, 1895 Minor Salvage Stephen Hong Sohn, 2022-11-07 The Korean War often invoked in American culture as the forgotten war remains ongoing Though active fighting only occurred between 1950 and 1953 the signing of an armistice resulted in an infamous stalemate and the construction of the Korean Peninsula's Demilitarized Zone Minor Salvage reads early Korean American life writings in order to explore the admittedly partial ways in which those made precarious by war seek to rebuild their lives The titular phrase minor salvage draws on different valences of the word salvage which while initially associated with naval recovery efforts can also be used to describe the rescue of waste material Spurred by the stories told and retold to

him by his parents Soon Ho and Yunpyo Sohn enacts minor salvage by reading overlooked early Korean American life writings penned by Induk Pakh Taiwon Koh Joseph Anthony and Kim Yong ik alongside a later generation of life writings authored by Sunny Che and K Connie Kang In the context of the Korean War Sohn argues life writings take on a crucial political orientation precisely because of the fragility attached to refugees civilians children women and divided family members To depict the possibility of life is to acknowledge simultaneously the threat of death violence and brutality and in this regard such life writings are part of a longer genealogy in which marginalized communities find representational power through the creative process

Beyond Uncle Tom's Cabin Sylvia Mayer, 2011-04-01 Ever since feminist scholarship began to reintroduce Harriet Beecher Stowe's writings to the American Literary canon in the 1970s critical interest in her work has steadily increased Rediscovery and ultimate canonization however have concentrated to a large extent on her major novelistic achievement *Uncle Tom's Cabin* 1852 Only in recent years have critics begun to focus more seriously on the wide variety of her work and started to create knowledge that broadens our understanding *Beyond Uncle Tom's Cabin: The Writings of Harriet Beecher Stowe* edited by Sylvia Mayer and Monika Mueller shows that during her long writing and publishing career Stowe was a highly prolific writer who targeted diverse audiences dealt with drastically changing economic commercial and cultural contexts and wrote in a diversity of genres Reflecting a recent trend to move Stowe's other texts to the fore the essays collected in this volume thus go beyond the critical focus on *Uncle Tom's Cabin* They focus on several of Stowe's other texts that have also significantly contributed to American literary and cultural history among them her New England novels her New York City novels and her fictional writings on religious differences between Europe and the United States The essays in the first part of *Beyond Uncle Tom's Cabin* concentrate on Stowe's language use her rhetoric and choices of narrative technique and style while the essays in the second part concentrate on thematic issues such as the representation of race ethnicity and religion her participation in the emerging environmentalist movement and Stowe's response to major economic shifts after the Civil War

The Archive of Fear Christina Zwarg, 2020-10-15 Focusing on U S slavery and its aftermath in the nineteenth century *The Archive of Fear* explores the traumatic force field that continued to inflect discussions of slavery and abolition both before and after the Civil War It challenges the long assumed distinction between psychological and cultural historical theories of trauma discovering a virtual dialogue between three central U S writers and Sigmund Freud concerning the traumatic response of slavery's perpetrators A strain of trauma theory and practice comes alive in the temporal and spatial disruptions of New World slavery and *The Archive of Fear* shows how key elements of that theory still

inform the infrastructure of race relations today It argues that trauma theory before Freud first involves a return to an overlap between crisis insurrection and mesmerism found in the work of Frederick Douglass Harriet Beecher Stowe and W E B Du Bois Mesmer s crisis state has long been read as the precursor to hypnosis the tool Freud famously rejected when he created psychoanalysis But the story of what was lost to trauma theory when Freud adopted the talk cure can be told through cultural disruptions of New World slavery especially after mesmerism arrived in Saint Domingue where its implication in the Haitian revolution in both reality and fantasy had an impact on the history of emancipation in the United States **The Philadelphia Polyclinic** ,1897 Vol 7 contains the Record of the Philadelphia County Medical Society for 1898 **The Metaphysical Club** Louis Menand,2002-04-10 In an absorbing narrative about personalities and social history Menand discusses the Metaphysical Club an informal group that met in Cambridge Massachusetts in 1872 to talk about ideas Members included Oliver Wendell Holmes Jr William James and Charles Sanders Peirce 21 photos *Rickets, Race and Reproduction* Deborah Kuhn McGregor,Robert Kuhn McGregor,2024-01-19 This book outlines the history of rickets a disease commonly associated with childhood and studies its association with race and its long reaching effects on childbirth For centuries the condition was poorly understood For females rickets could pose a double jeopardy suffering in childhood and severe danger in adulthood when giving birth The disease could result in a contracted pelvis that obstructs the birth canal Medical researchers were faced with two distinct challenges unravelling the etiology of rickets and ensuring the safety of women giving birth both proved especially difficult Thought variously to be a disease of industrial cities and children of the poor grounded in lack of exercise or sunlight or the of product racial difference the condition defied analysis until the discovery of vitamin D early in the 20th century The dangers of rickets radically diminished Medical intervention in childbirth continued and childbirth increasingly shifted from the home to the hospital Medical practitioners justified intervention by emphasizing the dangers of pelvic disproportion continually enlarging the definition to gain full control of birth Often conditioned by racial assumptions surgical experimentation promoted common use of anesthesia and a radical increase in caesarean sections and birth became a colder more clinical experience **Diving Deep Into Nonfiction, Grades 6-12** Jeffrey D. Wilhelm,Michael W. Smith,2016-09-30 General reading strategies and teacher developed questions will only take our students so far with our approach students gain astounding independence because they engage directly with the nonfiction author and with how that author used specific details moves and structures to communicate meanings and effects Wilhelm and Smith All nonfiction is a conversation between the writer and the reader an invitation to agree or disagree with compelling and often provocative ideas about some aspect of the world we live in At the end of the day it s our responsibility to decide if the argument is sound With Diving Deep Into Nonfiction Jeffrey D Wilhelm and Michael W Smith deliver a revolutionary teaching framework that helps students read well by noticing the rules and conventions of this dynamic exchange The classroom tested lessons include engaging short excerpts and teach students to be powerful readers who know

both how authors signal what's worth noticing in a text and how readers connect and make meaning of what they have noticed. No matter what they are reading, students learn to be on high alert and highly curious about how texts work and what they mean as they learn to notice direct statements of principle, calls to attention, ruptures, and readers' rules of notice. Notice the topics and the textual conversation. Who is speaking and how might he or she be responding to another's ideas? What is the idea that gives heat to this text? Notice key details. What attracts my attention? How does the author signal both direct and implicit statements of meaning? How does the author use the unexpected? How can I interpret patterns of key details to see overall meanings? Notice varied nonfiction genres. What are the essential features of this kind of text? How does the author employ them? What effects are they designed to have on the reader? Notice text structure. How does the author structure the text to connect details and ideas? What patterns of thought does the author use along the way? With *Diving Deep Into Nonfiction*, Wilhelm and Smith upend current practices and it's high time. Once your students engage with these lessons, you'll never go back to the same old tired approach and reading across content areas enters a whole new era.
