Author Paul A Laviolette:

Secrets of Antigravity Propulsion Paul A. LaViolette, 2008-07-10 A complete investigation of the development and suppression of antigravity and field propulsion technologies Reveals advanced aerospace technologies capable of controlling gravity that could revolutionize air travel and energy production Reviews numerous field propulsion devices that have thrust to power ratios thousands of times greater than a jet engine Shows how NASA participates in a cover up to block adoption of advanced technologies under military development In *Secrets of Antigravity Propulsion* physicist Paul LaViolette reveals the secret history of antigravity experimentation from Nikola Tesla and T Townsend Brown to the B 2 Advanced Technology Bomber He discloses the existence of advanced gravity control technologies under secret military development for decades that could revolutionize air travel and energy production Included among the secret projects he reveals is the research of Project Skyvault to develop an aerospace propulsion system using intense beams of microwave energy similar to that used by the strange crafts seen flying over Area 51 Using subquantum kinetics the science behind antigravity technology LaViolette reviews numerous field propulsion devices and technologies that have thrust to power ratios thousands of times greater than that of a jet engine and whose effects are not explained by conventional physics and relativity theory He then presents controversial evidence about the NASA cover up in adopting these advanced technologies He also details ongoing Russian research to duplicate John Searl's self propelled levitating disc and shows how the results of the Podkletnov gravity beam experiment could be harnessed to produce an interstellar spacecraft

The Hunt for Zero Point Nick Cook, 2007-12-18 This riveting work of investigative reporting and history exposes classified government projects to build gravity defying aircraft which have an uncanny resemblance to flying saucers The atomic bomb was not the only project to occupy government scientists in the 1940s Antigravity technology originally spearheaded by scientists in Nazi Germany was another high priority one that still may be in effect today Now for the first time a reporter with an unprecedented access to key sources in the intelligence and military communities reveals suppressed evidence that tells the story of a quest for a discovery that could prove as powerful as the A bomb *The Hunt for Zero Point* explores the scientific speculation that a zero point of gravity exists in the universe and can be replicated here on Earth The pressure to be the first nation to harness gravity is immense as it means having the ability to build military planes of unlimited speed and range along with the most deadly weaponry the world has ever seen The ideal shape for a gravity defying vehicle happens to be a perfect disk making antigravity tests a possible explanation for the numerous UFO sightings of the past 50 years Chronicling the origins of antigravity research in the world's most advanced research facility which was operated by the Third Reich during World War II *The Hunt for Zero Point* traces U S involvement in the project beginning with the recruitment of former Nazi scientists after the war Drawn from interviews with those involved with the research and who visited labs in Europe and the United States *The Hunt for*

Zero Point journeys to the heart of the twentieth century's most puzzling unexplained phenomena Anti-Gravity Propulsion Dynamics Paul Potter, 2016-03 This book introduces a brand new field of scientific research based upon analysis of artifacts retrieved from crashed and damaged UFOs that have come down in Russia and America For the first time it reveals the scientific principles behind UFO propulsion dynamics and shows that these principles are known and recognized by today's physicists Potter's analyses of these UFO mechanisms are substantiated with references to a broad array of over 300 research papers published in scientific journals Potter correlates many of the phenomena observed firsthand by close encounter witnesses and abductees and pinpoints the common themes reported categorizing them according to known physical principles He produces a comprehensive orchestration of energy dynamics used inside and around UFOs His precise and lavish illustrations allow the reader to enter directly into the realm of the advanced technological engineer and to understand quite straightforwardly the aliens methods of energy manipulation their methods of electrical power generation how they purposely designed their craft to employ the kinds of energy dynamics that are exclusive to space discoverable in our astrophysics in order that their craft may generate both attractive and repulsive gravitational forces their control over the mass density matrix surrounding their craft enabling them to alter their physical dimensions and even manufacture their own frame of reference in respect to time Includes a 16 page color insert *Incredible Technologies of the New World Order* Commander X, 1997 Is there evidence of a joint alien military plot to control humankind Has a secret cabal of the planet's movers and shakers made an unholy alliance with extraterrestrials in exchange for alien technology Go inside Area 51 Learn of the latest developments in Tesla Technology Free Energy and the Ultra Top Secret HAARP Project Learn the mind blowing truth about the infamous Philadelphia Experiment and how during WW II mankind first discovered the secrets of teleportation and time travel Discover how Nikola Tesla a man who was born in the 19th century discovered the science behind anti gravity and the Particle Beam Death Ray Commander X a former military intelligence operative with insider connections spills the beans on a variety of top level classified projects generally unknown to the public Secrets of Ufo Technology Kenneth W. Behrendt, 2007-03-01 In *Secrets of UFO Technology* Kenneth W Behrendt author of *The Physics of the Paranormal* reveals some of the conclusions he reached concerning the UFO phenomenon after decades of intensive research The result is a unique treatment of the subject that is far in advance of what has been generally available to date After learning how an extraterrestrial craft negates its normal mass and weight to achieve gravity free inertialess flight you'll be ready to take inspection tours of a typical flying saucer and mother ship During your journey of discovery you'll also learn how UFOs stall automobiles how alien craft and their crews can become invisible how ufonauts levitate themselves for independent flight outside of their craft and all about the shocking details behind the cattle mutilation cases *Secrets of UFO Technology* is a profusely illustrated work that truly has the potential to revolutionize the science of ufology

