Secrets Of The Viet Cong By James W McCoy:

Secrets of the Viet Cong James W. McCoy, 1992 In this thorough examination of the tactical war waged in Vietnam former paratroop officer J W McCoy explains how the Viet Cong won the war and why the strategies they used were effective against the U S forces Shaping their thought with the ideas of Sun Tzu the Viet Cong became adept at maneuver war That skill enabled them to secure and hold the initiative in the Vietnam war Interestingly enough the Viet Cong war doctrine also paralleled Liddell Hart s theories unfortunately few American generals ever read his work Discussions of organization and control battle art order of battle and operations meticulously detailed in hundreds of charts tables and illustrations help the reader understand the strategic mistakes made by the South Vietnamese and the United States and how the Viet Cong maneuvered their way to victory **BOOK JACKET Title Summary** field provided by Blackwell North America Inc All Rights Reserved Professional Journal of the United States Army ,1993-03 **Viet Cong and NVA Tunnels and Fortifications of the Vietnam War** Gordon L. Rottman, 2012-09-20 During the Vietnam War the Viet Cong VC main forces and North Vietnamese Army NVA were forced to hide weapons and supplies underground and to dig protective shelters to counter massive US firepower Their field works defended villages hidden base camps and fortified complexes and took the form of trench systems individual fighting positions crew served weapon positions bunkers caches and extensive tunnel complexes Camouflage and deceptive measures and the employment of obstacles and booby traps went hand in hand with such works This illustrated guide takes a detailed look at the VC NVA tunnel systems field fortifications base camps and camouflage and concealment measures employed during the Vietnam conflict **Military Review** ,1993 The Development of Mine Warfare Norman E. Youngblood, 2006-06-30 In 1997 the International Campaign to Ban Landmines ICBL coordinated the Convention on the Prohibition of the Use Stockpiling Production and Transfer of Anti Personnel Mines and on their Destruction As of mid 2005 145 states had signed the agreement The ICBL s efforts were in large part a response to the careless use of landmines in the previous fifty years The history of mine use in warfare however goes back much further than the World Wars of the 20th century and includes both land and sea use This first comprehensive study traces the technical tactical and ethical developments of mine warfare from ancient times to the present Beginning with mine warfare s roots in ancient Assyria and China Youngblood takes the reader through the centuries of debate about how these hidden weapons should be used A look at 19th century developments explores the intertwined development of land and sea mines and the inventors behind them including Robert Fulton Samuel Colt and Immanuel Nobel father of Alfred Nobel Subsequent chapters examine the use of mines in the American Civil War the Russo Japanese War both World Wars and the battlefields of the Cold War and chart key battles and technical innovations such as the development of air delivered munitions Finally the author addresses the ethical concerns raised by the careless mining namely the impact on civilians and the difficulties of de mining and the treaties that regulate landmine use **Quarterly Review of Military Literature** ,1993 *Iraq and Vietnam*

Jeffrey Record, 2004 U S political and military difficulties in Iraq have prompted comparisons to the American war in Vietnam. The authors conclude that the military dimensions of the two conflicts bear little comparison. Among other things, the sheer scale of the Vietnam War in terms of forces committed and losses incurred dwarfs that of the Iraq War. They also conclude, however, that failed U S state building in Vietnam and the impact of declining domestic political support for U S war aims in Vietnam are issues pertinent to current U S policy in Iraq.

Supplement to Vietnam 1964-1973, 2005 **Supplement to Vietnam 1964-1973** Elwood L. White, 2005 This bibliography is a supplement to the Special Bibliography Series Number 80 compiled in 1990 to support the 14th Military History Symposium. It is primarily intended as a listing of scholarly works completed since 1990 on the Vietnam War, although some works prior to that date are included. The bibliography is selected from the holdings on that war housed in the McDermott Library, United States Air Force Academy, and includes books, journal articles, government publications, and technical reports. Newspaper articles, works of fiction, collections of poetry, and most personal narratives are not included. The Clark Special Collections Branch of the library has extensive primary source materials and artifacts focused on American POW experiences in Southeast Asia. Those items are also excluded from this bibliography since they are limited to in-house use only. Individuals wanting information about that collection should contact the Special Collections Curator and Academy Archivist.

