

CHAPTER ONE

INTRODUCTION TO POLITICAL GEOGRAPHY

- ✧ Political Geography is a discipline that is concerned with Politics and Geography.
- ✧ Political geography is pre-eminently a branch of human geography.
- ✧ It is about the **use of power to administer, control, and fix territorial space.**
- ✧ To understand the nature of **political geography**, it is necessary to understand the nature of politics both as a process and as a field of study as well as human geography.

Fundamental Concepts Of Political Geography An Introduction

David Kirk

Fundamental Concepts Of Political Geography An Introduction:

Key Concepts in Political Geography Carolyn Gallaher, Carl T Dahlman, Mary Gilmartin, Alison Mountz, Peter Shirlow, 2009-04-22 A comprehensive reader for my political geography course Good summaries at the end and articles include effective case study examples Rachel Paul Western Washington University A very useful and comprehensive introduction to key concepts in political geography This book provides useful context not just for traditional political geography modules but also those examining broader issues of power resistance and social movements Gavin Brown University of Leicester Vital for introducing basic concepts and terminology in a clear and concise fashion The short chapters are accessible and well supplemented with pertinent examples Daniel Hammett Sheffield University I found the book to be very useful in a supplemental capacity full of information that would be useful for an undergraduate or early graduate student Jason Dittmer University College London This textbook forms part of an innovative set of companion texts for the human geography subdisciplines Organized around 20 short essays *Key Concepts in Political Geography* provides a cutting edge introduction to the central concepts that define contemporary research in the field Involving detailed yet expansive discussions the book includes An introductory chapter providing a succinct overview of the recent developments in the field Over 20 key concept entries covering the expected staples of the sub discipline such as nationalism territoriality scale and political economy as well as relatively new arrivals to the field including the other anti statism gender and post conflict A glossary figures diagrams and further reading It is essential reading for undergraduate and postgraduate students of political geography

Key Concepts in Political Geography Carolyn Gallaher, 2009-05-07 This is a new kind of textbook that forms part of an innovative set of companion texts for the human geography subdisciplines Organized around 20 short essays *Key Concepts in Political Geography* provides a cutting edge introduction to the central concepts that define contemporary research in the field Involving detailed yet expansive discussions the book includes an introductory chapter providing a succinct overview of the recent developments in the field over 20 key concept entries covering the expected staples of the sub discipline such as nationalism territoriality scale and political economy as well as relatively new arrivals to the field including the other anti statism gender and post conflict extensive pedagogic features that enhance understanding including a glossary figures diagrams and further reading

Key Concepts in Political Geography, 2009 *Key Concepts in Political Geography* is a new kind of textbook that forms part of an innovative set of companion texts for the Human Geography sub disciplines Organized around 20 short essays *Key Concepts in Political Geography* provides a cutting edge introduction to the central concepts that define contemporary research in political geography Involving detailed and expansive discussions the book includes a an introductory chapter providing a succinct overview of the recent developments in the field b over 20 key concept entries with comprehensive explanations definitions and evolutions of the subject c extensive pedagogic features that enhance understanding including a glossary figures diagrams and further reading *Key Concepts in Political Geography* is

an ideal companion text for upper level undergraduate and graduate students in political geography and covers the expected staples of the sub discipline such as nationalism territoriality scale and political economy as well as relatively new arrivals to the field including the other anti statism gender and post conflict Written by an internationally recognized set of authors Key Concepts in Political Geography is an essential addition to any geography student s library Back cover *Political Geography* Kevin R. Cox, 2008-04-15 Developed out of the author s own substantial teaching experience this introduction to political geography approaches its subject matter from the standpoint of political economy and the politics of difference

