Auditing A Business Risk Approach 8th Edition :

Called to Account Paul M. Clikeman, 2013-07-24 Selected as an Outstanding Academic Title by Choice Magazine in 2014 Called to Account takes a broad perspective on how financial frauds have shaped the public accounting profession by focusing on cases of fraud around the globe Ever entertaining and educational the book traces the development of the accounting standards and legislation put in place as a direct consequence of these epic scandals The new edition offers updated chapters on ZZZZ Best and Arthur Andersen plus new chapters devoted to Parmalat Satyam and The Great Recession Through stories like Barry Minkow s staged constructions sites and MiniScribe s fake inventory number generating computer program Cook Book students will learn that fraud is nothing new and that financial reform is heavily influenced by politics With discussion questions and a useful chart showing instructors and students how each chapter illustrates the topics covered in other textbooks Called to Account is the ideal companion for any class in auditing advanced accounting or forensic accounting

The Routledge Companion to Accounting in China Haiyan Zhou, 2018-10-10 There is increasing interest in accounting issues in China Despite a relatively short history China s stock market is the world s second largest This growth has been accompanied by increasing demand for accounting information alongside reforms of accounting and auditing rules as international investors have paid increasing attention to investment opportunities in this dynamic and energetic country with a large population and economic growth potentials Despite this at present there are few books which offer students academics and practitioners a comprehensive guide to current accounting issues in China The Routledge Companion to Accounting in China fills this important gap in the literature The volume is organized in six thematic sections which cover capital market and corporate finance financial accounting managerial accounting auditing taxation and internal controls The structure is intended to reflect the increasing diversity of contemporary accounting issues in China including a balanced overview of current knowledge identifying issues and discussing relevant debates This book is a prestigious reference work which offers students academics and practitioners an introduction to current accounting issues in the emerging market of China
