Bodily and Spiritual Hygiene in Medieval and Early Modern Literature Albrecht Classen, 2017-03-20 While most people today take hygiene and medicine for granted they both have had their own history We can gain deep insights into the pre-modern world by studying its health care system its approaches to medicine and concept of hygiene Already the early Middle Ages witnessed great interest in bathing hot and cold swimming and good personal hygiene Medical activities grew over time but even early medieval monks were already great experts in treating the sick The contributions examine literary medical historical texts and images and probe the information we can glean from them The interdisciplinary approach of this volume makes it possible to view this large field in a complex and diversified manner taking into account both early medieval and early modern treatises on medicine water bathing and health Such a cultural historical perspective creates a most valuable bridge connecting literary and scientific documents under the umbrella of the history of mentality and history of everyday life The volume does not aim at idealizing the past but it definitely intends to deconstruct modern myths about the dirty and unhealthy Middle Ages and early modern age

How to Be Present in an Absent World Daniel Montgomery, 2020-02-25 Experience the fullness of life that Jesus promises by learning how to engage with the present even in the increasing busyness of work and family life Do you ever wonder how long can you keep grinding out eighty hour work weeks putting your marriage on the backburner treating your employees like cogs in a machine pushing your life aside before you realize your time is all up At the heart of this collaborative project is the belief that the pain we experience is the result of absence living disconnected from our authentic selves and lacking deep meaningful relationships with others and with God Daniel Montgomery the founding pastor of Sojourn Community Church Kenny Silva a PhD candidate at Trinity International University and Eboni Webb who holds a doctorate of Clinical Psychology pooled their efforts and expertise to focus on the problem of modern absence and the pain it causes us and those around us This book is a guide for how to cultivate a self awareness that empowers you to take ownership and engage in every area of influence It s arranged into five sections each focusing on one of the major areas of our lives where many of us struggle with absence Time Place Body Others Story *How to Be Present in an Absent World* provides biblical practical ways to handle the daily pressures of life without denying or escaping the present Its goal is to help you rediscover what it means to show up for your own life With interludes that offer a deep dive into the

neurobiology of presence as well as principles and exercises that Dr Webb employs in her clinical practice Montgomery and his coauthors will equip you with the kind of self understanding that allows you to realize God s design for human flourishing whether in your church in your job or in your family *The Spirituality of Following Jesus in John's Gospel* Sean Seongik Kim,2017-10-12 Research on following Jesus has mostly been done in terms of what Jesus followers ought to do In this unprecedented study Kim presents following Jesus in John s Gospel through the perspective of what Jesus does for his followers Following Jesus is a journey towards the place where Jesus leads his followers that is to a relationship with the Father It is ultimately participating in the Son s communion with the Father Jesus who was in the bosom of the Father descended from him and ascends to him taking his followers with him so that they may be with him where he is with the Father in glory and love Kim develops this thesis by examining the term *akolouthein* to follow and correlated motifs in John s Gospel *A Skeptic's Guide to Belief* Ken Crispin,2019-04-04 What would happen if you faced your doubts set aside your preconceptions and decided to follow the path of truth wherever it might lead Most people whether believers or atheists doggedly defend what they have always believed Many see this as an expression of faith Yet there is something almost inexpressibly sad about the plight of people living out their lives in reliance upon beliefs they dare not question Perhaps that is why many of us come to a point at which we feel compelled to pursue the truth no matter what the implications But even if we found the courage to embark upon such a journey could we really find a path through the scientific philosophical experiential and theological thickets that surround the great questions of life And if we did would we know the truth and be set free Would we be forced to face a long feared despair Or would we find ourselves still staring impotently at an enigmatic universe This is a book unlike any other It addresses these questions with unflinching honesty drawing evidence from a diversity of scientific fields and subjecting the competing arguments to rigorous skeptical analysis **Divine Sex** Jonathan Grant,2015-07-14 The digital revolution has ushered in a series of sexual revolutions all contributing to a perfect storm for modern relationships Online dating social media internet pornography and the phenomenon of the smartphone generation have created an avalanche of change with far reaching consequences for sexuality today The church has struggled to address this new moral ecology because it has focused on clarity of belief rather than quality of formation The real challenge for spiritual formation lies in addressing the underlying moral intuitions we carry subconsciously which are shaped by the convictions of our age In this book a fresh new voice offers a persuasive Christian vision of sex and relationships calling young adults to faithful discipleship in a hypersexualized world Drawing from his pastoral experience with young people and from cutting edge research across multiple disciplines Jonathan Grant helps Christian leaders understand the cultural forces that make the church s teaching on sex and relationships ineffective in the lives of today s young adults He also sets forth pastoral strategies for addressing the underlying fault lines in modern sexuality *Discipleship for Every Stage of Life* Chris A. Kiesling,2024-06-18 The field of life span development in psychology has much to offer those engaged in making disciples

and Chris Kiesling brings those insights to bear in this volume. He appropriates the most useful observations from this discipline in light of biblical teaching. Drawing on more than twenty five years of experience teaching faith development topics in academic and local church settings, Kiesling assembles a toolkit that will help those in ministry think comprehensively about discipleship at every stage of life. Taking into account physical, cognitive, emotional, and social aspects of human development from infancy through older adulthood, Kiesling guides readers in making practical use of these insights in churches and educational settings. Pastors, ministry leaders, and educators will benefit from this treatment, which brings cutting edge findings from the social sciences into dialogue with Scripture, theology, and practical ministry.

