholarly work synthesizes political economic and legal aspects of the role of the state and corporate sector with narrowly defined focus of

CSR which has the ability to provide a comprehensive broad brushed account of the larger framework **Corporate Social Responsibility in India** Bidyut Chakrabarty,2012-03-29 Presenting an analysis of Corporate Social Responsibility CSR in India this book looks at the unique roots of the concept in India It examines Gandhi s philosophical moorings that inform India s approach to CSR and the role of civil society in setting an agenda for championing the rights of the stakeholders The book goes on to focus on the role of the government in grooming the Indian business to be sensitive of its social concerns Drawing on rich empirical data the book shows that CSR in India cannot be conceptualized in ethnocentric terms Arguing that it is not about the typical Indianness of the articulation it emphasizes the point that CSR in India needs to be conceptualized in a wider perspective by taking into account its philosophical roots with reference to the prevalent socio economic and political context The book is a valuable contribution to the literature on CSR and is of interest to scholars of Asian Studies business and development studies **Development-Oriented Corporate Social Responsibility: Volume 2**

Dima Jamali,Charlotte Karam,Michael Blowfield,2017-09-08 This volume provides a platform for localized perspectives on CSR in developing countries across the globe The chapters bring local context and business to the forefront and highlight the efforts spearheaded by indigenous actors from within the developing world They present insights from developing countries through successful and less successful examples of locally led CSR efforts Together these perspectives capture the complex paradoxes of CSR in developing countries and highlight common features in national institutions across the developing world such as weak political and regulatory institutions that shape local CSR initiatives and often limit its developmental impact The editors argue the need to embrace partnership models that leverage the strengths of different actors to promote effective development and tackle the complex challenges facing the developing world This important series will be the reference source for academics practitioners policy makers and NGOs involved in development oriented CSR Approaches to Corporate Social Responsibility Stefan Markovic,Adam Lindgreen,Nikolina Koporcic,Milena Micevski,2023-08-25

Following recent growth of ethical consumerism customers and other stakeholders increasingly pressure organizations to be socially responsible and minimize their negative impact on the environment Accordingly a plethora of firms have integrated corporate social responsibility CSR at the center of their business strategies and actions Whilst this has resulted in many firms meeting their broader responsibilities toward society and the environment some firms have used CSR in a manipulative and insincere way As stakeholders become aware of such misuse of CSR largely thanks to the rapid evolution of information technologies they start to penalize firms by spreading negative word of mouth about them and specifically about their CSR knowledge values and actions Now more than ever before stakeholders are increasingly critical and cautious in their assessments of firms CSR knowledge values and actions On this background this edited volume sheds light on different internal and external perspectives spanning CSR knowledge values and actions It shares theoretical practical and case based insights on the broader topic and can be of interest to researchers academics practitioners and advanced students in the

fields of CSR and business ethics knowledge management strategy and marketing

Corporate Social Responsibility and Sustainable Development Jitendra K. Das, Shallini Taneja, Hitesh Arora, 2021-06-22 This book critically analyzes the role of corporate social responsibility CSR in achieving sustainable development in emerging economies It brings together recent developments effective frameworks business models and strategies adopted by companies and looks at how they contribute to sustainable business growth The volume discusses diverse themes such as green marketing for promoting sustainable development digitization and sustainability concerns communication strategies for CSR ethical standards in Indian advertising microfinance as an instrument for achieving sustainable development the role of CSR in the Skill India initiative and CSR activities of Indian listed companies It also provides solutions to challenges in achieving sustainable development goals at local and global levels Drawing on in depth case studies the book will be an essential read for corporate professionals students and researchers of CSR management studies development studies business studies economics environmental studies green marketing and sociology It will also be relevant for policy makers NGOs public and private sector corporations and consultants in sustainability reporting business ethics and sustainable development

Corporate Social Responsibility and the Three Sectors in Asia Samiul Hasan, 2017-03-31 This volume investigates how much governmental control is needed to reign in corporate and business greed and to make business socially responsible in Asia It also questions whether business entities need to be reigned in by the government itself or if other social religious or economic dynamics shape business entities in Asia Moreover it looks at how the Asian third sector influences BSR CSR activities

