Love Opened Heaven's Door Bill Hoffman, 2012-12-13 There is a relatively safe and sane spiritual walk for the Christian and God's love is the source. This book brings good teaching from a variety of teachers, writers, and an outpouring of love, sense, and sensitivity, forgiveness, and acceptance in the Christian walk. God the Father in His methods past has revealed His personality in all its fullness in His Son. The life of Christ is the source for a spiritual walk in the open air without surrender to mystery. Our Christian philosophy should be consistent with reality, make sense, and be practical. Dr. Alva J. McClain has written this clearly, and his statements are a part of this book. Disillusionment feeds on the word 'allow' because it implies that God is the cause or authority behind all events. Pastor author Rick Warren makes a powerful statement quoted in this book about evil and its real cause. What are some of the causes of good and bad things? Does God allow accidents, sickness, and evil? Christianity does not begin with walking; it begins with sitting, wrote Watchman Nee. This book starts with the sitting place in the Christian's permanent home with Christ. Open Heavens 2012 Enoch Adeboye, 2012 Before you lies yet another year filled with 366 opportunities to discover God's powerful presence in your life. Wake up from your spiritual sleep. Get up and get going. God wants to show you the way. Spend time with the Lord, and He will draw near to you. Pray down His power on you as an individual and on the body of Christ, and prepare to experience the fulfillment of His promises, a force far greater than any of your problems. Break the bonds of sin. Live a life of love. His plan for you is perfect. He longs to make you pure. He asks only for your willingness and obedience and offers you abundant blessing. The road may be rocky, but God is the steadfast Rock you can hold onto. Trust Him to teach you. Apply the principles in *Open Heavens* in your life and discover the exhilaration of life in God's Kingdom. *Open Heavens: A DEVOTIONAL PRACTICAL AND RELEVANT FOR OUR TIME* Enoch A. Adeboye *Power Portals* Joshua Mills, 2020-10-06 Heaven is opening for you. I encourage you to read Joshua's book not only to learn about the glory but also to be changed by the glory. Bill Johnson: This book is boot camp for the next and greatest move of God's Spirit in history. Sid Roth: All Christians are intended to live, move, and operate in the supernatural realm. But many people aren't sure how to enter into this realm or how to go deeper in the Spirit. Joshua Mills explains that much more than sensing what God is doing, we can participate in the supernatural on a daily basis through divine portals or gates. Within a power portal, we may experience a sudden realization of God's presence, an abundance of healing, spontaneous joy, signs, and wonders, angelic activity, an increase in spiritual dreams and visions, or extravagant provision. Some portals can be activated in our own bodies through the mind, eyes, ears, mouth, heart, innermost being, hands, and feet. There are also direct heavenly portals and geographical portals, special places where we can experience the release of God's power. Joshua's writing is filled with amazing personal stories of the supernatural at work. Get ready to awaken your connection to the Spirit realm. Get ready to encounter. *Power Portals* Joshua Mills has taken deep spiritual revelation and translated it into language that any reader can understand and apply to daily life. Becky Thompson: Joshua Mills gives you teachings you can trust and

revelations that get you results Tony Kemp *Opening Heaven's Door* Patricia Pearson, 2015-05-19 Nearing Death Awareness is a phenomenon rarely discussed by those who have experienced it and often dismissed by our culture because it defies science or logic Yet roughly half of bereaved people as well as nurses and others who constantly observe the dying have stories of coincidental visions at the exact moment of a loved one's death comforting visits from a departed friend in an hour of need and observations of the uncanny precision with which the dying predict their own deaths even when they appear to the trained eye to be on the brink of recovery These surprisingly common occurrences point toward a larger spiritual reality and the reality of life or something else after death They also have the power to console and comfort us and to transform our understanding of mortality Prompted by her own family's experiences surrounding the deaths of her father and sister journalist Patricia Pearson examines the scientific and anecdotal evidence to challenge current assumptions regarding what we know and what we are still unable to explain about what happens to us at the threshold of death Adapted from publisher description **Legislative Documents Submitted to the ...  the West the story for a long time has revolved around decline and the loss of monopoly status but how are these shifts
 changing the practice of Christianity or individual belief Similarly the rapid growth of Christianities in the Global South has
 been well reported but the continuing complex intersections of mission Christianity with indigenous religions are less well
 known Large scale flows of people across increasingly fluid borders mean that not only does immigration sometimes
 significantly boost Christian numbers in a given country but that different forms of Christianity shift traditional religious
 landscapes How will emerging trends such as reverse mission from the Global South affect Christianities in areas more used
 to sending rather than receiving missions As the majority of believers shifts from the West to the Global South how will issues
 such as homosexuality be played out theologically politically and individually Will new virtual churches manage to create

Fuller this study considers the implications for theology in America when Christianity moved to the airwaves In the heyday of radio religious radio preachers sought to use their programs to counter the secularization of American culture Ultimately however their programs contributed to secularization by accelerating changes already evident in both the conservative and liberal streams of American Christianity To reach a vast American audience radio preachers transformed their sectarian messages into a religion more suitable to the masses thereby altering the very religion it aimed to preserve To make religion accessible to large and diverse audiences radio preachers accommodated their messages in ways suited to the medium of radio Although religious radio preachers set forth to advance the influence of religion in American society their choice to limit theological substance ironically promoted the secularization of the American church
