Narratives for Young Readers on West Asia Arya Priyadarshini, Suman Sigroha, 2025-02-18 Through critical textual analysis of the trauma narratives for young readers written in English on political conflicts and the violation of humanitarian values this book recovers the response to trauma from the margins of the survivor spectrum By focusing on the experiences of Syrian and Palestinian children it elucidates how their stories are often portrayed in a manner that not only emphasises their resilience but also underscores the gravity of the experiences The book sheds light on the multifaceted impact of the conflicts on the region and the psychological toll they take on the younger generation through the representation of their experiences in these narratives The harrowing experiences of refugees war victims and displaced persons from non Western countries often lack a voice in the advancement of the trauma discourse The theoretical approach utilised in this research thus employs child and adolescent psychoanalysis to extend the existing approach to trauma studies and brings the neglected and under represented trauma narratives to the fore Many of the atrocities discussed in this book continue in the present times which makes the study of this subject matter even more vital The ongoing war between Israel and Hamas that has killed thousands of people in the region within a short space of time makes this research even more pertinent and urgent as the widespread violence and suffering has echoed the trauma that the region has undergone in the past decades

Growing Good William Hemminger, 2021-09-14. Anger and hopelessness can overwhelm communities. So what can everyday people do to actually grow some good in their own hometown? Growing Good: A Beginner's Guide to Cultivating Caring Communities shows how ordinary people have transformed themselves into volunteers and activists. Centered mostly in the Midwest, this collection of essays brings together the stories of normal people who have rolled up their sleeves to make their community a better place by serving nonprofits such as Gleaner Food Bank in Indianapolis, Indiana; Migration and Refugee Services in Louisville, Kentucky; and Patchwork Central in Evansville, Indiana, along with national organizations like CASA. For instance, a teacher and his student started a native plant garden to help local insects thrive in a disused corner of their school property. A woman saw a billboard and was moved to become a voice for children in need. A professional photographer offered his services to people experiencing homelessness in order to help others witness their humanity. Editor Bill Hemminger also writes of his own extensive experience with community gardening to feed hungry neighbors. Filled with simple actions, clear steps, and useful lists including how to care for and nurture your own inner peace and creativity, Growing Good will help readers of all ages plant seeds of hope and cultivate communities where everyone thrives. **A Study Guide for Sandra Cisneros's "Gerald No Last Name"** Gale, Cengage Learning, A Study Guide for Sandra Cisneros's *Gerald No Last Name* excerpted from Gale's acclaimed *Short Stories for Students*.
