Shinto Sokyō Ono, William P. Woodard, 1962 **Shintō** , 1984 神道 概論, 2010-07 **Shinto in History** John Breen, Mark Teeuwen, 2013-10-18 This is the only book to date offering a critical overview of Shinto from early times to the modern era and evaluating Shinto s place in Japanese religious culture In recent years a few books on medieval Shinto have appeared but none has attempted to depict the broader picture to examine critically Shinto s origins and its subsequent development through the medieval pre modern and modern periods The essays in this book address such key topics as Shinto and Daoism in early Japan Shinto and the natural environment Shinto and state ritual in early Japan Shinto and Buddhism in medieval Japan and Shinto and the state in the modern period All of the essays highlight the dynamic nature of Shinto and shrine history by focusing on the three way relationship often fraught between local shrine cults Shinto agendas and Buddhism **Shinto** , 1962 *Shinto, the Kami Way... in Collab* Sokyō Ono, William P.. Shinto Man Joseph John Spae, 1972 *Essentials of Shinto* Stuart Picken, 1994-11-22 Shinto is finally receiving the attention it deserves as a fundamental component of Japanese culture Nevertheless it remains a remarkably complex and elusive phenomenon to which Western categories of religion do not readily apply A knowledge of Shinto can only proceed from a basic understanding of Japanese shrines and civilization for it is closely intermingled with the Japanese way of life and continues to be a vital natural religion This book is a convenient guide to Shinto thought As a reference work the volume does not offer a detailed critical study of all aspects of Shinto Instead it overviews the essential teachings of Shinto and provides the necessary cultural and historical context for understanding Shinto as a dynamic force in Japanese civilization The book begins with an historical overview of Shinto followed by a discussion of Japanese myths The volume then discusses

the role of shrines which are central to Shinto rituals Other portions of the book discuss the various Shinto sects and the evolution of Shinto from the Heian period to the present Because Japanese terms are central to Shinto the work includes a glossary **Shinto: The Way of the Gods II** Hermann Candahashi, Shinto The Way of the Gods II The Soul of Japan Between Tradition and Present Discover a unique journey into the fascinating world of Shintoism the oldest religion in Japan with Shinto The Way of the Gods II This book takes you into a harmonious combination of tradition and modernity in which the worship of nature ancestors and the gods Kami still play a central role today Whether you are a traveler Japan lover or spiritually interested person this book gives you valuable insights into the history rituals and cultural treasures of Shinto Understand the meaning of the holy shrines the secret of the Torii gates and the deeply rooted values that shape the lives of people in Japan What this book offers Insights into Shinto rituals and festivals Matsuri Learn how spirituality is lived in everyday Japanese life Understanding Japanese mythology Discover the legends of Amaterasu Izanagi and Izanami Combining tradition and modernity How has Shintoism developed to this day Practical orientation Perfect for travelers and anyone who wants to understand the spiritual essence of Japan Inspiring stories Learn how Shintoism promotes harmony and closeness to nature This book is not just an informative introduction but an inspiring guide that lets the reader delve deep into the soul of Japan Bring the time honored traditions of Japan to life with me and learn how this ancient religion influences the modern world and let yourself be enchanted by the spiritual beauty of Japan Yours Hermann Cadahashi **The Night of the Gods** John O'Neill, 1897 **Pacific Affairs** , 1964 Includes book reviews and bibliographies **Buddhism, Taoism, Confucianism and Shintoism** Ashok Vohra, Kotta Ramesh, 2023-09-29 K Satchidananda Murty 1924 2011 was a vociferous writer and an iconoclast In recognition of his contribution in the field of Philosophy he was awarded the highly coveted BC Roy Award in Philosophy and Padma Vibhushan by the Government of India This volume is a collection of his unpublished writings in philosophy It features Murty s essays on Buddhism Taoism Confucianism and Shintoism The texts study the origins of Indian Chinese and Japanese philosophical traditions and provide a comparative study of the different schools of thought Murty analyzes the development of science in the ancient Indian tradition especially in the areas of geometry algebra architecture engineering and astronomy He also provides recommendations for promoting Asian philosophies and cultures to the world without dependence on the West An important contribution the book presents K Satchidananda Murty s contribution to philosophy during the 61 years of his engagement with active writing and teaching It will be of great interest to scholars teachers and students of Indian philosophy Hindu philosophy comparative philosophy Asian philosophy religious studies and South Asian studies **Creative Freedom** Joseph Warren Teets Mason, 1926 自由の創造 自由の創造, 1986 **Around the World Via Siberia** Nicholas Senn, 1902 **Of Human Bondage and Divine Grace** John Ross Carter, 1992 Deliverance from bondage is at the heart of the Christian message It is also as this volume demonstrates the message in the hearts of men and women living religiously in diverse traditions around the world Of Human Bondage and
