The Anxious City Richard J. Williams, 2004-03-01 In the Western world cities have arguably never been more anxious practical anxieties about personal safety and metaphysical anxieties about the uncertain place of the city in culture are the small change of journalism and political debate Cities have long been regarded as problems in need of drastic solutions In this context the contemporary revival of city centres is remarkable But in a culture that largely fears the urban how can the contemporary city be imagined How is it supposed to be used or inhabited What does it mean Taking England since WWII as its principal focus this provocative and original book considers the Western city at a critical moment in its history

Pell, 2014-07-24 They say that laughter is a purely human phenomenon so exclusively ours that we brook no intruders except of course for the laughing hyena the laughing jackass officially known as the kookaburra bird of Australia laughing matters laughing gas or the perennial laughing stock But what is humor that funny thing so varied in its colors and tones so encompassing in its themes so different from time to time and place to place And when we poke fun at whom are we really laughing At Whom Are We Laughing Humor in Romance Language Literatures is the selective product of a multinational gathering of scholars sponsored by Hofstra University in Hempstead New York to explore humor across the centuries in the literatures of Italy France Romania the Iberian Peninsula and its diaspora The volume contains thirty one scholarly and interpretative papers on diverse aspects of their wit provocative aspects that are for the most part little known to the general

reader Precisely because of its scope and diversity its appeal should extend beyond academia into the libraries of the intellectually curious be they English speakers or not be they specialists in humanities psychology society and culture or merely interested amateurs who frequent the many new humor societies and clubs that abound in the world of today

Investigating Identities ,2009-01-01 Investigating Identities Questions of Identity in Contemporary International Crime Fiction is one of the relatively few books to date which adopts a comparative approach to the study of the genre This collection of twenty essays by international scholars examining crime fiction production from over a dozen countries confirms that a comparative approach can both shed light on processes of adaptation and appropriation of the genre within specific national regional or local contexts and also uncover similarities between the works of authors from very different areas Contributors explore discourse concerning national and historical memory language race ethnicity culture and gender and examine how identity is affirmed and challenged in the crime genre today They reveal a growing tendency towards hybridization and postmodern experimentation and increasing engagement with philosophical enquiry into the epistemological dimensions of investigation Throughout the notion of stable identities is subject to scrutiny While each essay in itself is a valuable addition to existing criticism on the genre all the chapters mutually inform and complement each other in fascinating and often unexpected ways This volume makes an important contribution to the growing field of crime fiction studies and to ongoing debates on questions of identity It will therefore be of special interest to students and scholars of the crime genre identity studies and comparative literature It will also appeal to all who enjoy reading contemporary crime fiction
