

Higher Ability Selection Test (HAST) Candidate Information Bulletin

Make sure you find out from the school:

- What day the test will be held
- What time you should arrive
- Where you should go on the day of the test.

The Test Time-Table

There will be four separate tests. The time allowed for each and the order in which they will be taken are as follows:

1	Reading Comprehension	45 Minutes
2	Written Expression	25 Minutes
3	Mathematical Reasoning	40 Minutes
4	Abstract Reasoning	30 Minutes

There will be a short break between tests 2 and 3.

Candidates who arrive late for the first test will be admitted only at the discretion of the supervisor, and additional time will not be allowed.

You should bring:

- two HB or B pencils for the multiple-choice tests
- a good quality eraser
- a pencil sharpener
- two blue or black pens for the Written Expression test.

No other equipment will be needed. For example, you will not require a ruler, paper or calculator.

Writing your Answers

You will be given a special answer sheet for the multiple-choice tests in Reading Comprehension, Mathematical Reasoning and Abstract Reasoning, and lined paper for the Written Expression.

For each question there are four small ovals labelled A, B, C and D on the multiple choice answer sheet. Use an HB or B pencil to mark clearly the oval of your choice.

Example (Answer 'B' selected)

If you wish to change your answer, carefully rub out the first mark and then mark your new choice.

Please remember, when working on the multiple-choice answer sheet

Do not:

- × fold or tear the answer sheet
- × make marks anywhere other than in the designated areas on the answer sheet
- × use ink, ball-point pen or felt pen on any part of the answer sheet.

What are the Tests Like?

The test items attempt to assess the following skills: analysis, comprehension, interpretation and reasoning. The answer to the question is clearly important as are the procedures by which you arrive at the answer.

1 Reading Comprehension

This test measures how well you can understand and interpret ideas in language. The test asks you to look at written and visual material and answer questions on it. The topics for the material may be drawn from subject areas such as English, Art, History, Geography and Social Studies, though no special knowledge in these areas is needed. All the information you need to answer the questions is printed on the paper, so if you do not know or fully understand something you may be able to work out what it means from the stimulus material. Overall there will be 40 multiple-choice questions in this test.

2 Written Expression

This test is concerned with your ability to express your thoughts and feelings in writing.

In assessing written expression, markers consider the following issues:

THOUGHT and CONTENT

- what is made of and developed from the task
- the kinds of thoughts and feelings offered in response to the task

STRUCTURE and ORGANISATION

- the shape and form of the piece
- the sequence and cohesion of the piece

EXPRESSION, STYLE and MECHANICS

- the effectiveness and appropriateness of the language
- the expressiveness and fluency of the language
- the control of the mechanics of English

The stimulus material that you are given must be the basis of your writing, and you will be penalised if you seem to be rehearsing a piece of writing that is not developed from the stimulus. You should respond to the stimulus in the way that is most interesting to you, and which best displays your ability to write and express yourself.