balanced and unbiased investigation it deserves ANTIGRAVITY PROPULSION Human or Alien Technologies is a far reaching exploration into the UFO phenomenon that covers all possible scenarios and discounts nothing Written by novelists filmmakers and independent researchers James Morcan Lance Morcan with a foreword by advanced interstellar propulsion systems expert Grant Hayman and an afterword by leading scientist and space industry veteran Dr Takaaki Musha one of the great enigmas of all time is examined with equal doses of open mindedness and skepticism This book includes never before mentioned accounts of popular UFO topics like Area 51 Roswell and alien abduction claims as well as tackling less reported subjects such as Nazi and Japanese antigravity experiments and even rarer theories involving quantum physics and lost civilizations of the ancients What do all the sightings of UFO s around the world reveal Who is covering up the existence of these strange craft in our skies And are the technologies manmade or extraterrestrial in origin Forget what you think you already know and prepare to be surprised For those searching for the truth about these exotic technologies and wanting to know why they are being concealed from the public ANTIGRAVITY PROPULSION is a must read [UFOs and Anti-gravity](#) Bruce Leonard Cathie, Peter Neville Temm, 1977 *Unconventional Flying Objects* Paul R. Hill, 2014-06-01 A NASA R D engineer does a masterful job ferreting out the basic science and technology behind the elusive UFO characteristics Edgar Mitchell Sc D Apollo 14 Astronaut Paul Hill was a well respected NASA scientist when in the early 1950s he had a UFO sighting Soon after he built the first flying platform and was able to duplicate the UFO s tilt to control maneuvers Official policy however prevented him from proclaiming his findings I was destined says Hill to remain as unidentified as the flying objects For the next twenty five years Hill acted as an unofficial clearing house at NASA collecting and analyzing sightings reports for physical properties propulsion possibilities dynamics and more To refute claims that UFOs defy the laws of physics he had to make technological sense of the unconventional object After his retirement from NASA Hill finally completed his remarkable analysis In *Unconventional Flying Objects* published posthumously he presents his findings that UFOs obey not defy the laws of physics Vindicating his own sighting and thousands of others he proves that UFO technology is not only explainable but attainable **Aliens and Secret Technology** Martin Ettington, 2017-11-26 This book is an overview of both the history of aliens and UFOS as well as a review of hidden aerospace and propulsive technologies Where did these technologies come from And how have they developed in the intervening years Also I try to answer some questions of how likely some of these claims are because some things having to do with UFOs and aliens are much more documented than others There are also many alien related and secret programs that most of you readers may have never heard of The most interesting ones are summarized here *NIKOLA TESLA, UFOS AND THE EXTRATERRESTRIAL EQUATION* Maximillien De Lafayette, 2013-01-12 Published by Art UFOs Supernatural Magazine Author s website www.maximilliendelafayettebibliography.com Nikola Tesla who was in touch with Maria Orsic knew a lot about the extraterrestrial phenomenon Sava Kosanovic reported that his uncle Nikola Tesla told him about the German Bell UFO and Maria Orsic s Vrili

