Love In The Western World Denis De Rougemont:

Love in the Western World Denis De Rougemont, 1983-08-21 In this classic work often described as *The History of the Rise Decline and Fall of the Love Affair* Denis de Rougemont explores the psychology of love from the legend of Tristan and Isolde to Hollywood At the heart of his ever relevant inquiry is the inescapable conflict in the West between marriage and passion the first associated with social and religious responsibility and the second with anarchic unappeasable love as celebrated by the troubadours of medieval Provence These early poets according to de Rougemont spoke the words of an Eros centered theology and it was through this heresy that a European vocabulary of mysticism flourished and that Western literature took on a new direction Bringing together historical religious philosophical and cultural dimensions the author traces the evolution of Western romantic love from its literary beginnings as an awe inspiring secret to its commercialization in the cinema He seeks to restore the myth of love to its original integrity and concludes with a philosophical perspective on modern marriage

The Secret History of Western Sexual Mysticism Arthur Versluis, 2008-03-25 The first book to reveal the history of Western sexual mysticism Reveals the secret sexual practices that have been used since ancient Greece to achieve mystical union with God Details the sects and individuals who transmitted the radical sexual practices that orthodox Christianity never completely silenced Distinguishes between sexual magic and sexual mysticism Beginning with the ancient Greek Mystery traditions Gnosticism and the practices in early Christianity Arthur Versluis uncovers the secret line of Western sexual mysticism that like the Tantra of the East seeks transcendence or union with God through sexual practices Throughout antiquity and right into the present day sexuality has played an important if largely hidden role in religious traditions and practices This includes not only Christian but also kabbalistic and hermetic alchemical currents of sexual mysticism many discussed together here for the first time In the Mystery tradition of hieros gamos sacred marriage and the Gnostic tradition of spiritual marriage we see the possibility of divine union in which sexual union is the principal sign or symbol Key to these practices is the inner or archetypal union of above and below the intermingling of the revelatory divine world with the mundane earthly one Versluis shows that these secret currents of sexual mysticism helped fuel the rise of the troubadours and their erotic doctrine the esoteric teachings of Jacob Boehme in the late 16th century the 19th century utopian communities of John Humphrey Noyes and Thomas Lake Harris the free love movement of the 20th century and the modern writings of Denis de Rougemont and Alan Watts

Fortune Is a Woman Hanna Fenichel Pitkin, 1999-10-15 Hanna Pitkin's study of Machiavelli was the first to place gender systematically at the center of its exploration of his political thought Rife with contradictions Machiavelli's writings have led commentators to characterize him as everything from a civic republican to a proto fascist Acknowledging these contradictions Pitkin shows that they reflect three distinct ways of thinking about politics each of which is tied to a different understanding of manhood In a new Afterword Pitkin discusses the book's critical reception and situates its arguments in the context of recent interpretations of Machiavelli's thought Jacket *D.H.*

Lawrence, 2005-01-01 The dominant view of D H Lawrence's work has long been that of F R Leavis who confined Lawrence within an exclusively ethical and artistic tradition In *D H Lawrence The Utopian Vision* Eugene Goodheart widens the context in which Lawrence should be understood to include European as well as English writers Blake Nietzsche Rilke and Freud among others Goodheart shows that the characteristic impulse of Lawrence's principal discovery was the bodily or physical life that he believed man had once possessed in his pre-civilized past and must now fully recover if future civilized life is possible Goodheart's argument fully engages the paradoxes of Lawrence's writing He is at once the last great representative of the moral tradition of the English novel and of the English Protestant imagination and a novelist without precedent a diabolist in the service of the dark gods He rejects the claims of society while simultaneously lamenting the thwarting of the societal instinct The oppositions and paradoxes in the work are the expression of a single not always coherent revolutionary imagination D H Lawrence *The Utopian Vision* provides a rigorous and critical analysis of the ideological character of Lawrence's novels and essays in particular the effect of his utopianism on his views of nature myth and religious experience while responding to his aesthetic achievement Goodheart's Lawrence is a prophetic artist whose vision is at once inspiring and dangerous In the new introduction to the book Goodheart reflects upon the vicissitudes of Lawrence's reputation since the sixties when the book first appeared and his relevance to the concerns of our own time **Tristan and Isolde** Joan Tasker Grimbert, 2013-08-21 A substantial introduction traces the Tristan and Isolde legend from the twelfth century to the present emphasizing literary versions but also surveying the legend's sources and its appearance in the visual arts music and film The nineteen essays are a mix of new new English revised and classic It contains an extensive bibliography *The Way of the Beloved* Robert Arsdale, Diana Van Arsdale, 2016-11-18 The foundation of the Way of the Beloved is discovered in the heart of love itself where there lives and moves a will to exaltation of the other To truly love another is to will the spiritual ideal upon that beloved one When there is a mutual intention to exalt infusing the daily life of a man and woman they enter into the Way of the Beloved This handbook is an attempt to put into book form what authors Robert and Diana Van Arsdale have been teaching to small groups of couples since 1976 Their workshops offer an ageless set of protocols for the transformation of the love relationship between a woman and a man into a path of spiritual development Here they present an integrated body of progressive experiential exercises and meditations that were taught originally taught by Herman Rednick Simply stated *The Way of the Beloved* teaches a couple how to actualize the potential of their relationship through the intensification of love and compassion Designed for couples in search of spiritual and emotional exploration this guide offers methods intended to help them realize a vision of love fulfilled *Reinventing Love* Mona Chollet, 2024-07-02 A new work by the author of *In Defense of Witches* that seeks to redefine heterosexual relationships and give women back their voice As feminist principles have taken wider hold in society and basic ideas about equality for women can seem a given many women still struggle in one of the most important areas of life love Whether it's finding a partner seeking a

commitment from one or struggling in a relationship that is unfulfilling or even potentially abusive women still find that deeply engrained notions of gender and behavior can be obstacles to a healthy loving relationship In her new book acclaimed French feminist Mona Chollet tackles some of these long held and pervasive ideas that remain stumbling blocks for many women in heterosexual relationships Drawing from popular culture politics and literature Reinventing Love provides a provocative accessible look at how heterosexual relationships can improve and evolve under a feminist lens **Catholic**