The Lost Mandate of Heaven Geoffrey D. T. Shaw, 2015-10-19 Ngo Dinh Diem, the first president of the Republic of Vietnam, possessed the Confucian Mandate of Heaven, a moral and political authority that was widely recognized by all Vietnamese. This devout Roman Catholic leader never lost this mandate in the eyes of his people; rather, he was taken down by a military coup sponsored by the U S government, which resulted in his brutal murder. The commonly held view runs contrary to the above assertion by military historian Geoffrey Shaw. According to many American historians, President Diem was a corrupt leader whose tyrannical actions lost him the loyalty of his people and the possibility of a military victory over the North Vietnamese. The Kennedy Administration, they argue, had to withdraw its support of Diem. Based on his research of original sources, including declassified documents of the U S government, Shaw chronicles the Kennedy administration's betrayal of this ally, which proved to be not only a moral failure but also a political disaster that led America into a protracted and costly war. Along the way, Shaw reveals a President Diem very different from the despot portrayed by the press during its coverage of Vietnam. From eyewitness accounts of military intelligence and diplomatic sources, Shaw draws the portrait of a man with rare integrity, a patriot who strove to free his country from Western colonialism while protecting it from Communism. A candid account of the killing of Ngo Dinh Diem, the reasons for it, who was responsible, why it happened, and the disastrous results. Particularly agonizing for Americans who read this clearly stated and tightly argued book is the fact that the final Vietnam defeat was not really on battle grounds but on political and moral grounds. The Vietnam War need not have been lost. Overwhelming evidence supports it.

From the Foreword by James V Schall S J, Professor Emeritus, Georgetown University: Did I find a veritable Conradian Heart of Darkness? Yes, I did, but it was

not in the quarter to which all popular American sources were pointing their accusatory fingers in other words not in Saigon but paradoxically within the Department of State back in Washington D C and within President Kennedy s closest White House advisory circle The actions of these men led to Diem s murder And with his death nine and a half years of careful work and partnership between the United States and South Vietnam was undone Geoffrey Shaw from the Preface *Assault from the Sky* Dick Camp,2013-08-26 Action packed he brings the reader artfully through the fog of war with clarity 20th Century Aviation Magazine Vietnam has often been called our first helicopter war and indeed the US Marine Corps as well as Army had to feel its way forward during the initial combats But by 1967 the combat was raging across South Vietnam with confrontational battles against the NVA on a scale comparable to the great campaigns of WWII In 1968 when the Communists launched their mammoth counteroffensive the Marines were forced to fight on all sides with the helicopter giving them the additional dimension that proved decisive in repelling the enemy The author of this book a Vietnam veteran and Purple Heart recipient who has also worked at the USMC History Division and National Museum of the Marine Corps in Quantico uses his experiences as a company commander to bring the story to life by weaving personal accounts after action reports and official documents into a compellingly readable narrative of service and sacrifice by Marine pilots and crewmen The entire story of the war is depicted through the prism of Marine helicopter operations from the first deployments to support the Army of the Republic of Vietnam against the Viet Cong through the rapid US buildup to stop the North Vietnamese Army until the final withdrawal from our Embassy Superlative research Leatherneck *North Vietnamese Army Soldier 1958-75* Gordon L. Rottman,2012-10-20 Commonly mistaken for the locally raised Viet Cong the NVA was an entirely different force conducting large scale operations in a conventional war Despite limited armour artillery and air support the NVA were an extremely politicized and professional force with strict control measures and leadership concepts Gordon Rottman follows the fascinating life of the highly motivated infantryman from conscription and induction through training to real combat experiences Covering the evolution of the forces from 1958 onwards this book takes an in depth look at the civilian and military lives of the soldiers whilst accompanying artwork details the uniforms weapons and equipment used by the NVA in their clash against America and her allies **Historical Dictionary of the War in Vietnam** Ronald B. Frankum Jr.,2011-06-10 For Southeast Asia the Vietnam War altered forever the history topography people economy and politics of the Democratic Republic of Vietnam DRV the Republic of Vietnam RVN Cambodia and Laos That the war was controversial is an understatement as is the notion that the war can be understood from any one perspective One way of understanding the Vietnam War is by marking its time with turning points both major and minor that involved events or decisions that helped to influence its course in the years to follow By examining a few of these turning points an organizational framework takes shape that makes understanding the war more possible Historical Dictionary of the War in Vietnam emphasizes the international nature of the war as well as provide a greater understanding of the long scope of the conflict The major events

associated with the war will serve as the foundation of the book while additional entries will explore the military diplomatic political social and cultural events that made the war unique While military subjects will be fully explored there will be greater attention to other aspects of the war All of this is done through a chronology an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries This book is an excellent access point for students researchers and anyone wanting to know more about the Vietnam War

