Ashfall 1 Mike Mullin:

Ashfall Mike Mullin, 2011-10-14 Many visitors to Yellowstone National Park don't realize that the boiling hot springs and spraying geysers are caused by an underlying supervolcano so large that the caldera can only be seen by plane or satellite. And by some scientific measurements it could be overdue for an eruption. For Alex, being left alone for the weekend means having the freedom to play computer games and hang out with his friends without hassle from his mother. Then the Yellowstone supervolcano erupts, plunging his hometown into a nightmare of darkness, ash, and violence. Alex begins a harrowing trek to search for his family and finds help in Darla, a travel partner he meets along the way. Together they must find the strength and skills to survive and outlast an epic disaster. *Read On...Speculative Fiction for Teens* Jamie Kallio, 2012-08-14 This guide offers exciting new reading paths for students who enjoy fantasy, science fiction, and paranormal themes. Common Core CPR ReLeah Cossett Lent,Barry Gilmore,2013-09-19 The ideal Newly minted high school graduates all across the nation each one a complex text genius a writer and analytic thinker beyond compare All on to glorious colleges and careers thanks to the Common Core The reality The 1 3 million

students who fail to graduate from high school each year and the hundreds of thousands more who either gave up or lost interest long ago The reality is why Common Core CPR is needed Urgently Because if we continue to insist that all students meet expectations that are well beyond their abilities and mindsets these kids will only decline faster We must be brave enough and trained enough to cast aside what we know harms students and apply with renewed vigor the teaching methods we know work Releah Lent and Barry Gilmore rise to the challenge and there are no two authors better equipped to do so They embrace what is best about the standards their emphasis on active authentic learning and then explicitly show teachers how to connect these ideal outcomes to practical classroom strategies detailing the day to day teaching that can coax reluctant learners into engagement and achievement You ll learn how to Consider choice and relevance in every assignment Plan and spot opportunities for success Scaffold students comprehension of complex fiction and nonfiction texts Model close reading through thoughtful questioning Teach students to use evidence in reading writing speaking and reflection And so much more It s not the big sweeping formulas for achievement that will win the day it s the incremental growth that teachers need to make happen that one book that one writing assignment to help a student turn a corner If we can get that one transformational moment to occur and follow it up by designing more opportunities for success that s the ideal say Lent and Gilmore
