[A Deluge in Disguise](#) Brady Press, 2018 How should we read Nicole Krauss The History of Love This brilliant work about a Holocaust survivor is too intricate to simply read as a realist novel Readers who take her words as common exaggerations miss the crucial and impactful themes that Krauss colors What began as an examination of the novels use of water developed into my elaborate

argument that Krauss is writing an updated version of the story of Genesis in The Bible in order to face the harsh reality of religious skepticism amongst the Jewish community after the Holocaust By using Genesis as a template she references the story of Creation the Flood the Tower of Babel and smaller biblical elements while weaving together a genuine fictional masterpiece Her seemingly wacky characters are actually modern day angels exhibiting the presence of Gods messengers in everyday life and her lonely protagonist Leo Gursky fulfills his time on earth in the novels final scene This thesis tackles the intricacies of the novel which by opening your mind and reading The History of Love in a mythical context take a more interesting and complex form

Fiction Beyond Secularism Justin Neuman, 2014-07-31 Modernist thinkers once presumed a progressive secularity with the novel replacing religious texts as society's moral epics Yet religion beginning with the Iranian revolution of 1979 through the collapse of communism and culminating in the singular rupture of September 11 2001 has not retreated quietly out of sight In *Fiction Beyond Secularism* Justin Neuman argues that contemporary novelists who are most commonly identified as antireligious among them Orhan Pamuk Salman Rushdie Ian McEwan Margaret Atwood Nadine Gordimer Haruki Murakami and J M Coetzee have defied assumptions and have instead written some of the most trenchant critiques of secular ideologies as well as the most exciting and rigorous inquiries into the legacies of the religious imagination As a result many readers or nonreaders on either side of the religious divide neglect the insights of works like *The Satanic Verses* *Disgrace* and *Snow* *Fiction Beyond Secularism* serves as a timely corrective

Matrilineal Dissent Annie Atura Bushnell, Lori Harrison-Kahan, Ashley Walters, 2024-05-07 Collectively contributors reframe Jewish American literary history through feminist approaches that have revolutionized the field from intersectionality and the MeToo movement to queer theory and disability studies Examining both canonical and lesser known texts this collection asks what happens to conventional understandings of Jewish American literature when we center women's writing and acknowledge women as dominant players in Jewish cultural production

Love's Vision Troy Jollimore, 2011-07-05 Love often seems uncontrollable and irrational but we just as frequently appear to have reasons for loving the people we do In *Love's Vision* Troy Jollimore offers a new way of understanding love that accommodates both of these facts arguing that love is guided by reason even as it resists and sometimes eludes rationality At the same time he reconsiders love's moral status acknowledging its moral dangers while arguing that it is at heart a moral phenomenon an emotion that demands empathy and calls us away from excessive self concern Love is revealed as neither wholly moral nor deeply immoral neither purely rational nor profoundly irrational Rather as Diotima says in Plato's *Symposium* love is something in between Jollimore makes his case by proposing a vision view of love according to which loving is a way of seeing that involves bestowing charitable attention on a loved one This view recognizes the truth in the cliché love is blind but holds that love's blindness does not undermine the idea that love is guided by reason Reasons play an important role in love even if they rest on facts that are not themselves rationally justifiable Filled with illuminating examples from literature *Love's Vision* is an original examination of a subject of vital philosophical and human concern

Holocaust Impiety in Jewish American Literature Joost Krijnen,2016-05-02 The Holocaust is often said to be unrepresentable Yet since the 1990s a new generation of Jewish American writers have been returning to this history again and again insisting on engaging with it in highly playful comic and impious ways Focusing on the fiction of Michael Chabon Jonathan Safran Foer Nicole Krauss and Nathan Englander this book suggests that this literature cannot simply be dismissed as insensitive or improper It argues that these Jewish American authors engage with the Holocaust in ways that renew and ensure its significance for contemporary generations These ways moreover are intricately connected to efforts of finding new means of expressing Jewish American identity and of moving beyond the increasingly apparent problems of postmodernism
