Serpent Of Light Beyond 2012 By Drunvalo Melchizedek:

Serpent of Light Drunvalo Melchizedek, 2008-01-01 Part travel adventure part spiritual instruction a first hand account of the movement of the Earth's Kundalini and the rise of the Female Light 1948 to 2013 **Serpent of Light** Drunvalo Melchizedek, 2008-01-01 Serpent of Light is a masterful description of the great Earth activations that are occurring during the end of the Mayan Calendar Barbara Hand Clow author of The Mayan Code Every 13 000 years on Earth a sacred and secret event takes place that changes everything Mother Earth's Kundalini energy emerges from its resting place in the planet's core and moves like a snake across the surface of our world Once at home in ancient Lemuria it moved to Atlantis then to the Himalayan mountains of India and Tibet and with every relocation changed our idea of what spiritual means And gender And heart This time with much difficulty the Serpent of Light has moved to the Andes Mountains of Chile and Peru Multi dimensional multi disciplined and multi lived for the first time in this book Drunvalo begins to tell his stories of thirty five years spent in service to Mother Earth Follow him around the world as he follows the guidance of Ascended Masters his two spheres of light and his own inner growing knowledge His story is a living string of ceremonies to help heal hearts align energies right ancient imbalances and balance the living Earth's Unity Consciousness Grid in short to increase our awareness of the indivisibility of life in the universe We are all rocks and people and interdimensional beings one Life may seem to be business as usual but it is not We are changing fast Remember this for life is going to present stranger things to you in your lifetime and they all have meaning and purpose Only Mother Earth and ancient Maya know what's going to happen from Serpent of Light *Sacred Serpent* A.J. Carmichael, This book frequently returns to the theme of duality particularly in relation to the serpent and the sun In addition to signifying danger dishonesty and death the serpent also symbolizes rebirth transformation and healing In a similar vein the sun represents both harshness and destruction in addition to life energy and growth The investigation of this duality implies that knowledge of these two facets is necessary to comprehend both the natural world and the human predicament The distinction between mythology and historical truth is becoming increasingly hazy demonstrating how actual occurrences and cultures have shaped myths and legends and how those have in turn influenced them It is argued that myths are more than just fantastic stories rather they have deep roots in societal advancements and human experiences This emphasizes how crucial mythology is to how we perceive the world and ourselves The book explores the symbolic meanings of the sun and serpent in psychology Based on Carl Jung's theories of archetypes and the collective unconscious it clarifies why these symbols are so universally recognizable and appealing The symbols are believed to resonate with deeply ingrained psychological concepts and experiences that everyone shares making them useful tools for reflection and understanding of behavior in others Numerous studies conducted in a range of cultural contexts highlight the idea that human belief systems are both universal and diverse The book provides examples of how various societies have integrated and understood the symbols of the sun and the serpent in ways that are particular to their own

historical settings and cultural norms This demonstrates the diversity of human expression in culture and the interdependence of human societies 2012 Joseph Gelfer,2014-09-11 21 December 2012 was believed to mark the end of the thirteenth Baktun cycle in the Long Count of the Mayan calendar Many people believed this date to mark the end of the world or at the very least a shift to a new form of global consciousness Examining how much of the phenomenon is based on the historical record and how much is contemporary fiction the book explores the landscape of the modern apocalyptic imagination the economics of the spiritual marketplace the commodification of countercultural values and the cult of celebrity **Debunk It!** John Grant,2015-02-24 A guide to critical thinking for young readers looking to find some clarity in a confusing world *Crystal Skulls* Jaap van Etten,2013-01-01 Humans creators in training have a purpose and destiny so heartwarmingly profoundly glorious that it is almost unbelievable from our present dimensional perspective Humans are great lightbeings from beyond this creation gaining experience in dense physicality by slowing down the creative process in order to feel the results and consequences of their decisions and actions This truth about the great human genetic experiment of the Explorer Race and the mechanics of creation is being revealed for the first time by Zoosh and his friends as humanity begins to awaken to its true nature Zoosh and a great assortment of beings who have never spoken to the physical plane before from particles to All That Is speak vibrantly through superchannel Robert Shapiro Each personality has its own knowing perception and expertise as it shares its history its present focus and the awesome truth about humanity's mission The books read like adventure stories as we follow the clues from **Trading Beyond the Matrix** Van K.
