Knowles,2021-08-05 The US Supreme Court s 1937 decision in West Coast Hotel v Parrish upholding the constitutionality of Washington State s minimum wage law for women had monumental consequences for all American workers It also marked a major shift in the Court s response to President Franklin D Roosevelt s New Deal agenda In Making Minimum Wage Helen J Knowles tells the human story behind this historic case West Coast Hotel v Parrish pitted a Washington State hotel against a chambermaid Elsie Parrish who claimed that she was owed the state s minimum wage The hotel argued that under the concept of freedom of contract the US Constitution allowed it to pay its female workers whatever low wages they were willing to accept Knowles unpacks the legal complexities of the case while telling the litigants stories Drawing on archival and private materials including the unpublished memoir of Elsie s lawyer C B Conner Knowles exposes the profound courage and resolve of the former chambermaid Her book reveals why Elsie who in her mid thirties was already a grandmother was fired from her job at the Cascadian Hotel in Wenatchee and why she undertook the outsized risk of suing the hotel for back wages Minimum wage laws are not an academic question or even a legal one Elinore Morehouse Herrick the New York director of the National Labor Relations Board said in 1936 Rather they are a human problem A pioneering analysis that illuminates the life stories behind West Coast Hotel v Parrish as well as the case s impact on local state and national levels Making Minimum Wage vividly demonstrates the fundamental truth of Morehouse Herrick s statement