Corporate Social Responsibility (CSR) Practices Nilanjan Ray, Abhijeet Bag, 2021-12-22 This volume explores the management concept whereby companies integrate social and environmental concerns in their business operations and in their interactions with their stakeholders This practice also benefits the company and helps it to reach its strategic goals This volume takes interdisciplinary and multidisciplinary perspectives to exploring a multitude of themes in CSR including corporate social responsibility in conjunction with employee quality of life globalization industry sustainability environmental accountability academic spin off education empowerment of women corporate reputation expenditures for CSR purposes and more The chapter authors consider the impacts and outcomes along with the emerging challenges of incorporating CSR in an organization s business strategy This volume is an important

academic journey into some of the most relevant yet understudied issues of today This volume will be a valuable resource for faculty and students in business as well as for industry professionals researchers and others *Corporate Social Responsibility and Economic Responsiveness in India* Damien Krichewsky,2019-05-23 Since the early 2000s corporate social responsibility CSR has rapidly gained significance in India both among large companies and as a policy instrument formally intended to foster corporate contributions to the country s development goals This book analyses this phenomenon in relation to broader political and economic changes induced by India s pro business development strategy Using a systems theoretical approach the analysis shows that pro business policies have led profit driven economic processes to increasingly override collective aspirations for social welfare environmental protection and democracy In order to decipher how CSR changes the interplays between profit making and developmental aspirations the book provides detailed analyses of CSR in the cement industry and in regulatory policies adopted by the central government It shows that CSR operates as an intermediary institution which further enhances the autonomy of the economic system as it makes profit making more responsive to risks arising from competing collective values and interests **Redefining Corporate Social Responsibility** David

Crowther,Shahla Seifi,2018-09-05 Through a series of studies of aspects of CSR from around the world this book re examines the topic though the lenses of various disciplines and cultures It shows that the subject is much wider than is generally perceived and that CSR is evolving in a way which has not been generally recognized within the academic community

Research Handbook on Corporate Social Responsibility in Context Anders Örténblad,2016-11-25 Is corporate social responsibility CSR a universal idea Is the same exact definition of CSR relevant for any organization regardless of context Or would such a definition need to be adapted to fit different types of organizations in different cultures industries and sectors This book discusses how CSR preferably should be practiced in various generalized contexts Experts share their knowledge on whether a broad definition of CSR can be practiced as is or if it first has to undergo changes in as various generalized contexts as Buddhist and Islamic organizations developing countries the food processing industry the shipping industry and the pharmaceutical industry **Key Initiatives in Corporate Social Responsibility** Samuel O. Idowu,2015-10-13 This

book presents initiatives that were launched or are currently being pursued in the name of CSR and showcases how different dimensions of CSR sustainability ethics and governance can help to solve global challenges Contributions by international experts from Australia to Bangladesh and from Nigeria to Spain address current issues in their respective country such as challenges faced by nations initiatives launched in the name of CSR and attempts on the part of small and medium sized enterprises to promote CSR initiatives This volume provides readers with in depth insights into CSR and important initiatives around the globe intended to encourage more responsible behavior *International Perspectives on Policies, Practices & Pedagogies for Promoting Social Responsibility in Higher Education* Enakshi Sengupta,Patrick Blessinger,Craig Mahoney,2020-10-23 Understanding that the inculcation of social responsibility within education can lead to social and

economic benefits for students and society at large the authors in this edited collection present case studies of policies and practices used across the globe to give readers an insight into how social responsibility is embedded into curriculums

Sustainable Development and Corporate Social Responsibility Dongyong Zhang,Stephen Morse,Uma Kambhampati,2017-11-06 Corporate Social Responsibility CSR has become an important concept in the last few decades Although it originated in the developed countries of the West the concept has been embraced and adapted by corporations and policy making agencies in many developing countries Not surprisingly given the importance of growth and development as policy objectives in these countries CSR has had a significant impact on sustainable development Sustainable Development and Corporate Social Responsibility explores the evolution of CSR across the developed and developing world with a particular focus on China and sustainable development Through an extensive review of the literature and relevant case studies the book examines whether CSR can make a contribution to sustainable development how the patterns of CSR in developed Western economies compare to that in the rapidly growing economy of China what trade offs take place between CSR and economic growth as well as the future of CSR and its possible impact on the global sustainable development agenda This book is a valuable resource for academics and upper level undergraduate and postgraduate students in the fields of human social geography economics business studies sustainable development development studies and environmental studies The Indian Social Sphere Sakarama Somayaji,Ganesha Somayaji,Joanna P. Coelho,2024-08-28 This book studies the social formation of India through the lens of religion state ethnicity and governance It provides a nuanced understanding of the structural as well as the processual aspects of the Indian social sphere The volume studies diverse themes such as the impact of religiosity on religious consciousness the primacy of tribal identity in colonial India political inclusion of marginalised communities the emerging subaltern activism among others An important contribution this book will be of interest to scholars and researchers of sociology political sociology South Asian studies Affirmative action and political science

