reader with a rich classification of how an offering can be competitively positioned vis vis rival offerings and customers
Winning resources and why offerings need them is discussed next Corporate strategy i e the managing of the company s
whole collection of offerings is then examined This is followed by a discussion of the implications for organizing and
structuring for an offering centred approach to strategy Finally all the aspects of this new framework that may meet with
resistance are explored Creating Valuable Business Strategies is essential reading for anyone who is involved in designing
tomorrow s offerings from the backroom specialist to the CEO It has a clear logical presentation with a focus on practical
implementation
