Sidewalk Mitchell Duneier,1999 Presents the lives of poor African American men who make their subsistence wages by selling used goods on the streets of Greenwich Village in New York and discusses how they interact with passing pedestrians police officers and each other **Sidewalk** Mitchell Duneier,2001 Sidewalk Mitchell Duneier,1999 **The Poverty of the Ethnography of Poverty** Loïc

Wacquant,2025-07-02 In *The Poverty of the Ethnography of Poverty* Loïc Wacquant dissects how sociologists who carry out field studies of the poor write about race class and morality in the city's underbelly the blinders and biases that affect their research and how to overcome them and how to become aware of these biases and develop a better meshing of theory and research

Case Study Research John Gerring,2016-12-24 *Case Study Research Principles and Practices* provides a general understanding of the case study method as well as specific tools for its successful implementation These tools are applicable in a variety of fields including anthropology business and management communications economics education medicine political science psychology social work and sociology Topics include a survey of case study approaches a methodologically tractable definition of case study strategies for case selection including random sampling and other algorithmic approaches quantitative and qualitative modes of case study analysis and problems of internal and external validity The second edition of this core textbook is designed to be accessible to readers who are new to the subject and is thoroughly revised and updated incorporating recent research numerous up to date studies and comprehensive lecture slides

Visual and Multimodal Urban Sociology Luc Pauwels,2023-07-24 Presented over two volumes *Visual and Multimodal Urban Sociology* part A and B explore the use and potential of visual materials and methodologies that expand the level of analysis and ways of seeing in urban sociology

Urban Geography Andrew E. G. Jonas,Eugene McCann,Mary Thomas,2015-01-23 *Urban Geography* a comprehensive introduction to a variety of issues relating to contemporary urban geography including patterns and processes of urbanization urban development urban planning and life experiences in modern cities Reveals both the diversity of ordinary urban geographies and the networks flows and relations which increasingly connect cities and urban spaces at the global scale Uses the city as a lens for proposing and developing critical concepts which show how wider social processes relations and power structures are changing Considers the experiences lives practices struggles and words of ordinary urban residents and marginalized social groups rather than exclusively those of urban elites Shows readers how to develop critical perspectives on dominant neoliberal representations of the city and

explore the great diversity of urban worlds *Handbook on Cities and Crime* Dietrich Oberwittler, Rebecca Wickes, 2025-04-09 With insightful contributions from eminent scholars in the field this multidisciplinary Handbook provides an authoritative overview of scholarship on cities and crime It discusses contemporary theoretical and methodological approaches to urban crime research as well as its practical implications and psychological impacts **Critical Approaches to Comics** Matthew J. Smith, Randy Duncan, 2012-03-22 Critical Approaches to Comics offers students a deeper understanding of the artistic and cultural significance of comic books and graphic novels by introducing key theories and critical methods for analyzing comics Each chapter explains and then demonstrates a critical method or approach which students can then apply to interrogate and critique the meanings and forms of comic books graphic novels and other sequential art The authors introduce a wide range of critical perspectives on comics including fandom genre intertextuality adaptation gender narrative formalism visual culture and much more As the first comprehensive introduction to critical methods for studying comics Critical Approaches to Comics is the ideal textbook for a variety of courses in comics studies Contributors Henry Jenkins David Berona Joseph Witek Randy Duncan Marc Singer Pascal Lefevre Andrei Molotiu Jeff McLaughlin Amy Kiste Nyberg Christopher Murray Mark Rogers Ian Gordon Stanford Carpenter Matthew J Smith Brad J Ricca Peter Coogan Leonard Rifas Jennifer K Stuller Ana Merino Mel Gibson Jeffrey A Brown Brian Swafford **Deviant Behavior** Erich Goode, 2022-12-01 The new 2022 edition of the most widely taught deviance text brings us into a changing political era A new chapter on political deviance includes a section that defines political deviance emphasizing a sociological and not an ideological definition It also covers which sectors of the society define what constitutes political deviance and political deviance and its relation to social change In addition the chapter on substance abuse provides more discussion of marijuana legalization and decriminalization Although disease as potential deviance has been covered the COVID 19 pandemic greatly expands discussions on this topic Updated throughout this new edition includes expanded coverage of Black Lives Matter sexual harassment the social construction of immigration and other topics A new section on logic reasoning and verification of facts is an important new feature for student critical thinking while it addresses the recent politics of truth and lying including QAnon *The Value of Homelessness* Craig Willse, 2015-09-15 It is all too easy to assume that social service programs respond to homelessness seeking to prevent and understand it The Value of Homelessness however argues that homelessness today is an effect of social services and sciences which shape not only what counts as such but what will or ultimately won't be done about it Through a history of U S housing insecurity from the 1930s to the present Craig Willse traces the emergence and consolidation of a homeless services industry How to most efficiently allocate resources to control ongoing insecurity has become the goal he shows rather than how to eradicate the social economic and political bases of housing needs Drawing on his own years of work in homeless advocacy and activist settings as well as interviews conducted with program managers counselors and staff at homeless services organizations in New York

Los Angeles San Francisco and Seattle Willse provides the first analysis of how housing insecurity becomes organized as a governable social problem An unprecedented and powerful historical account of the development of contemporary ideas about homelessness and how to manage homelessness The Value of Homelessness offers new ways for students and scholars of social work urban inequality racial capitalism and political theory to comprehend the central role of homelessness in governance and economy today