Proceedings of the NDIEAS-2024 International Symposium on New Dimensions and Ideas in Environmental Anthropology-2024 (NDIEAS 2024) Tulishree Pradhan,Amarewar Galla,Maria Stoicheva,Amitabh Pandey,2024-06-12 This is an open access book NDIEAS 2024 Discussions on environmental challenges frequently center around human dependence susceptibility and resilience Yet the subject matter of the present anthropological discussion regarding the ecological framework would mainly concentrate on spatial advertising and scientific investigation In this symposium the focus will be expanded to include human anthropology as a fundamental element of the political notion of environmental sustainability and the foundation for effective local national and global actions Humanity s survival entirely depends on the environment However we further rely on sociopolitical and legal frameworks which are open to capture misdirection confusion With this viewpoint in mind the panel discussion will look at how neoliberalism both international and national legal and political frameworks and other factors have influenced how we perceive the world around us It is going to

capitalize on environmental anthropology's observations as well as additional crucial elements to evaluate the spread of sustainable solutions to environmental issues and look at the ways in which forces like globalization and technological advancement might give people a false sense of invulnerability. While significant the assumptions of mitigation as well as adaptation require as well to be looked into. The expansion of industries greater manufacturing and consumerism are goals of globalization and another neoliberal socio-economic reconfiguration which has a tendency to encourage human abuse of the environment and reduce our ability to respond to issues related to the environment.

ISO 26000 - A Standardized View on Corporate Social Responsibility Samuel O. Idowu, Catalina Sitnikov, Lars Moratis, 2018-08-03 This book provides a comprehensive and detailed introduction to the ISO 26000 standard for social responsibility SR in businesses and corporations. In addition to discussing the standard's focus on various stakeholders and seven core topics, the book underscores its key aspects and most debatable issues with a focus on its connection to sustainable business practices. It presents numerous cases and practical examples of the ISO 26000's implementation and discusses the outcomes and lessons learned in terms of the extent to which organizations can envision practicing CSR in ways that fit their activities, stakeholders, and environment. Lately, the ISO 26000 has proved to offer an interesting and important approach to the standardization of corporate social responsibility. Approached and perceived as a voluntary standard that does not include any specific requirements, determining the best way to implement and work with it involved a considerable amount of experimentation. This book showcases the current state of application and discusses how different countries have developed their own specific versions of the standard which organizations can use to certify their SR processes.

A Casebook of Strategic Corporate Social Responsibility Ananda Das Gupta, 2021-12-04 This casebook argues that corporate sustainability agendas should look beyond stakeholder demands and desires towards strategic opportunities to achieve social and commercial benefits simultaneously. It encourages shifting focus from a strategic approach to a sustainable business practice. As the cases in the book highlight, it is in every company's best interest to identify a manageable number of sustainability initiatives whose shared benefits for society at large and the company are significant and also substantially help the company strategically position itself in the competitive marketplace. Strategic sustainable business practices can lead to shared value creation, strengthening the company's competitiveness and establishing a symbiotic relationship. Companies can achieve solid profits by doing good things for the environment; it is a win-win for society and for business. This casebook provides examples of multi-stakeholder partnerships that aim to create sustainable enterprises. Ideal for teaching purposes after a brief introduction to the case method, the cases are presented with no comments or criticisms.

CSR and Competitiveness—Essential of the Corporate India and its Sustainability Saurabh Mittal, 2012-04-28 The business landscape is changing fast with the rapid globalization. Society expectations from corporate are increasing and CSR is being perceived as a tool to help secure a sustainable competitive advantage by integrating social and business goals. This book

provides an overview and represents current developments in Corporate Social Responsibility and Sustainability CSR concepts initiatives infrastructures and needs methods especially focusing on the needs of SMEs In this book through contributions and chapters we explore the concept of competitiveness in relation to CSR Research articles and chapters from the practitioners consultants and academicians would enlighten the readers as to how competitive advantage can be generated through creating stakeholder engagement through the CSR initiatives Some real world Case Studies are included elaborating the contribution of CSR to short term profits as well as to long term competitiveness These Case Studies from Indian Corporate and abroad well represent the challenges and opportunities for the businesses to implement the CSR initiatives resulting in community development Thus the contributions in this book represent a triangle between the Corporate Academics and Research used to implement the CSR Activities in the Indian and Global context This book is being published as a reference material for all the stakeholders of today s business who have some interest in the area of CSR Sustainability It would provide a real world scenario for further exploration of Social Upliftment opportunities and the competitive advantages to the corporate
