The Second Language Acquisition of French Tense, Aspect, Mood and Modality Dalila Ayoun,2013-07-04 Temporal aspectual systems have a great potential of informing our understanding of the developing competence of second language learners So far the vast majority of empirical studies investigating L2 acquisition have largely focused on past temporality neglecting the acquisition of the expression of the present and future temporalities with rare exceptions aside from ESL learners leaving unanswered the question of how the investigation of different types of temporality may inform our understanding of the acquisition of temporal aspectual and mood systems as a whole This monograph addresses this question by focusing on three main objectives a to contribute to the already impressive body of research in the L2 acquisition of tense aspect and mood modality from a generative perspective and in so doing to present a more complete picture of the processes of L2 acquisition in general b to bridge the gap between linguistic theory and L2 acquisition c to make empirical findings more accessible to language instructors by proposing concrete pedagogical applications **Research in Education** ,1973

Resources in Education ,1991 **A Dynamic Approach to Second Language Development** Marjolyn Verspoor,Kees De Bot,Wander Lowie,2011-01-01 applied linguistics Book Jacket **The Routledge Handbook of Applied Linguistics** James Simpson,2011-03-15 The Routledge Handbook of Applied Linguistics serves as an introduction and reference point to key areas in the field of applied linguistics The five sections of the volume encompass a wide range of topics from a variety of perspectives applied linguistics in action language learning language education language culture and identity perspectives on language in use descriptions of language for applied linguistics The forty seven chapters connect knowledge about language to decision making in the real world The volume as a whole highlights the role of applied linguistics which is to make insights drawn from language study relevant to such decision making The chapters are written by specialists from around the world Each one provides an overview of the history of the topic the main current issues and possible future trajectory Where appropriate authors discuss the impact and use of new technology in the area Suggestions for further
