Lost Secrets Of The Sacred Ark Amazing Revelations Of The Incredible Power Of Gold:

Lost Secrets of the Sacred Ark Laurence Gardner, 2004 The Ark of the Covenant is the source of one of the deepest mysteries of the Western world Laurence Gardner has accessed Rosicrucian archives to reveal where the Ark is what it is and how this lost secret of the distant past has led to the phenomenal new science of space time manipulation **Lost Secrets of the Sacred Ark** Laurence Gardner, 2005 **Lost Secrets of Sacred Ark** Laurence Gardner Staff, 1989-01 New in paperback by Laurence Gardner the bestselling author of *Bloodline of the Holy Grail* From the tombs of pharaonic Egypt to the laboratories of modern science comes the extraordinary account of gravity defiance and teleportation in the ancient world and amazing revelations about the past power and future significance of the sacred Ark The sacred Ark of the Covenant created from a legendary substance is the source of one of the deepest mysteries of the Western world No reason is given in the Bible as to why the Ark of the Covenant was so richly contrived and no explanation exists of its alleged awesome and deadly powers Laurence Gardner has accessed Rosicrucian archives in liaison with eminent nuclear physicists to reveal where the ark is what it is and how this lost secret of the distant past has led to the phenomenal new science of space time manipulation Gardner s controversial research reveals that the secret of the pharaohs rite of passage to the Afterlife was due to an amazing magical substance which was directly associated with the pyramids and the biblical Ark of the Covenant This substance now known to be superconductive monatomic gold became know as the Philosophers Stone while in today s corridors of quantum mechanics its attributes are classified as the most remarkable physical property in the universe The Giza Death Star Destroyed Joseph P. Farrell, 2005 Final volume in a trilogy the first of which is the author s *The Giza death star* and the second of which is his *The Giza death star deployed* **An End to All Disease** Lt. Lawrence F. Frego, 2006-07-19 We are at the crossroads of world health On the one hand we face the possibility of a world wide pandemic the likes of which has never been seen before We are likewise on the threshold of discovering natural cures for nearly every disease As choosing wisely may mean the difference between life and death this book is designed to help the reader choose alternative options that are seldom if ever in the news Jared Diamond in his groundbreaking work *Collapse How Societies Choose to Fail or Succeed* addresses the fact that only civilizations that recognize the threats against their existence and deal with the threat effectively survive Civilizations with their heads in the sand become extinct or are conquered by more vigorous nations The robber barons of the last century were able to create a monopoly for oil and the automobile by ruthlessly and systematically destroying all competition They tore up cable car lines and public transportation so the public would have no other alternative except their oil Today the drug monopolies owned by the descendants of these same robber barons are nearly complete in their plot to eradicate all natural low cost remedies for disease prevention and treatment In the state of Florida naturopathic physicians were de licensed unless they also had a conventional medical license The powers that be want to create a drug induced society at an enormous financial and emotional cost to the public at large They are

even trying to outlaw vitamins via European health treaties and side step the American constitution and the public The ever escalating cost of medical care created by lack of natural alternative options can only lead to the eventual total collapse of the entire medical system It is exceedingly difficult finding the truth about alternative medicine as the system has a vested interest in making profits and keeping the truth from you A few thousand deaths is an acceptable loss if a few billion dollars can be made And it will be a cold day in hell before a drug company puts itself out of business by telling you about a low cost natural cure that their product can manage The guardians of public health know which side their toast is buttered on also The career politicians and beltway bandits at the FDA know where the money is and they dont get it from you or providers of natural cures The drug monopolies pay the big bucks There have been no checks and balances Corruption has become so pronounced that the US House of Representatives is seeking to pass the Consumers Access to Health Information Act H R 2352 to ensure that accurate health claims ARE NOT SUPPRESSED Consumers would be given TRUTHFUL AND COMPLETE information about the curative mitigation treatment and prevention effects of foods and dietary supplements on disease or health related conditions The time to exercise your God given right to the health care of your choice is now www.lef.org America has the finest emergency health care in the world Bar none However that is not the nature of the coming threat American baby boomers will soon be retiring in the tens of millions Their health care needs will be staggering and costly However 92% of American health care providers are trained in emergency medicine and only 8% in long term preventative medicine As it takes a minimum of 6 7 years to obtain a medical degree America is unprepared for a crisis that is inevitable

