The Ecology of War in China Micah S. Muscolino, 2015 This book explores the interplay between war and the environment in Henan Province a hotly contested frontline territory that endured massive environmental destruction and human disruption during the conflict between China and Japan that raged during World War II In a desperate attempt to block Japan's military advance Chinese Nationalist armies under Chiang Kai shek broke the Yellow River's dikes in Henan in June 1938 resulting in devastating floods that

persisted until after the war's end. Greater catastrophe struck Henan in 1942-1943 when famine took some two million lives and displaced millions more. Focusing on these war-induced disasters and their aftermath, this book conceptualizes the ecology of war in terms of energy flows through and between militaries, societies, and environments. Ultimately, Micah Muscolino argues that efforts to procure and exploit nature's energy in various forms shaped the choices of generals, the fates of communities, and the trajectory of environmental change in North China.

The Making and Unmaking of the Chinese Radical Right, 1918-1951 Nagatomi Hirayama, 2022-06-23 Utilising archives in mainland China, Taiwan, Japan, and the USA, Nagatomi Hirayama examines the pivotal role of the Chinese Youth Party in China in the transformative years 1918-51. Tracing the party's birth in 1923 during the May Fourth movement, its revolutionary path to the late 1930s, and its radicalization in the 1940s, Hirayama discusses the emergence of the Chinese Youth Party as a robust revolutionary movement on the right, characterized by its cultural conservatism, political intellectualism, and national socialism. Although its history is relatively unknown, Hirayama argues that the Chinese Youth Party represented a serious competitor to the Chinese Communist Party and Guomindang and proved to be of particular significance during World War II and China's Civil War. Shedding light on the ideas and practices of the Chinese Youth Party provides a significant lens through which to view the Chinese radical right in the first half of the twentieth century.

China at War Xiaobing Li, 2012-01-10 This comprehensive volume traces the Chinese military and its experiences over the past 2,500 years, describing clashes with other kingdoms and nations as well as internal rebellions and revolutions. As the first book of its kind, *China at War: An Encyclopedia* expands far beyond the conventional military history book that is focused on describing key wars, battles, military leaders, and influential events. Author Xiaobing Li, an expert writer in the subjects of Asian history and military affairs, provides not only a broad chronological account of China's long military history but also addresses Chinese values, concepts, and attitudes regarding war. As a result, readers can better understand the wider sociopolitical history of the most populous and one of the largest countries in the world and grasp the complex security concerns and strategic calculations often behind China's decision-making process. This encyclopedia contains an introductory essay written to place the reference entries within a larger contextual framework, allowing students to compare Chinese with Western and American views and approaches to war. Topics among the hundreds of entries by experts in the field include Sunzi's classic *The Art of War*, Mao Zedong's guerrilla warfare in the 20th century, Chinese involvement in the Korean War and Vietnam War, and China's nuclear program in the 21st century.

China on Film Paul G. Pickowicz, 2013-02-28 Leading scholar Paul G. Pickowicz traces the dynamic history of Chinese filmmaking and discusses its course of development from the early days to the present. Moving decade by decade, he explores such key themes as the ever-shifting definitions of modern marriage in 1920s silent features, East-West cultural conflict in the movies of the 1930s, the strong appeal of the powerful melodramatic mode of the 1930s and 1940s, the polarizing political controversies surrounding Chinese filmmaking under the Japanese occupation of Shanghai in the 1940s,

and the critical role of cinema during the bloody civil war of the late 1940s Pickowicz then considers the challenging Mao years including chapters on legendary screen personalities who tried but failed to adjust to the new socialist order in the 1950s celebrities who made the sort of artistic and political accommodations that would keep them in the spotlight in the post revolutionary era and insider film professionals of the early 1960s who actively resisted the most extreme forms of Maoist cultural production The book concludes with explorations of the highly cathartic films of the early post Mao era edgy postsocialist movies that appeared on the eve of the Tiananmen demonstrations of 1989 the relevance of the Eastern European velvet prison cultural production model and the rise of underground and independent filmmaking beginning in the 1990s Throughout its long history of film production China has been embroiled in a seemingly unending series of wars revolutions and jarring social transformations Despite daunting censorship obstacles Chinese filmmakers have found ingenious ways of taking political stands and weighing in for better or worse on the most explosive social cultural and economic issues of the day Exploring the often gut wrenching controversies generated by their work Pickowicz offers a unique and perceptive window on Chinese culture and society

China Under Mao Andrew George Walder, 2015-04-06 China's Communist Party seized power in 1949 after a long period of guerrilla insurgency followed by full scale war but the Chinese revolution was just beginning China Under Mao narrates the rise and fall of the Maoist revolutionary state from 1949 to 1976 an epoch of startling accomplishments and disastrous failures steered by many forces but dominated above all by Mao Zedong Walder convincingly shows that the effect of Maoist inequalities still distorts China today It will be a mind opening book for many and is a depressing reminder for others Jonathan Mirsky The Spectator Andrew Walder's account of Mao's time in power is detailed sophisticated and powerful Walder takes on many pieces of conventional wisdom about Mao's China and pulls them apart What was it that led so much of China's population to follow Mao's orders in effect to launch a civil war against his own party There is still much more to understand about the bond between Mao and the wider population As we try to understand that bond there will be few better guides than Andrew Walder's book Sober measured meticulous in every deadly detail it is an essential assessment of one of the world's most

Lew, Edwin Pak-wah Leung, 2013-07-29 The Chinese Civil War which lasted several years or several decades depending on how you define it was one of the most momentous wars of the 20th century for it determined the fate of the world's most populous country and was bitterly fought with millions of combatants involved and hundreds of millions of civilians affected. More to the point it was won by the Chinese Communist Party under Mao Zedong who imposed Communist rule while the Nationalists retreated to Taiwan. It also heated up the Cold War for quite some time as the Communists were supported by the Soviet Union and the Nationalists by the United States. This second edition of the Historical Dictionary of the Chinese Civil War studies the longer broader war and its chronology carefully tracks the major events. The introduction then provides a broad overview describing the contending forces and showing how the Communists come out on top. The details and these are crucial are laid out in over 200 cross referenced dictionary entries dealing with the opposing forces and parties, the major campaigns and battles, the Long March and of course the leadership on both sides. This book, one of few such in English, provides a very solid basis for study but that can be accomplished more effectively by consulting the titles listed in an extensive bibliography.