Where the Ball Drops Daniel Makagon,2004 An analysis of the transformation of Times Square from a seedy urban center to a family friendly entertainment district captures the competing social and cultural fantasies that are at work revealing an ongoing urban drama of the contradictions of public and private life

Soul Woundedness Paul Houston Blankenship-Lai,2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle s unhoused youth Soul Woundedness is an intimate piercing book about everyday life for young adults living on the streets of Seattle Based on over five years of research and as a participant observer Paul Houston Blankenship Lai presents the personal experiences of street kids highlighting how their spiritual beliefs and practices offer them comfort a sense of community and a feeling of belonging amidst their struggles They also demonstrate how spirituality on the streets can alienate people from themselves and the world The stories Blankenship Lai tells here are about how social wounds go soul deep and how seemingly antireligious spiritual practices fashioned in an almost unlivable local world help people create a life still worth living By paying deep sustained attention to what spirituality is like on the streets and what difference it makes Blankenship Lai uncovers an important overlooked dimension in the experience and study of homelessness They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create a more loving love Aimed at a diverse audience Soul Woundedness is a book not merely to educate but to transform It is particularly relevant for those interested in spirituality s role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change making a compelling case for a world where everyone has a place to call home

Interrogating Ethnography Steven Lubet,2018 In this comprehensive review of urban ethnography Steven Lubet encountered a field that relies heavily on anonymous sources often as reported by a single investigator whose underlying data remain unseen Upon digging into the details he discovered too many ethnographic assertions that were dubious exaggerated tendentious or just plain wrong Employing the tools and techniques of a trial lawyer Lubet uses original sources and contemporaneous documentation to explore the stories behind ethnographic narratives Many turn out to be accurate but others are revealed to be based on rumors folklore and unreliable hearsay Interrogating Ethnography explains how qualitative social science would benefit from greater attention to the quality of evidence and provides recommendations for bringing the field more closely in line with other fact based disciplines such as law and journalism

Among Wolves Timothy Pachirat,2017-11-09 Summoned by an anonymous Prosecutor ten contemporary ethnographers gather in an aging barn to hold a trial of Alice Goffman s controversial ethnography On the Run But before the trial can get underway a one

eyed wolfdog arrives with a mysterious liquid potion capable of rendering the ethnographers invisible in their fieldsites Presented as a play that unfolds in seven acts the ensuing drama provides readers with both a practical guide for how to conduct immersive participant observation research and a sophisticated theoretical engagement with the relationship between ethnography as a research method and the operation of power By interpolating how to aspects of ethnographic research with deeper questions about ethnography s relationship to power this book presents a compelling introduction for those new to ethnography and rich theoretical insights for more seasoned ethnographic practitioners from across the social sciences Just as ethnography as a research method depends crucially on serendipity surprise and an openness to ambiguity the book s dramatic and dialogic format encourages novices and experts alike to approach the study of power in ways that resist linear programs and dogmatic prescriptions The result is a playful yet provocative invitation to rekindle those foundational senses of wonder and generative uncertainty that are all too often excluded from conversations about the methodologies and methods we bring to the study of the social world

Intersectionality and Criminology Hillary Potter,2015-05-15 The use of intersectionality theory in the social sciences has proliferated in the past several years putting forward the argument that the interconnected identities of individuals and the way these identities are perceived and responded to by others must be a necessary part of any analysis Fundamentally intersectionality claims that not only are people s lived experiences affected by their racial identity and by their gender identity but that these identities and others continually operate together and affect each other With official statistical data that indicate people of Color have higher offending and victimization rates than White people and with the overrepresentation of men and people of Color in the criminal legal system new theories are required that address these phenomena and that are devoid of stereotypical or debasing underpinnings Intersectionality and Criminology provides a comprehensive review of the need for and use of intersectionality in the study of crime criminality and the criminal legal system This is essential reading for academics and students researching and studying in the fields of crime criminal justice theoretical criminology and gender race and socioeconomic class

Deviance and Social Control Michelle Inderbitzin,Kristin A. Bates,Randy R. Gainey,2020-07-23 Deviance and Social Control A Sociological Perspective provides a sociological examination of deviant behavior in society with a significant focus on the major sociological theories of deviance and society s reaction to deviance using readings from classic and current research

In the Midst of Things Mike Owen Benediktsson,2022-09-20 How ordinary urban objects influence our behavior exacerbate inequality and encourage social change Assumptions about human behavior lie hidden in plain sight all around us programmed into the design and regulation of the material objects we encounter on a daily basis In the Midst of Things takes an in depth look at the social lives of five objects commonly found in the public spaces of New York City and its suburbs revealing how our interactions with such material things are our primary point of contact with the social political and economic forces that shape city life Drawing on groundbreaking fieldwork and a wealth of original interviews

Mike Owen Benediktsson shows how we are in the midst of things whose profound social role often goes overlooked A newly built lawn on the Brooklyn waterfront reflects an increasingly common trade off between the marketplace and the public good A cement wall on a New Jersey highway speaks to the demise of the postwar American dream A metal folding chair on a patch of asphalt in Queens exposes the political obstacles to making the city livable A subway door expresses the simmering conflict between the city and the desires of riders while a newsstand bears witness to our increasingly impoverished streetscapes In the Midst of Things demonstrates how the material realm is one of immediacy control inequality and unpredictability and how these factors frustrate the ability of designers planners and regulators to shape human behavior
