History Of Syria Including Lebanon And Palestine:

History of Syria Including Lebanon and Palestine Philip K. Hitti, 2002 A brilliant history of the land into which more historical and cultural events were crowded than perhaps into any area of equal size For Syria has either invented or transmitted to mankind such benefits as monotheistic religion philosophy law trade agriculture and our alphabet History of Syria, Including Lebanon and Palestine, by Philip K. Hitti ... Philip K. Hitti, 1951 **History of Syria Including Lebanon and Palestine** Philip K. Hitti, 2002 A Modern History of Syria Including Lebanon and Palestine 'Abd al-Laṭīf : al-Tibāwī, 1960 *History of Syria, Including Lebanon and Palestine ... Second Edition* Philip Khuri Hitti, 1957 **A Modern History of Syria, Including Lebanon and Palestine** Abdul Latif Tibawi, 1970-02-01 *History of Syria Including Lebanon and Palestine. Syria, Etc. A Condensed Version.* Philip Khuri Hitti, 1959 **Palestine: From Balfour Declaration to Oslo Accords** Sachin Tiwari, 2020-06-30 The last hundred years have been the witness of the battles between the Jews and Palestinians and this has posed a big challenge before the world to establish peace on the region This seed of conflict emerged around the beginning of 20th century This book discusses various facts in regard to the origin of the conflict from the beginning of 20th century till its last decade During this time the world community saw many facets of the Palestinian Jewish conflict One major outcome was the emergence of Israel as a nation Eventually Palestinians experienced that they lost their original identity and hence they started their struggle to establish themselves as an independent nation The book is attempted objectively and the facts are presented in a chronological manner which reveals the ancient historical events further explaining the criticality of the topic This book shall help history scholars and general readers of history who are interested in the facts of Middle Eastern history Historical Dictionary of Syria Omar Imady, David Commins, David W. Lesch, 2021-01-21 Historical Dictionary of Syria Fourth Edition covers the recent events in Syria as well as the history that led up to these events The cross referenced dictionary section has over 500 entries on significant persons places and events political parties and institutions literature music and the arts **The Origins of Syrian Nationhood** Adel Beshara, 2012-04-27 The Syria idea emerged in the nineteenth century as a concept of national awakening superseding both Arab nationalism and separatist currents Looking at nationalist movements ideas and individuals this book traces the origin and development of the idea of Syrian nationhood from the perspective of some of its leading pioneers Providing a highly original comparative insight into the struggle for independence and sovereignty in post 1850 Syria it addresses some of the most persistent questions about the development of this nationalism Chapters by eminent scholars from within and outside of the region offer a comprehensive study of individual Syrian writers and activists caught in a whirlwind of uncertainty competing ideologies foreign interference and political suppression A valuable addition to the present scholarship on nationalism in the Middle East this book will be of interest to many professionals as well as to scholars of history Middle East studies and political science History of Syria Including Lebanon and Palestine (Volume 2) Philip K. Hitti, 2002 A brilliant

history of the land into which more historical and cultural events were crowded than perhaps into any area of equal size For Syria has either invented or transmitted to mankind such benefits as monotheistic religion philosophy law trade agriculture and our alphabet

Historical Dictionary of Syria David Commins, 2004-03-29 This Second Edition gives the reader easy access to the history and contemporary situation of one of the world's ancient civilizations The heart of the work is more than 350 entries on the most influential political figures and events religious groups and movements economic sectors social institutions and cultural facets The second edition includes nearly 100 entirely new entries and updates on 43 entries from the first edition An important difference between the two editions is the inclusion of many more entries on social institutions such as the family and coffeehouses cultural aspects such as art architecture cinema literature music and theater and economic facets such as inflation corruption the public sector and efforts at reform There is also expanded coverage on Syria's political dynamics with entries on human rights civil society and security forces The only specific reference work in English this new edition addresses profound changes in Syria's domestic and regional circumstances The domestic political scene witnessed a major transition with the passing of Syria's ruler for 30 years Hafiz al Asad and the unexpectedly smooth succession of his son Bashar as new president in 2000 The regional situation has changed even more since the first edition came out in 1996 Peace talks with Israel collapsed in 2000 and three years later the United States invaded Iraq beginning an occupation of Syria's neighbor for an indeterminate period with incalculable consequences In addition to the A to Z dictionary the second edition contains a chronology that presents fairly general information on early centuries and becomes quite detailed for the most recent years The bibliography also reflects significant changes in research on Syria Not only does the bibliographical essay highlight important new monographs it introduces the reader to credible Internet resources for guides to travel and popular culture as well as news and statistical data at major international organizations

[Syria A Short History](#) Philip K. Hitti, 1959

Syria's Peasantry, the Descendants of Its Lesser Rural Notables, and Their Politics Hanna Batatu, 2012-09-17 In this book the distinguished scholar Hanna Batatu presents a comprehensive analysis of the recent social economic and political evolution of Syria's peasantry the segment of society from which the current holders of political power stem Batatu focuses mainly on the twentieth century and in particular on the Ba'ath movement the structures of power after the military coup d'état of 1963 and the era of Hafez al Asad Syria's first ruler of peasant extraction Without seeking to prove any single theory about Syrian life he offers a uniquely rich and detailed account of how power was transferred from one demographic group to another and how that power is maintained today Batatu begins by examining social differences among Syria's peasants and the evolution of their mode of life and economic circumstances He then scrutinizes the peasants' forms of consciousness organization and behavior in Ottoman and Mandate times and prior to the Ba'athists' rise to power He explores the rural aspects of Ba'athism and shows that it was not a single force but a plurality of interrelated groups prominent among them the descendants of the lesser rural notables with different social goals and

