opposition Fake news is the order of the day This book is about a man to whom all of it points the greatest conspiracist of this generation and a man you may not have heard of A former U S naval intelligence worker Milton William Cooper published his manifesto Behold a Pale Horse in 1991 Since then it has gone on to sell hundreds of thousands of copies becoming the number one bestseller in the American prison system According to Behold a Pale Horse JFK was assassinated because he was about to reveal that extraterrestrials were about to take over the earth by his driver an alien himself AIDS is a government conspiracy to decrease the population of blacks Hispanics and homosexuals and the Illuminati are secretly involved with the U S government to manage relationships with extraterrestrials Cooper died in a shootout with Apache County police in 2001 one month after September 11 in the year in which he had predicted catastrophe In Pale Horse Rider journalist Mark Jacobson not only tells the story of Cooper s fascinating life but also provides the social and political context for American paranoia Indeed with the present NSA situation and countless other shadowy government dealings often in the news aren t we right to suspect that things may not be as they seem

Ghosts of Iron Mountain Phil Tinline,2025-03-25 Spellbinding Rick Perlstein A clever fast paced read of dazzling originality William I Hitchcock An excellent new book both important and unsettling The New York Times *Ghosts of Iron Mountain* unravels the astounding origins and far reaching impacts of a monumental late 1960s hoax perpetrated by cultural icons including Victor Navasky and E L Doctorow a must read for anyone curious about the surprising connections between John F Kennedy Oliver Stone Timothy McVeigh Alex Jones and Donald Trump Explore the intricate web of America s conspiracy culture with this investigative masterpiece that unearths the roots of our era s most potent myths In 1966 amid unrest over the Vietnam War and the alarming growth of the military industrial complex little known writer Leonard Lewin was approached by a group of ingenious satirists on the Left to concoct a document that would pretend to ratify everyone s fears that the government was deceiving the public Devoting more than a year to the project Lewin constructed a fiction passed off as the honest truth that a government run Study Group had been charged with examining the cost of peace setting its first meetings in the very real Iron Mountain nuclear bunker in upstate New York which lent the resulting book Report from Iron Mountain its name In Lewin s telling this gathering of the nation s academic elite concluded that suspending war would be disastrous forcing all sorts of bizarre measures to

compensate Lewin didn't realize it at the time but he'd created a narrative that fed the interests of both ends of the political spectrum by promoting the idea that the government uses centralized power for evil. What fascinates about Phil Tinline's revelation filled recreation of that ingenious hoax is seeing how it explodes into America's consciousness dominates media reports and sends government officials scrambling. And then how Lewin's fabrication is adopted by a seemingly endless string of extremist organizations which view it as supporting their ideology. In this riveting and at times chilling tale is an unsettling warning about how in contemporary times a deception may no longer be considered a hoax if it can be used to recruit followers to a cause.

When the government is silent theories fill the space in a genuine effort to see the big picture.

The result will be the most wonderful experience in the history of man or the most horrible enslavement that you can imagine. Be active or abdicate the future is in your hands.