An Introduction to Political Geography Martin Jones, Rhys Jones, Michael Woods, Mark Whitehead, Deborah Dixon, Matthew Hannah, 2014-11-13 An Introduction to Political Geography continues to provide a broad based introduction to contemporary political geography for students following undergraduate degree courses in geography and related subjects The text explores the full breadth of contemporary political geography covering not only traditional concerns such as the state geopolitics electoral geography and nationalism but also increasing important areas at the cutting edge of political geography research including globalization the geographies of regulation and governance geographies of policy formulation and delivery and themes at the intersection of political and cultural geography including the politics of place consumption landscapes of power citizenship identity politics and geographies of mobilization and resistance This second edition builds on the strengths of the first The main changes and enhancements are four new chapters on political geographies of globalization geographies of empire political geography and the environment and geopolitics and critical geopolitics significant updating and revision of the existing chapters to discuss key developments drawing on recent academic contributions and political events new case studies drawing on an increasing number of international and global examples additional boxes for key concepts and an enlarged glossary As with the first edition extensive use is made of case study examples illustrations explanatory boxes guides to further reading and a glossary of key terms to present the material in an easily accessible manner Through employment of these techniques this book introduces students to contributions from a range of social and political theories in the context of empirical case study examples By providing a basic introduction to such concepts and pointing to pathways into more specialist material this book serves both as a core text for first and second year courses in political geography and as a resource alongside supplementary textbooks for more specialist third year courses **Political Geography** Sara Smith, 2020-02-17 Brings political geography to life explores key concepts critical debates and contemporary research in the field Political geography is the study of how power struggles both shape and are shaped by the places in which they occur the spatial nature of political power Political Geography A Critical Introduction helps students understand how power is related to space place and territory illustrating how everyday life and the world of global conflict and nation states are inextricably intertwined This timely engaging textbook weaves critical postcolonial and feminist narratives throughout its exploration of key concepts in the discipline Accessible to students new to the field this text offers

critical approaches to political geography including questions of gender sexuality race and difference and explains central political concepts such as citizenship security and territory in a geographic context Case studies incorporate methodologies that illustrate how political geographers perform research enabling students to develop a well rounded critical approach rather than merely focusing on results Chapters cover topics including the role of nationalism in shaping allegiances the spatial aspects of social movements and urban politics the relationship between international relations and security the effects of non human actors in politics and more Global in scope this book Highlights a diverse range of globally oriented issues such as global inequality that demonstrate the need for critical political geography Demonstrates how critiques of political geography intersect with decolonial feminist and queer movements Covers the Eurocentric origins of many of the discipline s key concepts Integrates advances in political geography theory and firsthand accounts of innovative research from rising scholars in the field Explores both intimate stories from everyday life and abstract concepts central to contemporary political geography Political Geography A Critical Introduction is an ideal resource for students in political and feminist geography as well as graduate students and researchers seeking an overview of the discipline *Chapters of Modern Human Geographical Thought* Tomáš Drobník, Monika Šumberová, 2009-10-02 Contemporary human geography provides valuable insights into the political social or cultural transformations of the world The Chapters of Modern Geographical Thought is a compilation of original state of the art essays written by recognized scholars covering a wide range of topics from human geography always paying tribute to the multidisciplinary nature of the field This book will provide students with penetrating analyses of seven fields including critical geopolitics of film and affect the political economy of the environment ethnic problems in the Caucasus the US and Mexico relations new social movements in Southern Africa or identity politics and the legal recognition of the Silesian minority in Poland All the essays emphasize the interconnectedness of a globalized world The book assumes that every piece of knowledge we gain has to be understood and interpreted in the context of cultural and symbolic phenomena with their own histories and localized in specific spaces places Moreover the authors stress the importance of geography enabling disabling the formation and representation of identities and their mutual contestation *Geographies of the Holocaust* Anne Kelly Knowles, Tim Cole, Alberto Giordano, 2018-11-01 A pioneering work Shed s light on the historic events surrounding the Holocaust from place space and environment oriented perspectives Rudi Hartmann PhD Geography and Environmental Sciences University of Colorado This book explores the geographies of the Holocaust at every scale of human experience from the European continent to the experiences of individual human bodies Built on six innovative case studies it brings together historians and geographers to interrogate the places and spaces of the genocide The cases encompass the landscapes of particular places the killing zones in the East deportations from sites in Italy the camps of Auschwitz the ghettos of Budapest and the intimate spaces of bodies on evacuation marches Geographies of the Holocaust puts forward models and a research agenda for different ways of

visualizing and thinking about the Holocaust by examining the spaces and places where it was enacted and experienced An excellent collection of scholarship and a model of interdisciplinary collaboration The volume makes a timely contribution to the ongoing emergence of the spatial humanities and will undoubtedly advance scholarly and popular understandings of the Holocaust H HistGeog An important work and could be required reading in any number of courses on political geography GIS critical theory biopolitics genocide and so forth Journal of Historical Geography Both students and researchers will find this work to be immensely informative and innovative Essential Choice