Losing Binh Dinh Kevin M. Boylan, 2016-12-12 Americans have fought two prolonged battles over Vietnam one in southeast Asia and one ongoing even now at home over whether the war was unnecessary unjust and unwinnable Revisionist historians who reject this view have formulated many contra factual scenarios for how the war might have been won but also put forward one historically testable hypothesis namely that the war actually was won after the 1968 Tet Offensive only to be thrown away later through a failure of political will It is this Lost Victory hypothesis that Kevin M Boylan takes up in *Losing Binh Dinh* aiming to determine once and for all whether the historical record supports such a claim Proponents of the Lost Victory thesis contend that by 1972 President Richard Nixon's policy of Vietnamization had effectively eliminated South Vietnamese insurgents pacified the countryside and prepared the South Vietnamese to defend their own territory with only logistical and financial support from Americans Rejecting the top down approach favored by Revisionists Boylan examines the facts on the ground in Binh Dinh a strategically vital province that was the second most populous in South Vietnam controlled key transportation routes and contained one of the nation's few major seaports as well as the huge US Air Force base at Phu Cat Taking an in depth look at operations that were conducted in the province Boylan is able to uncover the fundamental flaw in the dual objectives of Vietnamization and Pacification namely that they were mutually exclusive The inefficiency and corruption of the South Vietnamese government and armed forces was so crippling that progress in pacification occurred only when Americans took the lead which in turn left the South Vietnamese even more dependent on US support

A Shau Jay Phillips, 2021-05-11 Nestled in Vietnam's Thua Thien Province west of the city of Hue and bordering Laos the narrow 40 kilometer long A Shau Valley situated between densely forested mountain ranges witnessed prolonged campaigning throughout the Vietnam War and served as a hub of the Communist supply network as well as a key point of access to South Vietnam Drawing upon an impressive array of archival materials this deeply researched book offers the first comprehensive account of operations and battles that transpired there during the war coupled with a trenchant analysis of the American failure to wrest control of the Valley despite years of commitment of troops and resources and how that failure contributed to the final outcome of the war In so doing it not only sheds light on where military tactics and strategy devised by American leaders went awry but also traces the extraordinary acts of heroism on the part of American soldiers many of whom lost their lives fighting the North Vietnamese in this hostile forbidding terrain This book which fills a gap in the historiography of the Vietnam War will appeal to scholars seeking to enhance their understanding of major events and turning points in the war as well as to students of military history and

strategy **Air University Library Index to Military Periodicals** ,1992 *Special Bibliography Series* ,1957 A Guide to Intra-state Wars Jeffrey S. Dixon, Meredith Reid Sarkees, 2015-10-22 This title describes how civil war is defined and categorized and presents data and descriptions for nearly 300 civil wars waged from 1816 to the present Analyzing trends over time and regions this work is the definitive source for understanding the phenomenon of civil war *Khe Sanh 1967-68* Gordon L. Rottman, 2012-09-20 A concise focused volume on the NVA's fight for a strategically important military base Khe Sanh was a small village in northwest South Vietnam that sat astride key North Vietnamese infiltration routes In September 1966 a Marine battalion deployed into the area Action gradually increased as the NVA attempted to destroy Free World Forces bases and the siege of Khe Sanh proper began in October 1967 The bitter fight lasted into July 1968 when with the changing strategic and tactical situation the base was finally closed This book details the siege and explains how although the NVA successfully overran a Special Forces camp nearby it was unable to drive US forces from Khe Sanh *Tunnel Rat in Vietnam* Gordon L. Rottman, 2012-02-20 In 1965 soon after the first US combat troops had arrived in Vietnam it was realized that in some areas the Viet Cong had developed vast tunnel complexes in which to hide from the enemy It was long known that such complexes existed but it was not realized just how extensive they were in some areas how important they were to the Viet Cong and how difficult it was to detect and neutralize them At first infantrymen volunteered to enter the tunnels armed with only pistols and flashlights the tunnel runners were soon known to the Australians as tunnel ferrets Starting as an ad hoc force of infantrymen combat engineers and chemical troops it was not long before units were formalized as tunnel exploration personnel and 4 6 man tunnel exploitation and denial teams were created They came to be known simply as tunnel rats with the unofficial motto Non Gratum Anus Rodentum Not Worth a Rat's Ass This title will be based on the personal accounts of those who served in this unique role and will describe the specialist training and equipment not to mention the tactics and combat experiences of those who fought an underground war against the Viet Cong in Vietnam
