Hartman And Desjardins Business Ethics 2nd Edition:

Business Ethics and Diversity in the Modern Workplace Zgheib, Philippe W., 2014-11-30 Corporations have a social responsibility to assist in the overall well being of their communities through the compliance of moral business standards and practices However many societies still face serious issues related to unethical business practices Business Ethics and Diversity in the Modern Workplace investigates the ethical frameworks within modern corporations and their impact on the communities they serve With a focus on autonomous decision making in complex quandaries this book is an all inclusive reference source for students researchers practitioners and managers who are concerned with the various ethical dilemmas within businesses as well as evaluating moral issues impacting societal welfare The SAGE Encyclopedia of Business Ethics and Society Robert W. Kolb, 2018-03-27 Spans the relationships among business ethics and society by including numerous entries that feature broad coverage of corporate social responsibility the obligation of companies to various stakeholder groups the contribution of business to society and culture and the relationship between organizations and the quality of the environment **The Routledge Companion to Business Ethics** Eugene Heath, Byron Kaldis, Alexei Marcoux, 2018-02-12 The field of business ethics continues to expand intellectually and geographically During the past five decades scholars have developed and deepened their inquiries into the ethics of commercial and corporate conduct This Companion provides a novel overview of the discipline of business ethics covering the major areas of the field as well as new and emerging topics The eight thematic units range over an extraordinary set of subjects and include chapters on the history and pedagogy of business ethics moral philosophy the nature of business responsibilities within the firm economic institutions the 2008 financial crisis globalization and business ethics in different regions of the world Led by a well respected editorial team this unique volume gathers an international array of experts whose various critical approaches yield insights from areas such as public policy economics law and history in addition to business and philosophy With its fresh analyses wide scope and clarity of approach this volume will be an essential addition to library collections in business management and applied ethics **Business Ethics: Decision-Making for Personal Integrity & Social Responsibility** Laura Hartman, Joseph DesJardins, 2010-06-18 Hartman DesJardins is designed to prepare the student to apply an ethical decision making model not only in this ethics course but throughout her or his business discipline This model teaches students ethical skills vocabulary and tools to apply in everyday business decisions and throughout their business courses The authors speak in a sophisticated yet accessible manner while teaching the fundamentals of business ethics Hartman s professional background in law and her teaching experience in the business curriculum combined with DesJardins background in philosophy results in a broad language ideal for this approach and market The authors goal is to engage the student by focusing on cases and business scenarios that students already find interesting Students are then asked to look at the issues from an ethical perspective Additionally its focus on AACSB requirements makes it a comprehensive business

ethics text for business school courses The goal for the second edition remains the same as for the first to provide a comprehensive yet accessible introduction to the ethical issues arising in business Hartman and DesJardins have retained the focus on decision making as well as the emphasis on both personal and policy level perspectives on ethics This edition continues to provide pedagogical support throughout the text The most noticeable changes involve a thorough updating of distinct items such as Reality Checks Decision Points and readings to reflect new cases examples and data

Organizational Ethics and Stakeholder Well-Being in the Business Environment Sean Valentine, 2014-04-01

Organizational ethics involves the institutionalized principles guidelines and norms that influence how a company and its employees function in an ethical manner Ultimately these processes collectively influence a firm's 1 overall sense of business ethics 2 management of employees and 3 interactions with partners outside of the immediate work environment Researchers and practitioners are interested in organizational ethics because the different approaches used to develop such a context generate many other positive business outcomes While the connection between organizational ethics and employee stakeholder well being has been explored moving forward with a number of new investigations should push the literature forward This book seeks to explore these important topics and present a more comprehensive overview of organizational ethics and stakeholder well being in the business environment Such inquiry is important because the linkages between business ethics and stakeholders if well managed have the capacity to benefit both companies and employees In addition the content of this book should serve to guide future investigations within this area of business ethics

Business Ethics in the Middle East Yusuf Sidani, 2018-06-12 *Business Ethics in the Middle East* fills a crucial gap in the Middle East educational landscape Written in an easy and accessible format this book covers the foundations of business ethics by drawing from both Eastern and Western traditions The chapters include many examples case studies activities and illustrations that are customized to the Middle Eastern market yet relevant to readers outside of the Middle East who want thorough insights about business behaviour in the region A special module introduces the Arab Middle Eastern context that non Arab readers will find valuable The author addresses topics related to organizational culture leadership CSR corporate governance marketing HR accounting finance and production This is accomplished with a deep attention to the cultural and contextual elements of the Middle East Special attention is given to religious business ethics while still deeply engaging the vast heritage of Western ethical systems This combination is essential for the development of a comprehensive approach to the topic of business ethics This textbook will be essential reading for students of business ethics in the Middle East and will also be valuable for students and researchers across business ethics Islamic Studies religion and philosophy
