Building Mennonite Belonging Hyung Jin (Pablo) Kim Sun, 2025-02-18 Hyung Jin Kim Sun is a Mennonite. He was born in Paraguay and raised by a Korean immigrant family before attending an evangelical seminary in the United States. There he joined a Mennonite church though he often returned from gatherings feeling uneasy. Most Mennonites he met were white with European heritage and their faith community was often their ethnic community as well. As a Korean Paraguayan, Kim Sun felt that he would never be Mennonite enough. This crisis of religious identity prompted him to work towards an intercultural Mennonite church where all people could experience full belonging. *Building Mennonite Belonging* explores the interplay between ethnicity, culture, race, and faith in Canada and other multicultural societies. Using three Mennonite theologies: messianic community, missional church, and shalom church, Kim Sun navigates the intersection of identity and belief to broaden the vision of Mennonite peoplehood. These theologies show that Mennonites aspire to engage with the world, dialogue with those from diverse backgrounds, seek peace, and strive for reconciliation. The materials to build an intercultural church can be found within existing Mennonite teachings and traditions. Though centred on Mennonites, Kim Sun's insights resonate with any faith community grappling with ethnocultural and racial diversity. Envisioning new possibilities for faith communities in the twenty-first century, *Building Mennonite Belonging* advocates for a church that reflects and responds to the diverse society it inhabits. Kim Sun's work is not only a call to action but a guide to fostering a more inclusive church and society.

Discover Sociology William J. Chambliss, Daina S. Eglitis, 2016-12-02 *Discover Sociology* explores sociology as a discipline of curious minds with the theoretical, conceptual, and empirical tools needed to understand, analyze, and even change the world. Organized around the four main themes of *The Sociological Imagination*: Power and Inequality, Technological Transformations of Society, and Globalization, every chapter in the book illuminates the social roots of diverse phenomena and institutions.

The Gendered Motorcycle Esperanza Miyake, 2018-06-14 What happens to gender at 120mph? Are Harley Davidsons more masculine than Yamahas? *The Gendered Motorcycle* answers such questions through a critical examination of motorcycles in film, advertising, and television. Whilst bikers and biker cultures have been explored previously, the motorcycle itself has remained largely under-theorised, especially in relation to gender. Esperanza Miyake reveals how representations of motorcycles can produce different gendered bodies, identities, spaces, and practices. This interdisciplinary book offers new and critical ways to think about gender and motorcycles and will interest scholars and students of gender, technology, and visual cultures, as well as motorcycle industry practitioners and motorcycle enthusiasts.