The G.O.D. Experiments Gary E. Schwartz,2007-05-15 Can science lead to God Esteemed scientist and theoretician Dr Gary Schwartz tackles this question as he takes readers on a journey of discovery to the miraculous place where science and spirituality meet Illustrations throughout *Intercessions of Father and Son Following the Pattern Which Is Adaptable* Peter Hakutizwi,2015-08-07 Intercession is misunderstood by many and I achieved to bring a collective of examples of known individuals with my experiences to share why authorship and readership are important To be an intercessor or author one is establishing laws for a household and a nation When a prevalent force which is divine acknowledges and approves for global circulation of the pattern of writing for healing The law can be copied as faith writing Faith writing is to intervene for the widows the fatherless the stranger and Levite When the international community learns this law of the mind of God there is healing and prosperity divine interactions and many other benefits among others as living a peaceful life

Exoconsciousness Rebecca Hardcastle PhD,2008-12-27 Exoconsciousness Your 21st Century Mind invites readers to advance their consciousness beyond earthly pursuits beckoning them toward an extraterrestrial identity Where the mind travels the body and emotions follow the author Rebecca Hardcastle says In the 1950s space exploration prompted many people to contemplate the possibility that humans might well have extraterrestrial origins From this launching point Hardcastle conceived Exoconsciousness to describe the extraterrestrial origins dimensions and abilities of human

consciousness In a short span of fifty years of space exploration humans are now searching for answers to questions that previously they dared not contemplate Hardcastle writes Many questions are obvious even urgent Did humans originate off planet Are we a seeded race Who what and where are our legacies With whom and how we are connected Exoconsciousness answers these questions and many more Hardcastle broadens the definition of consciousness integrating personal anecdotes and testimony with contemporary brain research She asks whether the human brain is balancing to become an extraterrestrial like unified mind Exoconsciousness is a heightened physical experience It demands being fully present in the body on a cellular DNA and quantum level in order to transform quickly and easily Throughout the book Hardcastle provides easy to use exercises to enhance readers exoconsciousness as well as an extensive glossary for readers to formulate a new vocabulary Expand your cosmic awareness with this thought provoking new guide **Gateway of the Gods** Craig

Hines,2007-01-09 This ground breaking and provocative book presents new and astonishing interpretations of ancient history mythology and world religions that will call many established beliefs into question In Gateway of the Gods author Craig Hines invites readers to reconsider preconceived notions concerning Biblical theology in light of recent scientific discoveries and inquiries concerning the nature of the universe This fascinating exploration reveals a number of ideas that have been suppressed and obscured behind layers of symbolism and misguided propaganda for thousands of years until now Why is it that so many world cultures share details of an event when fallen angels descended upon the earth and fathered hybrid offspring called the Nephilim Is it possible that these beings used gateway technology housed within pyramids and holy temples to travel between the heavenly and earthly realms Do the latest advances in theoretical physics lend credibility to the idea that otherworldly beings might reside in dimensions parallel to our own Do the recorded voices of the dead known as Electronic Voice Phenomena EVP indicate that we may be able to communicate with these other realms Was a secret message embedded within ancient texts that could only be revealed after we have attained the knowledge and technology necessary to understand it Does this message offer a solution to the approaching environmental disaster that scientists warn will be more devastating to human civilization than any others in recorded history Drawing from a variety of historical sources and years of meticulous research the author weaves together a compelling argument involving a range of seemingly disparate topics that when considered together formulate a radically new narrative concerning the history and destiny of the human race **Guide to the World's Greatest Treasures** Michael Bradley,2005 Every year lost treasures are still being discovered that force us to re examine our place in the world and even in the universe Join some of the world s greatest explorers on a treasure hunt which crisscrosses the globe from the salt encrusted shores of the Dead Sea to a remote cave in the Himalayas via the clear blue waters of the Bahamas and the icy cold depths beneath the Atlantic waves Forthcoming Books Rose Arny,2004 *Kaapse bibliotekaris* ,2003 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 *De kabbalist* Geert Kimpen,2009-10-31 Wat zou jij doen als je de geheimen van het leven wilde ontraadselen En je