mental horizons The book also provides a perceptive account of President Asad his personality and conduct and the characteristics and power structures of his regime Batatu draws throughout on a wide range of socioeconomic and biographical information and on personal interviews with Syrian peasants and political leaders offering invaluable insights into the complexities of a country and a regime that have long been poorly understood by outsiders *Western Imperialism in the Middle East 1914-1958* D. K. Fieldhouse, 2006-04-06 The term Fertile Crescent is commonly used as shorthand for the group of territories extending around the Rivers Tigris and Euphrates Here it is assumed to consist of Syria Lebanon Jordan Iraq and Palestine Much has been written on the history of these countries which were taken from the Ottoman empire after 1918 and became Mandates under the League of Nations For the most part the histories of these countries have been handled either individually or as part of the history of Britain or France In the first instance the emphasis has normally been on the development of nationalism and local resistance to alien control in a particular territory leading to the modern successor state In the second most studies have concentrated separately on how either France or Britain handled the great problems they inherited seldom comparing their strategies The aim of this book is to see the region as a whole and from both the European and indigenous points of view The central argument is that the mandate system failed in its stated purpose of establishing stable democratic states out of what had been provinces or parts of provinces within the Ottoman empire Rather it generated basically unstable polities and in the special case of Palestine one totally unresolved and possibly unsolvable conflict The result was to leave the Middle East as perhaps the most volatile part of the world in the later twentieth century and beyond The main purpose of the book is to examine why this was so **Minority Rights in the Middle East** Joshua Castellino, Kathleen A. Cavanaugh, 2013-04-25 Within the Middle East there are a wide range of minority groups outside the mainstream religious and ethnic culture This book provides a detailed examination of their rights as minorities within this region and their changing status throughout the twentieth and twenty first centuries The rights of minorities in the Middle East are subject to a range of legal frameworks having developed in part from Islamic law and in recent years subject to international human rights law and institutional frameworks The book examines the context in which minority rights operate within this conflicted region investigating how minorities engage with or are excluded from various sites of power and how state practice in dealing with minorities often ostensibly based on Islamic authority intersects with and informs modern constitutionalism and international law The book identifies who exactly can be classed as a minority group analysing in detail the different religious and ethnic minorities across the region The book also pays special attention to the plight of minorities who are spread between various states often as the result of conflict It assesses the applicable domestic legislative instruments within the three countries investigated as case studies Iraq Syria and Lebanon and highlights key domestic remedies that could serve as models for ensuring greater social cohesion and greater inclusion of minorities in the political life of these countries Lebanon David C. Gordon, 2015-07-24 Even up to the eve of the civil war some observers saw the

Lebanese system as essentially stable and exhibiting some of the virtues of liberty and pluralism which had been commended by the French traveller de Volney a century before But for others its structure was so seriously flawed as to be resolved only by revolution The civil war resulted ultimately from a conglomeration of interdependent factors the religious conflict of Christian and Shi a Muslim the social divisions exemplified in the Belt of Misery around Beirut and the ethnic frictions between the Arab host culture and the Occidentalised Maronites This book first published in 1980 is a lively and incisive study of one of the most ravaged countries of this generation **Review of History of Syria** Hugh Nibley,1952

Humanitarian intervention in the long nineteenth century Alexis Heraclides,Ada Dialla,2015-07-01 This book is a comprehensive presentation of humanitarian intervention in theory and practice during the course of the nineteenth century Through four case studies it sheds new light on the international law debate and the political theory on intervention linking them to ongoing issues and paying particular attention to the lesser known Russian dimension The book begins by tracing the genealogy of the idea of humanitarian intervention to the Renaissance evaluating the Eurocentric gaze of the civilisation barbarity dichotomy and elucidates the international legal arguments of both advocates and opponents of intervention as well as the views of major political theorists It then goes on to examine four cases as humanitarian interventions the Greek War of Independence 1821 31 the Lebanon and Syria 1860 61 the Bulgarian atrocities 1876 78 and the U S intervention in Cuba 1895 98 Humanitarian intervention in the long nineteenth century will be of benefit to scholars and students of international relations international history international law and international political theory An electronic edition of this book is freely available under a Creative Commons CC BY NC ND licence Arab Nationalism B. Tibi,1997-01-14 The third edition includes a new Part Five on the tensions between Arab nationalism and Islam arising from the crisis of the nation state and of the de legitimisation of Pan Arab regimes The effects of the Arab defeat in the Six Day War 1967 and the rise of political Islam in the 1970s are the focus of the new part The background of the analysis of the impact and function of nationalism and its contribution to social and political change in the Third World taking the rise of nationalism in the Middle East as a historical example Professor Tibi concentrates on the period after the First World War when many Arab intellectuals became disillusioned with Britain and France as a result of the occupation of their countries One focus of this study are the writings and influence of Sati al Husri on Middle Eastern politics Professor Tibi illustrates the connection between modern Arab nationalism and nineteenth century German Romantic nationalism which will be of particular interest to the English reader Professor Tibi concludes that while nationalism has played a necessary and important role in the movement for national independence in the Middle East it has since developed into an ideology which seems to obstruct further social and political emancipation This third edition brought completely up to date by a substantial new introduction and two new concluding chapters will be of particular interest to historians and social scientists dealing with nationalism and crises of the nation state as well as to students of the Middle East and contemporary Islam