Theology and the Blues Justin McLendon, 2024-11-25. While all music genres incorporate religious imagery, the blues has its origin in the soil of the church. In its infancy, the blues was often dismissed as undermining the church's gospel songbook. The initial resistance, however, could not suppress the organic development of a genre of music born from suffering. The great Mississippi Delta bluesman Muddy Waters once said, "The blues was born behind a mule. Behind a beast of burden, the working man found in the blues a way to console the everyday experiences of struggle: sin, loss, despair, love, grief, sin, death, and the fear and hope of crossing the River Jordan into eternal life." The church's gospel songbook explores doctrinal foundations set to music, but the blues dares to uncover insight into the lived experiences of spiritual journeys. *Theology and the Blues*

showcases theological themes inherent within the organic and expressive genre of the blues. **How the Light Gets In** Graham Ward, 2016. *How the Light Gets In: Ethical Life I* presents a systematic account of the teachings of the Christian faith to offer a vision from a human, created, and limited perspective of the ways all things might be understood from the divine perspective. It explores how Christian doctrine is lived and the way in which beliefs are not simply cognitive sets of ideas but embodied cultural practices. Christians learn how to understand the contents of their faith, learn the language of the faith through engagements that are simultaneously somatic, affective, imaginative, and intellectual. In the first of four volumes, Graham Ward examines the complex levels of these engagements through three historical developments in the systematic organization of doctrine: the Creeds, the Summa, and Protestant dogmatics. He outlines a methodology for exploring and practicing systematic theology that captures how the faith is lived in cultural, social, and embodied engagements. Ward then unpicks several fundamental theological concepts and how they are to be understood from the point of view of an engaged systematicist: truth, revelation, judgement, discernment, proclamation, faith seeking understanding, and believing as it relates to and grounds the possibilities for faith. This groundbreaking work offers an interdisciplinary investigation through poetry, art, film, the Bible, and theological discourse, analysing the human condition and theology as the deep dream for salvation. The final part relates theology as a lived and ongoing pedagogy concerned with individual and corporate formation to biological life, social life, and life in Christ. Here, an approach to living theologically is sketched that is the primary focus for all four volumes: ethical life. Worship and Mission for the Global Church James Krabill, Frank Fortunato, Robin P. Harris, 2013-01-15.

Worship and Mission for the Global Church offers theological reflection case studies practical tools and audiovisual resources to help the global church appreciate and generate culturally appropriate arts in worship and witness Drawing on the expertise and experience of over one hundred writers from twenty countries the volume integrates insights from the fields of ethnomusicology biblical research worship studies missiology and the arts This book is the first in a two volume set on the principles and practices of ethnodoxology The second volume entitled Creating Local Arts Together guides the practitioner through a detailed seven step process of assisting a local community s efforts at integrating its arts with the values and purposes of God s kingdom

Finding All Things in God Hans Gustafson,2017-05-25 In Finding All Things In God Hans Gustafson proposes pansacramentalism as holding the potential to find the divine in all things and all things in the divine Such a proposition carries significant interreligious implications particularly in the practice of theology Presupposing theological practice as divorced from spirituality lived religious experience Gustafson presents pansacramentalism as a bridge between the two In so doing Gustafson offers a history of spirituality sketching the foundations of a classical approach to sacramentality through Aquinas as well as a contemporary approach to the same through Rahner and Chauvet Through three fascinating case studies this book presents particular instances of sacramentality in lived religious experience Gustafson offers an exciting method of doing theology one which is entirely compatible with the interdisciplinary field of interreligious studies

Other Dreams of Freedom Yvonne C. Zimmerman,2013 Yvonne C Zimmerman offers a groundbreaking exploration of the relationship between freedom and sexual regulation in American approaches to human trafficking

Sensing Sound Nina Sun Eidsheim,2015-11-19 In Sensing Sound Nina Sun Eidsheim offers a vibrational theory of music that radically re envisions how we think about sound music and listening Eidsheim shows how sound music and listening are dynamic and contextually dependent rather than being fixed knowable and constant She uses twenty first century operas by Juliana Snapper Meredith Monk Christopher Cerrone and Alba Triana as case studies to challenge common assumptions about sound such as air being the default medium through which it travels

and to demonstrate the importance a performance's location and reception play in its contingency By theorizing the voice as an object of knowledge and rejecting the notion of an a priori definition of sound Eidsheim releases the voice from a constraining set of fixed concepts and meanings In Eidsheim's theory music consists of aural tactile spatial physical material and vibrational sensations This expanded definition of music as manifested through material and personal relations suggests that we are all connected to each other in and through sound Sensing Sound will appeal to readers interested in sound studies new musicology contemporary opera and performance studies
