Surpassing Wonder Donald H. Akenson,2001-09-29 Elegant and inventive *Surpassing Wonder* uncovers how the ancient Hebrew scriptures the Christian New Testament and the Talmuds of the Rabbis are related and how collectively they make up the core of Western consciousness Donald Harman Akenson provides an incisive critique of how religious scholars have distorted the holy books and argues that it was actually the inventor of the Hebrew scriptures who shaped our concept of narrative history thereby founding Western culture *Fanning the Flame* Mark E. Moore,2003 **Kingdom of Fools** Nick Page,2012-05-10 Fools Rebels Ignorant peasants That s how the Roman world saw the first Christians Led by fishermen tax collectors and renegade Pharisees the first Christians shunned power and welcomed the poor and uneducated Roman commentators mocked their upside down values but the apostle Paul himself a Roman citizen and a Pharisee to boot affirmed that God chose what is foolish in the world to shame the wise Its followers were persecuted and its leaders killed yet this ragged collection of lowly tradesmen women slaves and a smattering of turncoat high born Jews created a movement that changed the world How did this happen How did the kingdom of fools conquer the mighty empire that was Rome In this fascinating new biography of the early church Nick Page sets the biblical accounts alongside the latest historical and archaeological research exploring how the early Christians lived and worshipped and just why the Romans found this new branch of the Jewish faith so difficult to comprehend THE KINGDOM OF FOOLS is a fresh challenging accessible portrait of a movement so radical so dangerous so thrillingly different that it outlasted the empire that tried to destroy it and went on to become the driving force of our cultural development and claims more followers today than ever before in history

Paul, Thessalonica and Early Christianity Karl P. Donfried, 2003-01-30 This book concentrates on major Pauline themes and on I Thessalonians in its cultural and religious context as well as exploring other major issues especially with reference to chronology and Judaism The question of Paul's Jewishness is therefore raised with a new urgency What kind of a Jew was Paul Why do we find so many coherences between his language and thought with that of the Community of the Renewed Covenant i.e. the Essenes One of the essays Paul and Qumran suggests that the Dead Sea Scrolls offer valuable clues to understanding Pauline language and thought If in fact there was contact between Paul and the Essenes where would it have taken place If such meetings were held possibly in the Essene Quarter of Jerusalem is there a connection between that area and the location of the earliest Christians in Jerusalem And what kind of Christians were they and how did they impact on the Apostle's missionary activity In connection with this discussion of Paul and Judaism a number of challenges are offered to the so called New Perspective on Paul especially in the work of E P Sanders and James D G Dunn to suggest that a closer study of the Dead Sea Scrolls raises serious questions about the appropriateness of their interpretation of both Judaism and Paul as

well as opening new perspectives that will necessitate not only the rethinking of second temple Judaism but also the origins of earliest Christianity and the relationship between them

Jesus in the Church's Gospels John Henry Paul Reumann,1968

Hebrews, the General Letters, and Revelation Charles B. Puskas,2016-10-28

Most New Testament NT introductions because of page limitations and other reasons tend to minimize their treatment of the last nine books of the Christian Bible from Hebrews to Revelation The focus in these introductions is often on the four Gospels and the Letters of Paul As important as these books are one should not neglect with only a brief survey the treatment of Hebrews the General Letters and the book of Revelation The title given later to the collection Catholic Epistles or General Letters is a reminder of its general appeal to the whole church despite its slow canonical recognition and authorship issues Nevertheless these writings from Hebrews to Revelation continue to capture our attention and ignite our imagination My purpose for this book is to supplement my NT introduction and others like it with a focus on specific questions about each book from Hebrews to Revelation When and why was each book written By whom and to whom was each book written What are some special features of each book How soon or late was each book included in the NT collection Answers to many of these questions are tentative The assured results of scholarship are in continual need of reevaluation Since the 1980s a host of diverse studies have emerged and I have endeavored to include them when they are relevant to the discussion

Acts Darrell L. Bock,2007-10 This substantive yet highly accessible commentary leads readers through all aspects of the book of Acts sociological historical and theological

The Old Testament Writings ,1982-01-01 A simple and direct introduction to the Old Testament The Old Testament Writings emphasizes the faith dimension of the Old Testament The literary critical and historical problems of the Old Testament are discussed but only to provide help in understanding the faith of the Bible This very enjoyable and readable book offers a step by step approach to comprehending the Old Testament and is designed for the lay reader the Bible student seminary introductory courses and church schools This is a complementary text to The New Testament Writings Both volumes offer a comprehensive understanding of the Bible making them valuable resources for education growth and faith

On Earth... Douglas E. Gogerty,2001-05 Have you ever wonder if God loves us After all there is suffering all over the world Why would God allow this Why is there inequity Why do the good die young Why are my prayers never answered Is there any justice in the world I have spent many years wondering these very things I have also wondered why no one can give any answers to these questions They can only say The Lord works in mysterious ways So I have taken it upon myself to answer these very questions These answers have been staring at us all along it is a wonder that no one has stated it before It only takes a change of perspective

Christmas: Tradition, Truth and Total Baubles Nick Page,2020-10-29 Why is Christmas the way it is How did we get from the birth of Jesus to everyone pushing their credit card and their belts to their maximum extent Starting with the events surrounding Jesus birth this book takes us through centuries of commemoration celebration and over consumption Along the way we ll find out why we eat turkey how an obscure Turkish

saint turned into a man flying a sleigh and why that tree in your house should really contain an apple and a snake Combining in depth historical research cheerfully irreverent humour and cutting edge guesswork Nick Page explores what this festival really means and how we can get back to something real and true beneath all that wrapping Biblical Preaching and Teaching Dallas R.
