Before the Flood Ian Wilson, 2004-03-17 The Black Sea flood and the southern migration Wilson argues are the basis for the Genesis tale of Noah He synthesizes the last 40 years worth of archeological findings into a lively detective story showing how various cultures in Europe Asia and the Middle East still bear the vestigial traces of their Black Sea roots He confirms his theory by citing the numerous myths of a great devastating flood and its aftermath among the Sumerians Babylonians Greeks and others Wilson does not aim to prove the literal truth of the Bible story only that Noah had real life counterparts who escaped the flood by ship
