This is a companion version not the original book Sample Book Insights 1 The Map of Consciousness is a tool that helps you understand the relationships between body mind and spirit It was developed out of a composite of decades of research in a variety of fields It documents the first time that these energy fields have ever been calibrated 2 The energy fields of Shame Guilt and Apathy are located at the bottom of the Map The emotions associated with these levels are self hatred and depression and the view of the world associated with these levels is that of sin and suffering 3 The next energy field is Fear which is also negative but it calibrates at 100 It is the shrinkingness and fear of the future yet it has a lot of energy If we

know what to be afraid of the energy of fear can be beneficial as caution 4 Anger which calibrates at 150 is a very powerful emotion It can be used to pursue something better for oneself and it can lead to progress Pride which calibrates at 175 is a much more powerful emotion than the levels below it However it has a negative direction *Healing and Recovery* David R.
