Dolan,2016-08-16 Is there a secret space program that is connected in some way to UFOs In this booklet historian Richard Dolan delves into this question one of the most discussed in ufology today Providing a wealth of data and context for the reader he offers his own conclusion yes there is indeed such a program But this program is not a simple extension of the normal operations of the U S government or military much less of NASA Instead it seems to be the product of what Dolan has previously termed a breakaway civilization a radically advanced and increasingly separate structure that has access to classified science and data denied to the rest of us Adapted from his classic lecture at the Secret Space Program and Breakaway Civilization conference in San Mateo this is now offered as a volume in the Richard Dolan Lecture Series **The Saucer and the Swastika** S. D.
