Do you want to bring balance and inner peace into your life? This book will take you on a journey to discover hidden powers locked inside you and teach you techniques to release them. You will learn what 7 Chakras are, how we discovered their existence, and who has them and can heal them. Together we will go through the journey of awakening the Chakras, and I will be your guide on your journey to Self Healing through your Chakra system. Chakras are a field of energy that vibrates at certain frequencies in your body. When you are going about your everyday life, you won't even notice that energy because we aren't shown or taught how to understand them or work with healing them when we are young. Every day your Chakras are a part of your life experience. The energy that they are is something that cannot be seen with the naked eye by most people, although some healers are known to have pictured them, and they are always in some kind of fluctuation between high and low or negative and positive energy. The Chakras have been described as being vortexes or wheels of spinning energy that have a color and a light frequency associated with them. They are working hard to keep your health in order, and when you are not in good health, neither are your Chakras. Let me explain a little bit more about how energy works so that you can understand how the Chakras work with our whole experience of life. Energy is in all things. Everything has an energetic force field or vibrational frequency that can actually be measured with technology. We are energy; the device you are holding in your hand is energy. The chair you are sitting on has an energetic output. Everything has energy. When you are thinking about the Chakras and you can picture them as energy, try seeing how that energy can shift or change in certain ways. Learning from this Guide is an effective way to develop your Inner Energies. Inside you will find many techniques on How to awaken the Third Eye and find the empathic power and your secret side of personality. The Third Eye is associated with Spirituality and understanding of Spiritual Things. Many people mistake
