So you've arrived in British Columbia. Perhaps you're just passing through, perhaps you want to stay a while. You may even be contemplating making British Columbia your home. What you need is a well-researched, clearly written and comprehensive guide to living and even prospering in Canada's westernmost province. This isn't it. However, the information contained in this book will allow you to experience British Columbia with minimal damage to your health and well-being. Having lived in nearly every province in the country before settling in BC, Ian Ferguson can say with great authority that things work differently here. So differently in fact that visitors and newcomers from other parts of Canada may put themselves in physical or social peril if they try to dress, act, drive, work, vote or socialize in the same ways as they would in Ontario, New Brunswick or God forbid Alberta. With practical advice, little-known facts and personal anecdotes, Ferguson tackles everything from how to recognize a local and differentiate the various types of facial hair that delineate the male British Columbian to how to survive both natural and unnatural disasters, whether it's a light dusting of snow on the southern tip of Vancouver Island or a full-blown hockey riot to how BC has been governed through the ages, like the time a bootlegger was put in charge of prohibition. Illuminating, hilarious and only mildly offensive if you have no sense of humour, *The Survival Guide to British Columbia* will make you question why you ever came here in the first place. This new collection is filled with heartwarming and entertaining anecdotes by grateful children all in praise of the woman who encourages them, supports them and most importantly, loves them. These stories will brighten any mother's day and show her that the kids were paying attention after all. **Mastering Magic** Walter Brown Gibson, 1979 [MAGIC SECRETS REV](#) Wyler, 1990-04-17 Easy magic tricks for the aspiring young magician. **Amazing Magic Secrets Revealed- Just For Kids!
