Skin Care Recipes For Natural Radiant Beauty Scott Nelson, 2011-06-23 Every year Americans buy nearly 50 billion dollars worth of cosmetic products. The cosmetic and skin care industry is definitely a huge market. It includes the soaps and gels we use every day as well as acne treatments, anti-aging skin products, deodorants, moisturizers, well, you get the point. From the looks of things there appears to be no end in sight when it comes to market growth. Each and every year thousands of new treatments are created, tested, and brought to market. But if they aren't improving your skin, reducing your acne, symptoms, smoothing your skin, reducing or lessening the effects of wrinkles, then what's the use of your skin care rituals? Even the so-called natural and organic cosmetics seem to carry potential dangers despite the soothing assurances of commercials and manufacturers. *Natural Homemade Beauty* Basmati, From Basmati.com your source for sustainable healthy living.
