

"Ieri Sera Era Amore"

BY ALDA MERINI

IERI SERA ERA AMORE

Ieri sera era amore,
io e te nella vita
fuggitivi e fuggiaschi
con un bacio e una bocca
come in un quadro astratto:
io e te innamorati
stupendamente accanto.
Io ti ho gemmato e l'ho detto:
ma questa mia emozione
si è spenta nelle parole.

A Little Tour through European Poetry John Taylor, 2014-10-22 This book is both a sequel to author John Taylor's earlier volume *Into the Heart of European Poetry* and something different It is a sequel because this volume expands upon the base of the previous book to include many more European poets It is different in that it is framed by stories in which the author juxtaposes his personal experiences involving European poetry or European poets as he travels through different countries where the poets have lived or worked Taylor explores poetry from the Czech Republic Denmark Lithuania Albania Romania Turkey and Portugal all of which were missing in the previous gathering analyzes heady verse written in Galician and presents an important poet born in the Chuvash Republic His tour through European poetry also adds discoveries from countries whose languages he reads fluently Italy Germany and German speaking Switzerland Greece and France Taylor's model is Valery Larbaud to whom his criticism with its liveliness and analytical clarity is often compared Readers will enjoy a renewed dialogue with European poetry especially in an age when translations are rarely reviewed present in literary journals or studied in schools This book along with *Into the Heart of European Poetry* motivates a dialogue by bringing foreign poetry out of the specialized confines of foreign language departments

Italian Women and the City Janet Levarie Smarr, Daria Valentini, 2003 Studies of the city and of women's experiences of the city have focused primarily on modern times especially as modernism was defined in large part by urban life Italy however has a long history of urban centered culture and women have been a vocal part of that culture since the Renaissance This volume therefore looks at the art and literature of both earlier and more modern periods to investigate the meanings of the city for Italian women the intensely gendered meanings for both sexes of those city spaces that excluded women and the conditions that permitted a limited permeability of gendered boundaries Two aspects to the combination of women and city are salient to these investigations One involves their metaphorical relationship *Urbs citta ville* the words for city tend to be grammatically feminine and a long tradition of representation associates the city with a woman Women especially writers could exploit modify or resist the prevailing uses of such metaphors The second aspect of connection involves social realities What was or is the relation of the female city with the real women who inhabit it What kind of site has it provided for women seeking a satisfying life for themselves How has art and literature by men and by women represented the relationship of female persons or characters to urban spaces

Italian Culture in the Drama of Shakespeare and His Contemporaries Michele Marrapodi, 2016-12-05

Applying recent developments in new historicism and cultural materialism along with the new perspectives opened up by the current debate on intertextuality and the construction of the theatrical text the essays collected here reconsider the pervasive influence of Italian culture literature and traditions on early modern English drama

The volume focuses strongly on Shakespeare but also includes contributions on Marston Middleton Ford Brome Aretino and other early modern dramatists

The pervasive influence of Italian culture literature and traditions on the European Renaissance it is argued here offers a valuable opportunity to study the intertextual dynamics that contributed to the construction of the Elizabethan and Jacobean theatrical canon

In the specific area of theatrical discourse the drama of the early modern period is characterized by the systematic appropriation of a complex Italian iconology exploited both as the origin of poetry and art and as the site of intrigue vice and political corruption

Focusing on the construction and the political implications of the dramatic text this collection analyses early modern English drama within the context of three categories

of cultural and ideological appropriation the rewriting remaking and refashioning of the English theatrical tradition in its iconic thematic historical and literary aspects **Renaissance in Italy: Italian literature** John Addington Symonds,1914

This Business of Living Cesare Pavese,2017-09-08 On June 23rd 1950 Pavese Italy s greatest modern writer received the coveted Strega Award for his novel *Among Women Only* On August 26th in a small hotel in his home town of Turin he took his own life Shortly before his death he methodically destroyed all his private papers His diary is all that remains and for this the contemporary reader can be grateful Contemporary speculation attributed this tragedy to either an unhappy love affair with the American film star Constance Dawling or his growing disillusionment with the Italian Communist Party His Diaries however reveal a man whose art was his only means of repressing the specter of suicide which had haunted him since childhood an obsession that finally overwhelmed him As John Taylor notes he possessed something much more precious than a political theory a natural sensitivity to the plight and dignity of common people be they bums priests grape pickers gas station attendants office workers or anonymous girls picked up on the street though to women the author could as he admitted be as misogynous as he was affectionate Bitter and incisive *This Business of Living* is both moving and painful to read and stands with James Joyce s *Letters* and Andre Gide s *Journals* as one of the great literary testaments of the twentieth century Latin American Writers on Gay and Lesbian Themes David William Foster,1994-11-07 Gay and lesbian themes in

Latin American literature have been largely ignored This reference fills this gap by providing more than a hundred alphabetically arranged entries for Latin American authors who have treated gay or lesbian material in their works Each entry explores the significance of gay and lesbian themes in a particular author s writings and closes with a bibliography of primary and secondary sources The figures included have a professed gay identity or have written on gay or lesbian themes in either a positive or negative way or have authored works in which a gay sensibility can be identified The volume pays particular attention to the difficulty of ascribing North American critical perspectives to Latin American authors and studies these authors within the larger context of Latin American culture The book includes entries for men and women and for authors from Latin American countries as well as Latino writers from the United States The entries are written by roughly 60 expert contributors from Latin America the U S and Europe **The Rough Guide to the Italian Lakes** Lucy

Non-Elegiac Latin Love Poetry of Late Antiquity Vasileios Pappas,2025-05-19 For about five hundred years between Ovid s death 17 AD and Maximianus Elegies 6th century AD the genre of love elegy disappears Does this mean that love poetry in general was no longer being written This was certainly not the case Poets continued to compose love poetry merely in other forms than elegy This book deals with non elegiac Latin love poetry of Late Antiquity It is the first monograph to focus on the metaliterary interpretation of four non elegiac poetic works the Pervigilium Veneris Ausonius Bissula Reposianus De concubitu Martis et Veneris and the Aegritudo Perdicae The book contains all the required information about these poems including their date authorship structure and literary tradition However its content is predominantly original as it examines subjects that have not previously been discussed in the past These include a the generic interaction between the poems host genre and several guest genres that are present within them b the metaliterary discourse developed in several passages which reveals the metapoetic self consciousness of their poets c their hidden demands for the innovation of love poetry and d their allusive comments on the conservatism of this era

Speaking of Love: The Love Dialogue in Italian and French Renaissance Literature Reinier Leushuis,2017-03-27 Re evaluating the dialogue s place in the literary landscape of the Italian and French Renaissance Speaking of Love presents the love dialogue at the intersection of a revival of the form and the period s philosophies of love and desire Between 1540 and 1580 authors such as Speroni Tullia d Aragona the Venetian poligrafi Tyard Le Caron Pasquier Taillemon Marguerite de Navarre and Louise Lab feature interlocutors not only deliberating on love but imitating the experience of love in their dynamics of speaking These love dialogues allow early modern ideologies and discourses of love to be imitated by the reader and rival lyric poetry in conveying amorous experience validating dialogue as an authentic literary form rather than a tool of philosophical thinking