Love Simon May, 2019-06-18 What is love May plunders Western poetry philosophy and psychology to find answers Thought provoking stuff The Sunday Telegraph Love unconditional selfless unchanging sincere and totally accepting is worshipped today as the West s only universal religion To challenge it is one of our few remaining taboos In this path breaking and superbly written book philosopher Simon May does just that dissecting our ideas of love and showing how they are the product of a long and powerful cultural heritage Tracing over twenty five hundred years of human thought and history May shows how our idea of love developed from its Hebraic and Greek origins alongside Christianity until during the last two centuries God is love became love is God so hubristic so escapist so untruthful to the real nature of love that it has booby trapped relationships everywhere with deluded expectations Brilliantly May explores the very different philosophers

and writers both skeptics and believers who dared to think differently from Aristotle's perfect friendship and Ovid's celebration of sex and the chase to Rousseau's personal authenticity Nietzsche's affirmation Freud's concepts of loss and mourning and boredom in Proust Against our belief that love is an all powerful solution to finding meaning security and happiness in life May reveals with great clarity what love actually is and what it means The most persuasive account of love's nature I have ever read Financial Times Intellectually engaging Provocative The Wall Street Journal Love, Beauty or Morality Alberto Castelli, 2024-05-23 This book is moved by two main questions Is Love a matter of beauty or mortality In other words is love an ethical ideal Also modernity understood as the age of mechanical reproduction has shaped not simply our cities but our very same way of feeling How has our conception of love changed if it has in the past two centuries This book is to address these questions It is not to trace the evolution of the idea of love in Western culture from Plato to the present day It aims to bring to the surface different shades of love lingering at the heart of Western culture to rehabilitate the myth of love to its original credibility Our confused civilization has split love into sensual and moral aspects but to be aware of it is perhaps to defeat a dilemma that seems so unnatural This book is about how we make sense of our lives through love and how nineteenth and twentieth century literature records it *Gothicka* Victoria Nelson, 2012-05-08 The Gothic Romanticism's gritty older sibling has flourished in myriad permutations since the eighteenth century In *Gothicka* Victoria Nelson identifies the revolutionary turn it has taken in the twenty first Today's Gothic has fashioned its monsters into heroes and its devils into angels It is actively reviving supernaturalism in popular culture not as an evil dimension divorced from ordinary human existence but as part of our daily lives To explain this millennial shift away from the traditionally dark Protestant post Enlightenment Gothic Nelson studies the complex arena of contemporary Gothic subgenres that take the form of novels films and graphic novels She considers the work of Dan Brown and Stephenie Meyer graphic novelists Mike Mignola and Garth Ennis Christian writer William P Young author of *The Shack* and filmmaker Guillermo del Toro She considers twentieth century Gothic masters H P Lovecraft Anne Rice and Stephen King in light of both their immediate ancestors in the eighteenth century and the original Gothic the late medieval period from which Horace Walpole and his successors drew their inspiration Fictions such as the *Twilight* and *Left Behind* series do more than follow the conventions of the classic Gothic novel They are radically reviving and reinventing the transcendental worldview that informed the West's premodern era As Jesus becomes mortal in *The Da Vinci Code* and the child Ofelia becomes a goddess in *Pan's Labyrinth* Nelson argues that this unprecedented mainstreaming of a spiritually driven supernaturalism is a harbinger of what a post Christian religion in America might look like *American/Medieval* Gillian R. Overing, Ulrike Wiethaus, 2016-10-10 This volume offers a dialogue with and through the medieval informed by cultural categories of performativity and simultaneity in on line media architecture film poetry and social formations The articles depart from Medievalism Studies and attempt to answer questions such as How do medievalists artists writers and entertainment

industries communicate replicate and evoke medieval formations How do national and transnational discursive fields relate to understandings of the medieval in its many unstable states Where are the communal memory sites and what functions do they serve for those who are associated with them Where are the medieval disjunctions and conjunctions of race ethnicity and time in a settler society And what do place nature and landscape have to do with it **Closer and Closer Apart**

Rosemary H. Lloyd, 2019-05-15 Envy Rosemary Lloyd says involves what one would like to have but does not jealousy what one has but fears losing Lloyd demonstrates in Closer and Closer Apart how the passion unleashed by jealousy can illuminate such concepts as self and other gender and society Jealousy in her view exerts a powerful attraction in literature partly because it distorts the individual's perceptions of the other in highly productive ways and partly because it serves as paradigms for reading and for storytelling In this accessible and elegantly crafted book Lloyd explores sexual jealousy more as a literary device than as a literary theme She draws her examples from novels plays and poetry spanning many years and from many countries mainly nineteenth and twentieth century France and England but also Russia Poland Germany Italy the United States Canada and Australia Among the writers she treats are Proust Tolstoy Dostoyevsky Charlotte Brontë Trollope Barthes and Baudelaire After discussing various portraits of the jealous lover Lloyd asks to what extent the literary experience of jealousy has been colored by conventional images of male and female roles She also examines the ways in which the jealous lover deals with the other whether beloved or rival Finally she looks at jealousy as a desire for control represented through images of incorporation and possession **Psychoanalysis Listening to Love** Simonetta