and in one of his correspondences with Marshal Tito he explained to the Yugoslavian leader how these machines could work The personal files of Nikola Tesla seized by the United States government right after his death in 1943 revealed beyond the shadow of doubt that UFOs are real Tesla s anti gravity flying disk flew successfully There are many planets inhabited by intelligent civilizations A contact with extraterrestrials is possible if we have adequate instruments Some galactic civilizations are in constant confrontation with other civilizations and are part of the aliens cosmic rapture Physics of UFO Gravity Manipulation Paul E. Cathie,Peter N. Temm,1971-01-01 **Human & Alien UFO Anti-Gravity Research** Martin K Ettington,2021-05-04 Quite a few books have been written about anti gravity and UFOs I surveyed the existing literature and determined that a solid collection of real research on anti gravity and possible Alien anti gravity technology really does not exist in one place The US Government has also been doing research on this topic for over seventy years When I decided to write this book I collected many disparate sources of anti gravity research and the contributions of possible alien anti gravity information The stories of anti gravity usage in flying craft goes back thousands of years to the stories of Vimanas from ancient Indian texts Nicola Tesla the famous inventor of AC current and other things was involved with anti gravity as discussed later in this book There are also a number of aeronautical and space ships which have been built possibly using anti gravity technologies These craft are listed and described here too Finding technological methods of defying gravity will have incredible implications for space travel and fascinating improvements in our already high tech civilization *Exempt from Disclosure* Robert M. Cramp,1997-03 Long out of print Cramp s 1966 classic book on flying saucer propulsion and suppressed technology is available again Cramp wrote Space Gravity and the Flying Saucer in 1954 and was Vice President of the British UFO Research Association BUFORA This is a highly technical look at the UFO phenomenon by a trained scientist Cramp first introduces the idea of anti gravity and introduces us to the various theories of gravitation He then examines the technology necessary to build a flying saucer and examines in great detail the technical aspects of such a craft Cramp s book is a wealth of material and diagrams on flying saucers anti gravity suppressed technology G fields and UFOs The Basics - The UFO How-To Sampler Luke Fortune,2014-09-08 This book was written in response to the number of requests to simplify the science of Black project aerospace technology often called the UFO phenomenon This introductory book breaks down the science of the UFO How To Aerospace Technical Manuals into an easily comprehensible reading with single examples of the various methodologies simplified explanations and a section addressing the most commonly asked questions Whereas the other books in the UFO How To Aerospace Technical Manuals are in depth encyclopedias on their given Title topics The Basics gives a concise direct view with a sampler plate approach touching on the major technologies in propulsion and power systems that operate craft that possess almost supernatural abilities That glowing ball of light you saw That propulsion system is in here The glowing craft streaking across the sky at thousands of miles per hour making hairpin maneuvers that propulsion system is in here Plasma thrusters fusion technology it s in here **Electrogravitics Systems** Thomas Valone,1993 Discovered in 1918 by a professor electrogravitics has been put to the test decade after decade by aviation industries and the military It is an anomalous propulsion force from a high voltage capacitive charge similar to an electrokinetic force In the 1950s T Townsend Brown recommended a flying wing model to the Naval Research Lab for its implementation and years later the B 2 bomber fulfilled this vision Electrogravitics Systems includes historical documents patents and an exciting article by Dr Paul LaViolette on how the B 2 uses such an energy efficient futuristic propulsion concept today **Etheric Ufo Portals** Nigel Mortimer,2017-05-17 Scientific Genius and Prophet Nikola Tesla envisaged a quality of the atmosphere which he called the Aetheric Energy Field This energy enveloped all of reality on planet Earth and beyond He was certain that all matter drew its energy from this hidden force The author has studied Tesla s findings concerning the Ether and looked at the problem from a dowsers point of view He suggests that it is from this strange hidden energy that information can be extracted by the human mind Further he speculates that some UFO phenomenon and Other Worldly Entities may be able to communicate with us

using this Ether at energy cross over points in the sacred landscape Using the Ether energy these Beings can manipulate matter project thought forms and change the way we understand our everyday world Taking us through a journey from the hidden and amazing life of Tesla to modern day Quantum Physics the book explores how Etheric Energy may play a vital part in allowing UFOs and visitors from other planets to travel through portals Nigel Mortimer s refreshing new look at UFOs Portals and Earth Energies brings about a brand new theory concerning the Ether which modern science is beginning to appreciate once again This is no ordinary UFO book It is an exploration into the unknown chapters of the mind and how we are able to appreciate in a better way some of the true mysteries and conspiracies of today **Beyond Top Secret** Timothy Good,1996
